Barnett, 2011-09-07 This handbook systematically introduces readers to the key concepts substantive topics central methods and prime debates The Oxford Handbook of Organized Crime Letizia Paoli, 2014 This handbook explores organized crime which it divides into two main concepts and types the first is a set of stable organizations illegal per se or whose members systematically engage in crime and the second is a set of serious criminal activities that are typically carried out for monetary gain **Organised Crime in Europe** Cyrille Fijnaut, Letizia Paoli, 2007-01-21 This volume represents the first attempt to systematically compare organised crime concepts as well as historical and contemporary patterns and control policies in thirteen European countries These include seven old EU Member States Denmark France Germany Italy The Netherlands Spain and the United Kingdom two new members the Czech Republic and Poland a candidate country Turkey and three non EU countries Albania Russia and Switzerland Based on a standardised research protocol thirty three experts from different legal and social disciplines provide insight through detailed country reports On this basis the editors compare organised crime patterns and policies in Europe and assess EU initiatives against organised crime Its informed analyses and unprejudiced assessments will make *Organised Crime in Europe* an indispensable resource for scholars students practitioners and policy makers interested in understanding the complex phenomenon of organised crime and its related control policies in Europe Marginalization in China Joseph Tse-Hei Lee, Lida V. Nedilsky, 2009-06-22 Bringing together

historians sociologists and political scientists this volume documents persistent prejudices against consistently marginal groups in China and the moral claims they have mustered in response **The Oxford Handbook of Crime and Public Policy**

Michael H. Tonry,2009 This handbook offers a comprehensive examination of crimes as public policy subjects to provide an authoritative overview of current knowledge about the nature scale and effects of diverse forms of criminal behaviour and of efforts to prevent and control them *Crime and Networks* Carlo Morselli,2013-10-08 This innovative collection of original essays showcases the use of social networks in the analysis and understanding of various forms of crime More than any other past research endeavor the seventeen chapters in this book apply to criminology the many conceptual and methodological options from social network analysis *Crime and Networks* is the only book of its kind that looks at the use of networks in understanding crime and can be used for advanced undergraduate and beginner s graduate level courses in criminal justice and criminology **Mixed Methods Social Networks Research** Silvia Domínguez,Betina

Hollstein,2014-06-30 This edited volume demonstrates the potential of mixed methods designs for the research of social networks and the utilization of social networks for other research Mixing methods applies to the combination and integration of qualitative and quantitative methods In social network research mixing methods also applies to the combination of structural and actor oriented approaches The volume provides readers with methodological concepts to guide mixed method network studies with precise research designs and methods to investigate social networks of various sorts Each chapter describes the research design used and discusses the strengths of the methods for that particular field and for specific outcomes **Three Plays of Maureen Hunter** Hunter, Maureen,2003 Book is clean and tight No writing in text Like New

The Oxford Handbook of Criminology Rod Morgan,Mike Maguire,Robert Reiner,2012-04-12 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple Os **New Directions in Criminological Theory** Steve Hall,Simon Winlow,2012-06-25 This edited collection brings together established global scholars and new thinkers to outline fresh concepts and theoretical perspectives for criminological research and analysis in the 21st century Criminologists from the UK USA Canada and Australia evaluate the current condition of criminological theory and present students and researchers with new and revised ideas from the realms of politics culture and subjectivity to unpack crime and violence in the precarious age of global neoliberalism These ideas range from the micro realm of the personality disorder to the macro realm of global power crime Rejecting or modifying the orthodox notion that crime and harm are largely the products of criminalisation and control systems these scholars bring causes and conditions back into play in an eclectic yet thematic way that should inspire students and researchers to once again investigate the reasons why some individuals and groups elect to harm others rather than seek sociability This collection will inspire new criminologists to both look outside their discipline for new ideas to import and to create new ideas within their discipline to reinvigorate it and further strengthen its ability to

explain the crimes and harms that we see around us today This book will be of particular interest to academics and both undergraduate and postgraduate students in the field of criminology especially to those looking for theoretical concepts and frameworks for dissertations theses and research reports **Crime Prevention in the 21st Century** Benoit LeClerc, Ernesto U. Savona, 2016-08-27 This volume brings together a series of original contributions made by international experts dedicated to guiding efforts in preventing crime The collection is divided into seven sections that cover cutting edge approaches to crime prevention 1 the offenders perspective on crime prevention 2 crime script analysis 3 crime mapping and spatial analysis 4 social network analysis 5 agent based modelling 6 crime proofing legislations 7 technologies of crime prevention Each section includes one theoretical chapter to introduce the research approach followed by a series of empirical applied contributions The theoretical chapter aims to introduce and explain the approach of interest and discusses under which circumstances this strategy could best assist crime prevention The objective of empirical applied contributions is simply to showcase how these approaches can be apply This collection can be seen as the end result of the convergence of novel ideas and analytical skills in the area of crime and crime prevention worldwide It will be of interest to researchers in Criminology and Criminal Justice as well as related fields like Sociology and Psychology Security Urban Planning and Public Policy

Routledge Handbook of Transnational Organized Crime Felia Allum, Stan Gilmour, 2012-03-15 Transnational organized crime crosses borders challenges States exploits individuals pursues profit wrecks economies destroys civil society and ultimately weakens global democracy It is a phenomenon that is all too often misunderstood and misrepresented This handbook attempts to redress the balance by providing a fresh and interdisciplinary overview of the problems which transnational organized crime represents The innovative aspect of this handbook is not only its interdisciplinary nature but also the dialogue between international academics and practitioners that it presents The handbook seeks to provide the definitive overview of transnational organized crime including contributions from leading international scholars as well as emerging researchers The work starts by examining the origins concepts contagion and evolution of transnational organized crime and then moves on to discuss the impact governance and reactions of governments and their agencies before looking to the future of transnational organized crime and how the State will seek to respond Providing a cutting edge survey of the discipline this work will be essential reading for all those with an interest in this dangerous phenomenon ***Social Networks Analysis and Mining*** Luca Maria Aiello, Tanmoy Chakraborty, Sabrina Gaito, 2025-01-23 This LNCS conference 4 volume set constitutes the proceedings of the 16th International Conference on Social Networks Analysis and Mining ASONAM 2024 in Rende Italy during September 2 5 2024 The 33 full papers together with 36 short papers included in this volume were carefully reviewed and selected from 167 submissions The conference covers a wide spectrum of research contributions to the foundations and applications of social networks **Encyclopedia of Transnational Crime and Justice** Margaret E. Beare, 2012-04-26 Accessible and jargon free and available in both print and electronic formats the one volume Encyclopedia

of Transnational Crime and Justice contains a range of up to date entries that not only reflect transnational crime but transnational justice *Organized Crime: Culture, Markets and Policies* Dina Siegel, Hans Nelen, 2007-12-16 Dina Siegel and Hans Nelen The term global organized crime has been in use in criminology since the mid 1990s Even more general and abstract than its daughter terms transnational or cross border organized crime global organized crime seems to embrace the activities of criminal groups and networks all around the planet leaving no geographical space untouched The term appears to cover the geographical as well as the historical domain global has taken on the meaning of forever and ever Global organized crime is also associatively linked with globalisation The social construction of both terms in scientific discourse is in itself an interesting theme But perhaps even more interesting especially for academics trying to conduct empirical research in this area is the analysis of the symbolic and practical meaning of these concepts How should criminologists study globalisation in general and global organized crime in particular Which instruments and theoretical luggage do they have in order to conduct this kind of research The aim of this book is not to formulate simple straightforward answers to these questions but rather to give an overview of contemporary criminological research combining international national and local dimensions of specific organized crime problems The term global organized crime will hardly be used in this respect In other social sciences such as anthropology there is a tendency to get rid of vague and abstract terms which can only serve to confuse our understanding In our opinion criminology should follow this initiative **The Oxford Handbook of Offender Decision Making** Wim Bernasco, Jean-Louis Van Gelder, H. Elffers, 2017 The Oxford Handbook of Offender Decision Making provides high quality reviews of the main paradigms in offender decision making such as rational choice theory and dual process theory It contains up to date reviews of empirical research on decision making in a wide range of decision types including not only criminal initiation and desistance but also choice of locations times targets victims methods as well as a large variety of crimes The Handbook also provides comprehensive in depth treatments of the major methods that can be used to study offender decision making
