Contemporary Arab Political Thought Anouar Abdel-Malek, 1983-01-01 **Arab Political Thought** Georges Corm, 2020-01-15 Explores the many facets of Arab political thought from the nineteenth century to the present day **Arab Political Thought** Georges Corm, 2020 Explores the many facets of Arab political thought from the nineteenth century to the present day Democracy and Civil Society in Arab Political Thought Michaelle L. Browsers, 2006-10-13 This book provides a significant and unique contribution to the emerging literature of comparative political thought Michaelle L. Browsers offers compelling evidence with extensive analysis and references that a rigorous debate is taking place in Arabic concerning the value of democracy and civil society Exploring the globalization of ideas of democracy and civil society Browsers addresses the question of what occurs when concepts cross the boundaries of cultures or languages She analyzes the historical concept of democracy in Arab and Islamic political thought the transformations that have occurred over the past several decades resulting from Arab forays into an international discussion of civil society and what these transformations tell us about the status of ideological and conceptual debates in the region The book's value however lies in its main premise despite the dearth of actual democratic practices in the Arab world intellectual elites of the region have vigorously debated reform concepts for decades Browsers emphasizes that current conflicts involving the Middle East are less about Islam against the west and its secular allies in the region and more about diverse sectors of Arab society grappling with how to reform overreaching and unjust states Browsers shows that the seeds of democratic reform in the region were well planted prior to the war on Iraq and the Greater Middle East Initiative **Contemporary Arab Thought** Elizabeth Suzanne Kassab, 2025-04-29 In the last third of the twentieth century the Arab intellectual and political scene polarized between totalizing doctrines nationalist Marxist and religious and radical critique Arab thinkers were reacting to the disenchanting experience of postindependence and a widespread sense of malaise as well as to authoritarianism intolerance injustice failed development and successive defeats by Israel The foundational account of these responses *Contemporary Arab Thought* illuminates the relationship between cultural and political critique in the work of major Arab thinkers Elizabeth Suzanne Kassab also connects Arab debates to the postcolonial issues of Latin America and Africa revealing the shared struggles of different regions Since its first publication in 2009 this book has stood as the foremost account of contemporary Arab debates on culture philosophy modernity tradition identity and liberation It is widely used in Middle Eastern studies courses and it has become a classic in the field of Arab intellectual history *Contemporary Arab Thought* now features an extensive new introduction that reconsiders post 1967 Arab intellectual history in light of the 2011 uprisings and the upheavals that have occurred over the intervening years Kassab critically reflects on the book's arguments and the responses it has provoked and she surveys the new preoccupations that have emerged in Arab debates since 2011 As crises again overtake the Middle East this landmark work continues to offer indispensable insight into the richness of contemporary Arab thought
