Contemporary art: the Janet Wolfson de Botton gift Monique & Rainbird Beudert (Sean, eds),1998 **Contemporary Art** Tate Gallery,1998 Published to accompany exhibition held at the Tate Gallery London 24 2 26 4 1998 Contemporary Art ,1998 *Privatising Culture* Chin-tao Wu,2020-05-05 Corporate sponsorship and business involvement in the visual arts have become increasingly common features of our cultural lives From Absolut Vodka s sponsorship of art shows to ABN AMRO Bank s branding of Van Gogh s self portrait to advertise its credit cards we have borne witness to a new sort of patronage in which the marriage of individual talent with multinational marketing is beginning to blur the comfortable old distinctions between public and private Chin tao Wu s book is the first concerted attempt to detail the various ways in which business values and the free market ethos have come to permeate the sphere of the visual arts since the 1980s Charting the various shifts in public policy which first facilitated the entry of major corporations into the cultural sphere it analyses the roles of governments in injecting the principles of the free market into public arts agencies in particular the Arts Council in Great Britain and the National Endowment for the Arts in the USA It goes on to study the corporate take over of art museums highlighting the ways in which cultural capital can be garnered by various social and business elites through commercial involvement in the arts and shows how corporations have succeeded in integrating themselves into the infrastructure of the art world itself by showcasing contemporary art in their own corporate premises Mapping for the first time the increasingly hegemonic position that corporations and corporate elites have come to occupy in the cultural arena this is a provocative contribution to the debate on public culture in Britain and America **Technologies of the Self-Portrait** Gabriella Giannachi,2022-07-29 This book demonstrates how artists have radically revisited the genre of the self portrait by using a range of technologies and media that mark different phases in what can be described as a history of self or selves production Gabriella Giannachi shows how artists constructed their presence subjectivity and personhood by using a range of technologies and media including mirrors photography sculpture video virtual reality and social media to produce an increasingly fluid multiple and social representation of their self This interdisciplinary book draws from art history performance studies visual culture new media theory philosophy computer science and neuroscience to offer a radical new reading of the genre *London Art and Artists Guide* Heather Waddell,2006 The London Art and Artists Guide provides information on art schools museums galleries studios and the people involved with them It also covers restaurants markets and general features that relate to London **Contemporary Artists: L-Z** Sara Pendergast,Tom Pendergast,2002 Arranged alphabetically from Magdalena Abakanowicz to Tadaaki Kuwayama this volume provides a biography of the artist a selected list of exhibitions a list of public collections that include work by the artist and more Joel Shapiro. por parte de ABN AMOR para publicitar sus tarjetas de crédito hemos sido testigos de un nuevo tipo de patronazgo en el que la unión del talento individual y el marketing multinacional está comenzando a difuminar las viejas y clásicas distinciones entre lo público y lo privado. El presente libro constituye un ambicioso intento de detallar las vías por las que los valores mercantiles y el ethos del libre mercado han permeado la esfera de las artes visuales desde la década de 1980. Al hilo de la cartografía de los diversos deslizamientos en la política pública que facilitaron por primera vez la entrada de grandes corporaciones en el ámbito cultural, Chin-tao Wu analiza el papel de los gobiernos a la hora de inocular los principios del libre mercado en las instituciones públicas encargadas de la gestión del mundo del arte, en particular el Arts Council en Gran Bretaña y el National Endowment for the Arts en Estados Unidos. Analiza el asalto empresarial a los museos, los caminos seguidos por las élites sociales y mercantiles y cómo estas compañías han logrado integrarse en la infraestructura del mundo artístico, convirtiendo sus edificios en exposiciones de arte. Chin-tao Wu no pierde de vista el caso Guggenheim de Bilbao. Una historia de Cenicienta como diría The New York Times o por el contrario, representa la última invasión por parte de la alta cultura estadounidense como McDonald's o Coca-Cola han colonizado el mundo.
