biographical and bibliographical guide to current writers in all fields including poetry fiction and nonfiction journalism drama television and movies Information is provided by the authors themselves or drawn from published interviews feature stories book reviews and other materials provided by the authors publishers      Edward Abbey James M. Cahalan,2022-08-09 The best biography ever about Ed Cahalan s meticulous research and thoughtful interviews have made this book the authoritative source for Abbey scholars and fans alike Doug Peacock author environmentalist activist and explorer and the inspiration for Hayduke in The Monkey Wrench Gang He was a hero to environmentalists and the patron saint of monkeywrenchers a man in love with desert solitude A supposed misogynist ornery and contentious he nevertheless counted women among his closest friends and admirers He attracted a cult following but he was often uncomfortable with it He was a writer who wandered far from Home without really starting out there James Cahalan has written a definitive biography of a contemporary literary icon whose life was a web of contradictions Edward Abbey A Life sets the record straight on Cactus Ed giving readers a fuller more human Abbey than most have ever known It separates fact from fiction showing that much of the myth surrounding Abbey such as his birth in Home Pennsylvania and later residence in Oracle Arizona was self created and self perpetuated It also shows that Abbey cultivated a persona both in his books and as a public speaker that contradicted his true nature publicly racy and sardonic he was privately reserved and somber Cahalan studied all of Abbey s works and private papers and interviewed many people who knew him including the models for characters in The Brave Cowboy and The Monkey Wrench Gang to create the most complete picture to date of the writer s life He examines Abbey s childhood roots in the East and his love affair with the West his personal relationships and tempestuous marriages and his myriad jobs in continually shifting locations including sixteen national parks and forests He also explores Abbey s writing process his broad intellectual interests and the philosophical roots of his politics For Abbey fans who assume that his honest novel The Fool s Progress was factual or that his public statements were entirely off the cuff Cahalan s evenhanded treatment will be an eye opener More than a biography Edward Abbey A Life is a corrective that shows that he was neither simply a countercultural cowboy hero nor an unprincipled troublemaker but instead a complex and multifaceted person whose legacy has only begun to be appreciated The book contains 30 photographs capturing scenes ranging from Abbey s childhood to his burial site      The Lever of Riches Joel Mokyr,1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is

often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of technological creativity Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation's creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity The Lever of Riches with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential

**Critical Crossings** Neil Jumonville, 2023-11-15 The period immediately following the Second World War was a time observed Randall Jarrell when many American writers looked to the art of criticism as the representative act of the intellectual Rethinking this interval in our culture Neil Jumonville focuses on the group of writers and thinkers who founded edited and wrote for some of the most influential magazines in the country including Partisan Review Politics Commentary and Dissent In their rejection of ideological visionary and romantic outlooks reviewers and essayists such as Sidney Hook Irving Howe Lionel Trilling Harold Rosenberg and Daniel Bell adopted a pragmatic criticism that had a profound influence on the American intellectual community By placing pragmatism at the center of intellectual activity the New York Critics crossed from large belief systems to more tentative answers in the hope of redefining the proper function of the intellectual in the new postwar world Because members of the New York group always valued being intellectuals more than being political leftists they adopted a cultural elitism that opposed mass culture Ready to combat any form of absolutist thought they found themselves pitted against a series of antagonists from the 1930s to the present whom they considered insufficiently rational and analytical to be good intellectuals the Communists and their sympathizers the Beat writers and the New Left Jumonville tells the story of some of the paradoxes and dilemmas that confront all intellectuals In this sense the book is as much about what it means to be an intellectual as it is about a specific group of thinkers This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the

brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991 Emersonian Circles Joel Myerson,1997 The enormous critical resurgence of interest in Ralph Waldo Emerson over the past fifteen years has restored the Sage of Concord to his former role as an American icon At the same time this renewed interest raises old historical and critical questions about his place in American Transcendentalism and in American culture generally This collection of essays seeks to address the variety of critical questions about Emerson and to reevaluate his significance through his own metaphors of insight and influence particularly that of the circle ROBERT E BURKHOLDER is Associate Professor of English at the Pennsylvania State University WESLEY T MOTT is Professor of English at the Worcester Polytechnic Institute Contributors ROBERT A GROSS ALBERT J VON FRANK LEN GOUGEON RONALD A BOSCO FRANK SHUFFELTON PHYLLIS COLE ROBERT D RICHARDSON JR DAVID M ROBINSON DANIEL SHEALY HELEN R DEESE KENT P LJUNGQUIST GARY L COLLISON PHILIP F GURA **Scott O'Dell** Hal Marcovitz,2008 Subject Guide to Books in Print ,1997 Drama Criticism Lawrence J. Stone,2005-06-08 It's Magic Time That colorful promise began each performance at the Caffe Cino the storied Greenwich Village coffeehouse that fostered the gay and alternative theatre movements of the 1960s and launched the careers of such stage mainstays as Sam Shepard Lanford Wilson Robert Heide Harry Koutoukas Robert Patrick Robert Dahdah Helen Hanft Al Pacino and Bernadette Peters As Off Off Broadway productions enjoy a deserved resurgence theatre historian and actor Wendell C Stone reopens the Cino's doors in this vibrant look at the earliest days of OOB Rife with insider interviews and rich with evocative photographs Caffe Cino The Birthplace of Off Off Broadway provides the first detailed account of Joe Cino's iconic caf theatre and its influence on American theatre A hub of artistic innovation and haven for bohemians beats hippies and gays the caf gave a much sought outlet to voices otherwise shunned by mainstream entertainment The Cino's square stage measured only eight feet but the dynamic ideas that emerged there spawned the numerous alternative theatre spaces that owe their origins to the risky enterprise on Cornelia Street

**Fictional Feminism** Kim A. Loudermilk,2013-08-21 This book focuses on the ways in which second wave feminism has been represented in American popular culture and on the effects that these representations have had on feminism as a political movement Kim Loudermilk provides close readings of four best selling novels and their film adaptations According to Loudermilk each of these novels contains explicitly feminist characters and themes yet each presents a curiously ambivalent picture of feminism these texts at once take feminism seriously and subtly undercut its most central tenets This book argues that these texts create a kind of fictional feminism that recuperates feminism's radical potential thereby lessening the threat it presents to the status quo **Contemporary Authors** CONTEMPORARY.,1981 Great African-American Women
