Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1975 **The Confessional Mosaic** Milton J. Coalter, John M. Mulder, Louis Weeks, 1990-01-01 Focusing on the expression of faith among American Presbyterians this book surveys important developments in Presbyterian theology and worship It provides an understanding of the changes in mainstream Protestantism and American Christianity and analyzes preaching worship hymnody devotional materials and social justice pronouncements The authors include both the achievements and the ambiguous legacy of this developmental stage in American Presbyterian history Through its examination of American Presbyterianism the Presbyterian Presence series illuminates patterns of change in mainstream Protestantism and American religious and cultural life in the twentieth century Soul in Society Gary J. Dorrien, 1995 Gary Dorrien's major work addresses the roots of and remedy to the current crisis in American Christian social ethics Focusing on the story of American liberal Protestantism the book examines in fascinating depth the three major movements in this century the Social Gospel Christian Realism and Liberation Theology in a way that also brings African American feminist environmentalist Catholic and other voices into the increasingly multicultural quest Dorrien then carefully assesses the crisis of social Christian thought in a culture that is increasingly secular materialistic and dominated by capitalism He shows how the progressive Christian vision of social and economic

democracy can be redeemed in the face of its apparent defeat He argues strongly for a social Christianity faithful to the spiritual reality and kingdom oriented ethic of the way of Christ Dorrien s engaging narrative knowledgeable and fair analysis and thoughtful proposal bring desperately needed clarity and commitment to the Christian social conscience

Protestantism, Its Modern Meaning David A. Rausch, Carl Hermann Voss, 1987 Protestantism Its Modern Meaning is a thoughtful interpretation of Protestant history thought and life It moves quickly and selectively through the sixteenth and seventeenth centuries with attention to the Reformation Puritanism Pietism and the Enlightenment and then focuses largely on the evangelical tradition in the United States white and black Without hiding Protestantism s flaws and diversities the book pictures this great religious movement as a positive and dynamic force of past and present Robert T Handy Union Theological Seminary NYC back cover Contemporary American Protestant Thought William R.
