**The Reference Catalogue of Current Literature** ,1893      **A Reader's Guide to Contemporary Literature** William Swan Sonnenschein,1895      **A Critical History of Contemporary Chinese Fiction** Cheng Guangwei,2024-12-31 This book studies the history of contemporary Chinese fiction criticism highlighting the role of critics in shaping contemporary literary history The author divides the history of contemporary Chinese fiction criticism into three periods 1949 1976 1977 1991 and 1992 2015 The first period saw the emergence of the circle of critics who insisted on judging literary works by political standards The second period brought the rise of the Beijing Critics Circle and the Shanghai Critics Circle The former advocated artistic standards in judging works while the latter introduced contemporary Western literary theories into literary criticism The third period marked the emergence of Scholarly Criticism Criticism of Women s Fiction and Post 1960s Fiction Criticism reflecting critics attitudes toward history and philosophy Drawing on historical materials this study illuminates contemporary literary trends and the contributions of key writers and critics It also relates literary criticism to the social environment underlining the simultaneous relationship between contemporary fiction criticism and social ideology This book will be invaluable to scholars and students of Chinese literature and literary criticism especially those interested in the diverse landscape of contemporary Chinese culture      **Secularism and the Pursuit of Transcendence, Volume I** Stanley E. Porter,Wendy J. Porter,2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us

**Twentieth-Century Literary Criticism, Volume 197** Thomas J. Schoenberg,2008-04 Presents literary criticism on the works of twentieth century writers of all genres nations and cultures Critical essays are selected from leading sources including published journals magazines books reviews diaries interviews radio and television transcripts pamphlets and scholarly papers      **The History of Southern Drama** Charles S. Watson,2014-07-11 Mention southern drama at a cocktail party or in an American literature survey and you may hear cries for Stella or laments for gentleman callers Yet southern

drama depends on much more than a menagerie of highly strung spinsters and steel magnolias Charles Watson explores this field from its eighteenth and nineteenth century roots through the southern Literary Renaissance and Tennessee Williams's triumphs to the plays of Horton Foote winner of the 1994 Pulitzer Prize Such well known modern figures as Lillian Hellman and DuBose Heyward earn fresh looks as does Tennessee Williams's changing depiction of the South from sensitive analysis to outraged indictment in response to the Civil Rights Movement Watson links the work of the early Charleston dramatists and of Espy Williams first modern dramatist of the South to later twentieth century drama Strong heroines in plays of the Confederacy foreshadow the spunk of Tennessee Williams's Amanda Wingfield Claiming that Beth Henley matches the satirical brilliance of Eudora Welty and Flannery O'Connor Watson connects her zany humor to 1840s New Orleans farces With this work Watson has at last answered the call for a single volume comprehensive history of the South's dramatic literature With fascinating detail and seasoned perception he reveals the rich heritage of southern drama

**Selling Air Power** Steve Call, 2009 In *Selling Air Power* Steve Call provides the first comprehensive study of the efforts of post war air power advocates to harness popular culture in support of their agenda In the 1940s and much of the 1950s hardly a month went by without at least one blatantly pro air power article appearing in general interest magazines Public fascination with flight helped create and sustain exaggerated expectations for air power in the minds of both its official proponents and the American public Articles in the *Saturday Evening Post* *Reader's Digest* and *Life* trumpeted the secure future assured by American air superiority Military figures like Henry H Hap Arnold and Curtis E LeMay radio television personalities such as Arthur Godfrey cartoon figures like Steve Canyon and actors like Jimmy Stewart played key roles in the unfolding campaign Movies like *Twelve O Clock High* *The Court Martial of Billy Mitchell* and *A Gathering of Eagles* projected onto the public imagination vivid images confirming what was coming to be the accepted wisdom that America's safety against the Soviet threat could best be guaranteed by air power coupled with nuclear capability But as the Cold War continued and the specter of the mushroom cloud grew more prominent in American minds another more sinister interpretation began to take hold Call chronicles the shift away from the heroic patriotic posture of the years just after World War II toward the threatening even bizarre imagery of books and movies like *Catch 22* *On the Beach* and *Dr Strangelove* Call's careful analysis goes beyond the public relations campaigns to probe the intellectual climate that shaped them and gave them power *Selling Air Power* adds a critical layer of understanding to studies in military and aviation history as well as American popular culture
