Dangerous Drugs Ronny Spaans, 2025-10-01 In the 17th century the Dutch Republic was the centre of the world trade in exotic drugs and spices. They were sought after both as medicines and as luxury objects for the bourgeois class giving rise to a medical and moral anxiety in the Republic. This ambivalent view on exotic drugs is the theme of the poetry of Joannes Six van Chandelier 1620-1695 Six who himself ran the drug shop *The Gilded Unicorn* in Amsterdam addresses a number of exotic medicines in his poems such as musk incense the miracle drug theriac Egyptian mumia and even the blood of Charles I of England. In *Dangerous Drugs* these texts are studied for the first time. The study shows how Six through a process of self presentation as a sober and restrained merchant but also as a penitent sinner thirsting for God's grace links early modern drug abuse to different desires such as lust avarice pride and curiosity. The book shows also how an early modern debate on exotic drugs contributed to an important shift in early modern natural science from a drug lore based on mythical and fabulous concepts to a botany based on observation and systematic examination

Michael Moss on Archives Julie Mcleod, Andrew Prescott, Susan Stuart, David

Thomas,2023-11-17 Michael Moss on Archives brings together selected outputs from an internationally renowned archival scholar who explored the theory and practice of archives and records management Comprising a selection of 11 of Moss most significant archival writings the book demonstrates the development of his thinking in archival theory and practice over the past 20 years Michael Moss was a towering figure in modern archival writing and was able to push the boundaries of the discipline notably with his analysis of how modern governments create records and his speculations about the future of the archive in the digital world Bringing together in one place Moss most significant writings alongside a comprehensive bibliography this book documents a significant contribution to British and international archival theory and practice Each essay is preceded by a critical introduction written by a leading archival scholar assessing the piece and setting it in a wider archival or historical context while an overall introduction by the editors provides biographical information and describes the development of Michael s archival thinking Michael Moss on Archives will be of interest to scholars and students engaged in the study of archival science library and information science history digital humanities and media studies It should also be of interest to professionals who work in archives and records management *Writing to the World* Rachael Scarborough King,2018-06 Ultimately Writing to the World is a sophisticated look at the intersection of print and the public sphere

Private Bodies, Public Texts Karla FC Holloway,2011-03-14 A bioethical study of privacy violations experienced by black and female subjects within the American medical system *Czech Foreign Policy in 2007-2009* Michal Kořan,2010-01-01 Jak byla zahrani n politika esk republiky v obdob 2007 2009 a pro What was the Czech foreign policy like during the years 2007 2009 and why **Global Governance, Human Rights and International Law** Errol P. Mendes,2022-08-18 This book offers a stimulating introduction to the links between areas of global governance human rights global economy and international law By drawing on a range of diverse subject areas it argues that the foundations of global governance human rights and international law are undermined by a conflict or tragic flaw where insistence on absolute conceptions of state sovereignty are pitted against universally accepted principles of justice and human rights resulting in destructive self interest for both the state and the global community Following the election of President Donald Trump the second edition will explores how we are witnessing a critical battle to ensure that human rights international law and the beneficial aspects of globalization will still be relevant and applied in some of the critical institutions of global governance and in the operations of the global private sector The second edition will focus on how States institutions and global civil society will have to ramp up the struggle to fight this tragic flaw that is now even more evident with the actions of the US and other authoritarian states like China and Russia in this second decade of the 21st Century *Theatre-Making* D. Radosavljevic,2013-06-24 Theatre Making explores modes of authorship in contemporary theatre seeking to transcend the heritage of binaries from the Twentieth century such as text based vs devised theatre East vs West theatre vs performance with reference to genealogies though which these categories have been constructed in the English speaking world

Gathered in One: How the Book of Mormon Counters Anti-Semitism in the New Testament Bradley J. Kramer,

Since the Holocaust a growing consensus of biblical scholars have come to recognize the unfair and misleading anti Semitic rhetoric in the New Testament language that has arguably contributed to centuries of violence and persecution against the Jewish people In *Gathered in One* Bradley J Kramer shows how the Book of Mormon counters anti Semitism in the New Testament by approaching this most Christian of books on its own turf and on its own terms literarily by providing numerous pro Jewish statements portrayals settings and structuring devices in opposition to similar anti Semitic elements in the New Testament and scripturally by connecting with it as a peer as a divine document of equal value and authority which can add these elements to the Christian canon as the Gospel of John can add elements to the Gospel of Matthew without undermining its authority or dependability In this way the Book of Mormon effectively detoxifies the New Testament of its anti Semitic poison without weakening its status as scripture and goes far in encouraging Christians to relate to Jews respectfully not as enemies or opponents but as allies people of equal worth importance and value before God *Handbook of Research on Management Ideas and Panaceas* Anders Örténblad, 2015-12-18 Over time management ideas and panaceas have been presented alternately as quick fix cures for all corporate ills and the emperor s new clothes beset by flaws and problems This Handbook provides a different approach suggesting that management ideas and panaceas should not be either adopted or rejected outright but gives guidance in the art of assessing and applying management ideas and panaceas to various situations and contexts The contributors discuss the ways in which researchers organizational actors and higher educational institutions HEIs can more wisely test the relevance of management ideas and panaceas and adapt these to fit organizations in various contexts They conclude that in order to accomplish wiser relevance testing and adaptation there is a need for diversity critical examination and transparency All students scholars and researchers in management and organization with an interest in the adaptation and translation of management ideas and panaceas will find this book to be of interest Reflective practitioners will find the focus on context illuminating and helpful

Contempbusiness 2006 Text Introduction

In today's digital age, the availability of Contempbusiness 2006 Text books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Contempbusiness 2006 Text books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Contempbusiness 2006 Text books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Contempbusiness 2006 Text versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Contempbusiness 2006 Text books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Contempbusiness 2006 Text books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Contempbusiness 2006 Text books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational

institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Contempbusiness 2006 Text books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Contempbusiness 2006 Text books and manuals for download and embark on your journey of knowledge?
