Contemporary Catholic Social Teaching

John Fitz-Gerald

Contemporary Catholic Social Teaching:

Modern Catholic Social Teaching Joe Holland, 2003 The impact of the industrial revolution on the social structures of industrialized nations posed a difficult challenge to the Catholic Church and its Popes In the struggle for human and economic status should the Church side with the new working class or with capitalist barons who along with the old aristocracy identified themselves as upholders of Christian civilization In this history of papal social teaching Joe Holland tells how the popes at first backed the status quo Then with the accession of Pope Leo XIII in 1878 a seismic shift took place Leo s encyclical *Rerum novarum* was the first authoritative Church voice to declare that laboring people have rights the right to fair wages to decent living conditions the right to organize labor unions and even to strike Henceforth the notion of civilization at least for the Church would be grounded in the lives and aspirations of working people *Modern Catholic Social Teaching* traces this historic shift as it played out in the writings of Leo and the popes who followed him Pius X Benedict XV Pius XI and Pius XII These popes supported Leo s encyclical and even elaborated it as European history experienced the emergen

Modern Catholic Social Teaching Kenneth R. Himes, 2018-01-02 Including contributions from twenty two leading moral theologians this volume is the most thorough assessment of modern Roman Catholic social teaching available In addition to interrogations of the major documents it provides insight into the biblical and philosophical foundations of Catholic social teaching addresses the doctrinal issues that arise in such a context and explores the social thought leading up to the modern era which is generally accepted as beginning in 1891 with the publication of Pope Leo XIII s *Rerum Novarum* The book also includes a review of how Catholic social teaching has been received in the United States and offers an informed look at the shortcomings and questions that future generations must address This second edition includes revised and updated essays as well as two new commentaries one on Pope Benedict XVI s encyclical *Caritas in Veritate* and one on Pope Francis s encyclical *Laudato Si* An outstanding reference work for anyone interested in studying and understanding the key documents that make up the central corpus of modern Catholic social teaching

Catholic Social Teaching, 1891-Present Charles E. Curran, 2002-03-30 Charles E Curran offers the first comprehensive analysis and criticism of the development of modern Catholic social teaching from the perspective of theology ethics and church history Curran studies the methodology and content of the documents of Catholic social teaching generally understood as comprising twelve papal letters beginning with Leo XIII s 1891 encyclical *Rerum novarum* two documents from Vatican II and two pastoral letters of the U S bishops He contends that the fundamental basis for this body of teaching comes from an anthropological perspective that recognizes both the inherent dignity and the social nature of the human person thus do the church s teachings on political and economic matters chart a middle course between the two extremes of individualism and collectivism The documents themselves tend to

downplay any discontinuities with previous documents but Curran's systematic analysis reveals the significant historical developments that have occurred over the course of more than a century. Although greatly appreciative of the many strengths of this teaching, Curran also points out the weaknesses and continuing tensions in Catholic social teaching today. Intended for scholars and students of Catholic social ethics as well as those involved in Catholic social ministry, this volume will also appeal to non-Catholic readers interested in an understanding and evaluation of Catholic social teaching.

Sociology and Catholic Social Teaching Stephen R. Sharkey, 2012-08-31. *Sociology and Catholic Social Teaching: Contemporary Theory and Research* contains essays by key scholars in the territory where Catholic social thought and secular sociology meet and offers a much needed alternative to the relativism and individualism that so often characterize social scientific analysis today. Contributors to this volume argue that Catholic social teaching as articulated so powerfully today in recent papal encyclicals and major summations such as the *Compendium of the Social Doctrine of the Church* offers a powerful moral framework for addressing today's pressing social problems. This is especially true since many of its tenets find solid support in social scientific research on the nature of the person and the workings of culture and social institutions. Sponsored by the Society of Catholic Social Scientists and including work by sociologists from both the Society and the Pontifical Academy of Social Sciences, this volume is offered in the spirit of Pope John Paul II's exhortation to draw from contemporary social science whatever can help the Church better understand contemporary social issues and trends and thus better serve humanity. Specific articles address such topics as the Church as a virtual nation in the international arena, changing cultural norms regarding deviance, the historical and contemporary relationship between Catholicism and mainstream academic sociology, empirical support for a natural law perspective on family relations, the social psychology of happiness and moral behavior among emerging adults, the sociology of knowledge from a distinctively Catholic perspective, and how the principles of subsidiarity and solidarity can be used to analyze and evaluate the functioning of institutions like the family, education, and the state. Each author also offers some autobiographical reflections on how they relate sociology and their life of Faith. This anthology will interest scholars in both sociology and Catholic social thought as well as advanced undergraduate and graduate students in these areas.

The Heart of Catholic Social Teaching David Matzko McCarthy, 2009-03. Seasoned teachers introduce the Catholic social tradition with distinctive attention to the Bible, liturgy, and the thought of Augustine and Aquinas.

Catholic Social Teaching? John Fitz-Gerald,1993 **Modern Catholic Family Teaching** Jacob M. Kohlhaas,Mary M. Doyle Roche,2024 This volume features academic commentary on the key magisterial texts that constitute the sources of contemporary Catholic teaching on the family Although Catholic Family Teaching CFT emerged and has developed in parallel with Catholic Social Teaching CST its documentary heritage has neither been explored in a parallel fashion nor to a similar academic depth This volume redresses this imbalance by collecting outstanding commentaries and interpretations of the primary texts and key theological and historical developments in a first of its kind critical engagement with the documentary tradition of CFT Each chapter engages a moment in this tradition of teaching in order to invite critical academic engagement with CFT a topic that increasingly bears weight across diverse areas of theological and ethical consideration By offering a clear understanding of the tradition s growth in the previous 130 years the volume equips scholars and students of theology to engage the pressing questions of our time Reflections on the Journey to the Omega Point Tom Reidy,2017-05-30

Reflections on the Journey to the Omega Point is a collection of random thoughts in no particular order that I have been amassing and collecting over the past 70 years on a variety of subjects It is a representation of my philosophy of life that we are on a journey or a pilgrimage if you will through a hostile insecure and uncertain world on the way to the Omega Point death the portal to Heaven our eternal home where there will be eternal happiness security and certainty in an infinitely loving environment presided over by an infinitely loving God Whatever happens to us here is important only insofar as it contributes to our place in that world beyond the Omega Point Only one thing is important Eternal Salvation in an eternal Paradise with an eternal God Some of the concepts will be repeated throughout the book but they are important enough to bear repetition as they fall into the context of various different essays I admit that I have grown more cynical as I have grown older but the world we live in is becoming increasingly conducive to cynicism I ll warn the reader now that this is a very dark book in many ways but it is a realistic book written from a Roman Catholic perspective and viewpoint All Scriptural quotes are taken from the on line version of the Douay Rheims Bible Globalization, Spirituality, and Justice Revised Edition Daniel G. Groody,2015-10-15 A theological reading of globalization and a global reading of theology This book offers a rigorously critical and yet inspiring vision of justice as an integral part of Christian spirituality in our complex globalized world At the same time Daniel Groody s analysis draws on the conviction that faith and spirituality have an integral role in the struggle to achieve a more just social order **Principles of Catholic Social Teaching** David A. Boileau,1998 This study aims to call attention to the contemporary significance of Catholic Social Teaching and to investigate what is meant by a number of central ideas that regularly surface in these essays *Journal of Moral Theology, Volume 10, Issue 1* Jason

Conflict and Catholic Social Ethics

Taylor J. Ott, 2024-11-01 This book focuses on the question of how to understand conflict and its place in Catholic and Christian social ethics The author examines Catholic social teaching CST for its explicit mentions of conflict or contention and analyzes the way that CST addresses the subjects of peace labor and environment While CST offers precedent

to think about conflict within the frame of Catholic ethics its lack of explicit engagement remains a major obstacle to a full rich and concrete understanding of the fabric of society and the work of social justice Any social ethic that is not informed by the presence of conflict misses a major dynamic in society and therefore leads to ethical judgements that are at best inadequate and at worst actively harmful Building upon the insight of respected thinkers within Catholic social thought this study is based on an interdisciplinary method that engages sociology political theory postcolonial theory and intersectional feminist ethics The book will be of particular interest to theological ethicists and those who work with modern CST *Ethics and Metaphysics in the Philosophy of Edith Stein* Michael F. Andrews, Antonio Calcagno, 2022-02-28 This book is dedicated to Edith Stein 1891 1942 who is known widely for her contributions to metaphysics Though she never produced a dedicated work on questions of ethics her corpus is replete with pertinent reflections This book is the first major scholarly volume dedicated to exploring Stein s ethical thought not only for its wide ranging content from her earlier to later works but also for its applications to such fields as psychology theology education politics law and culture Leading international scholars come together to provide a systematic account of Stein s ethics highlighting its relation to Stein s highly developed and complex metaphysics Questions about the good evil the rights and ethical comportment of the person the state and feminism are addressed The book appeals to scholars interested in the history of philosophical and ethical thought **Reimagining The Moral Life** Choi, Ki Joo, Moses, Sarah M., Vincini, SJ, Andrea, 2020-09-16 This volume honors Lisa Cahill s 45 years of teaching Christian ethics at Boston College With contributions from most of the doctoral students she directed during her career it provides an interpretive overview of Cahill s specific contributions to Christian ethics **Gospel Women at the United Nations** Margaret D. Scott, 2019-03-22 This book offers a reflection on the development of the commitment of a group of Catholic Sisters to the poor and to social justice from teaching poor children in a convent basement to being involved in public theology at the United Nations After a brief discussion of the emergence and definitions of public theology and an analysis of the social teaching of the Catholic Church it offers insights into the history and modus operandi of the United Nations and the network of NGOs including faith based RNGOs that work closely with it on behalf of human rights and development The interaction between these three protagonists forms the background for the story of a coalition of Catholic Sisters with NGO status at the United Nations whose determination is to be Gospel women engaging in public theology in the public square Finally it offers some thoughts concerning future challenges and uncertainties facing the United Nations that will impact the Sisters and their commitment to the poor and the planet **Pope Francis, Evangelii Gaudium, and the Renewal of the Church** Duncan Dormor, Alana Harris, 2017 Focuses exclusively on Evangelii Gaudium as interpreted from a variety of interdisciplinary and denominational perspectives with a sharper focus on the ecclesiological as well as the ecumenical potentialities for the reform and renewal of the church contained within this reorientation and reappreciation of the church s primary mission to evangelization in the modern world Óscar Romero and Catholic Social

Teaching Todd Walatka, 2024-10-15 This book explores the life mission and writings of martyred Salvadorian archbishop Oscar Romero in the light of contemporary work for justice and human development.
