## **Customs And Traditions Of The Canadian Armed Forces:**

**Customs and Traditions of the Canadian Armed Forces** Edward Charles Russell, 2008      **Customs and Traditions of the Canadian Armed Forces** Edward C. Russell, 1980      **Customs and Traditions of the Canadian Armed Forces** Edward C. Russell, 1980      *Understanding Military Culture* Allan Douglas English, 2004 Examines military culture from a theoretical and a practical point of view Considers conflicts in Afghanistan and Iraq that have highlighted the importance of culture as a concept in analyzing the ability of military organizations to perform certain tasks Culture has been described as the bedrock of military effectiveness because it influences everything an armed service does The recent conflicts in Afghanistan and Iraq have highlighted the importance of culture as a concept in analyzing the ability of military organizations to perform certain tasks In fact a military's culture may determine its preferred way of fighting and dealing with other challenges like incorporating new technologies more than its doctrine or organizational structure of view It focuses on the Canadian and American military cultures and it provides the first detailed examination of the culture of the Canadian Forces It also compares their culture to that of the US armed forces The book concludes that while the culture of the Canadian Forces has been Americanized to a certain extent the culture of the US armed forces due to changes in their personnel and roles has experienced a certain degree of Canadianization at the end of the 20th and the beginning of the 21st centuries      **Armed Forces Information Materials** United States. Office of Armed Forces Information and Education, 1955

**Cultural Diversity in the Armed Forces** Joseph L. Soeters, Jan Van der Meulen, 2007-01-24 This book addresses the different ways in which armed forces around the world respond to the cultural diversity of their parent societies ethnicity and gender in particular in order to enhance their quality and legitimacy      Royal Observations Arthur Bousfield, Garry Toffoli, 1991-01-12 These observations and quotations comprise a witty anthology of anecdotes by and about the royal family in Canada over the last 400 years Enhanced by drawings from the well known cartoonist Vince Wicks this book looks at the memorable encounters sometimes touching sometimes disconcerting sometimes hilarious that Canadians have had with their own and other royal families Arranged thematically *Royal Observations* covers such topics as Queen Victoria English French relations World War Two native peoples and royal tours      **Crerar's Lieutenants** Geoffrey Hayes, 2017-07-12 In 1943 General Harry Crerar penned a memorandum in which he noted that there was still much confusion as to what constitutes an Officer His words reflected the army's preoccupation with creating an ideal officer who would not only meet the immediate demands of war but also be able to conform to notions of social class and masculinity Drawing on a wide range of sources and exploring the issue of leadership through new lenses this book looks at how the army selected and trained its junior officers after 1939 to embody the new ideal It finds that these young men through the mentors they copied the correspondence they left even the songs they sang practised a temperate heroism that distinguished them from the idealized heroic visions of officership from the First World War Fascinating and highly original this book sheds new light on the

challenges many junior officers faced during the Second World War not only on the battlefield but from Canadians often conflicted views about social class and gender Civil-Military Relations and Shared Responsibility Dale R.

Herspring,2013-06 A provocative approach to evaluating civil military relations Dale R Herspring considers the factors that allow some civilian and military organizations to operate more productively in a political context than others bringing into comparative study for the first time the military organizations of the U S Russia Germany and Canada Refuting the work of scholars such as Samuel P Huntington and Michael C Desch Civil Military Relations and Shared Responsibility approaches civil military relations from a new angle military culture arguing that the optimal form of civil military relations is one of shared responsibility between the two groups Herspring outlines eight factors that contribute to conditions that promote and support shared responsibility among civilian officials and the military including such prerequisites as civilian leaders not interfering in the military's promotion process and civilian respect for military symbols and traditions He uses these indicators in his comparative treatment of the U S Russian German and Canadian militaries Civilian authorities are always in charge and the decision on how to treat the military is a civilian decision However Herspring argues failure by civilians to respect military culture will antagonize senior military officials who will feel less free to express their views thus depriving senior civilian officials most of whom have no military experience of the expert advice of those most capable of assessing the far reaching forms of violence This issue of civilian respect for military culture and operations plays out in Herspring's country case studies Scholars of civil military relations will find much to debate in Herspring's framework while students of civil military and defense policy will appreciate Herspring's brief historical tour of each country's post World War II political and policy landscapes **Culture & Tradition** ,1992 **Total Defence Forces in the Twenty-First Century** Joakim

Berndtsson,Irina Goldenberg,Stéfanie von Hlatky,2023-12-15 Total defence as a concept combines and extends military and civil defence in a state of war or emergency all social institutions mobilize to defend the state Total defence forces led by a diverse workforce of defence and security professionals are critical to both national defence and international security goals Total Defence Forces in the Twenty First Century looks at the various groups that make up this workforce members of the military's regular force reservists defence civil servants and contractors working for private military and security companies When civilian staff and military personnel work towards a common goal their distinct professional cultures and identities can make integration challenging Despite the often high levels of partnership underlying differences affect the quality of the collaboration and ultimately organizational and operational effectiveness Defence ministries around the world are increasingly recognizing the importance of optimizing the ways in which they employ and integrate civilian and military personnel This volume focuses on a critical question what are the main challenges to workforce integration and collaboration and how can such challenges be overcome to deliver the full potential of the total defence force Together scholars and practitioners provide some answers International Military and Defense Encyclopedia ,1993 Nation's Navy Michael L.

Hadley, Robert Neil Huebert, F. W. Crickard, 1996 Bounded by three great oceans Canada stands as a maritime nation with rich seafaring traditions Born of both national and British imperial interests in 1910 and maturing in two world wars its navy is a vital national institution that continues to evolve in response to new and complex challenges A Nation's Navy explores the decisive formative forces of the navy's history and illuminates the characteristically Canadian elements and values that have defined it *Canadian Selection* Alvan Bregman, Ontario. Beneventi, 2019-02-28 Contested Spaces Counter narratives and Culture from Below in Canada and Quebec explores strategies for reading space and conflict in Canadian and Quebecois literature and cultural performances positing questions such as how do these texts and performances produce and contest spatial practices What are the roles of the nation city community and individual subject in reproducing space particularly in times of global hegemony and neocolonialism And in what ways do marginalized individuals and communities represent contest or appropriate spaces through counter narratives and expressions of culture from below Focusing on discord rather than harmony and consensus this collection disturbs the idealized space of Canadian multicultural pluralism to carry literary analysis and cultural studies into spaces often undetected and unforeseen including flophouses and slums shantytowns and urban alleyways underground spaces and peep shows and inner city urban parks as they are experienced by minorities and other marginalized groups These essays are the products of sustained high level collaboration across French and English academic communities in Canada to facilitate theoretical exchange on the topic of space and contestation uncover geographies of exclusion and generate new spaces of hope in the spirit of pioneering works by Henri Lefebvre Michel Foucault Michel de Certeau Doreen Massey David Harvey and other prominent theorists of space **The Human in Command** Carol McCann, Ross Pigeau, 2012-12-06 MAJOR GENERAL M K JEFFERY Command and indeed the human in command has always been key to military operations The complexity and tempo of modern operations make this statement even more true today than in the past However both the military and the research communities have tended to treat command and control from a limited perspective For too long command and control have been considered as if they were a single concept with control often dominating our study Indeed in many cases we have divorced operational C from the military institution itself resulting in disconnects and inefficiencies Then in an attempt to overcome these self inflicted deficiencies we have pursued the Holy Grail of technology hoping that it would solve our C problems Only now as we start to realize technology's costs and limitations are we looking critically at C This book attempts to take such a look The

contributions that make up this book are the product of a June 1998 NATO North Atlantic Treaty Organization workshop called The Human in Command Far from being purely an academic exercise this gathering brought together military leaders and civilian scientists to discuss its central pragmatic and conceptual issues its assumptions its practices and its organization Indeed in recent years there has been mounting evidence that both our society and its military institutions are facing organizational crises *Professional Journal of the United States Army*, 1972-07 **Youth Resilience and Culture** Linda C. Theron, Linda Liebenberg, Michael Ungar, 2014-11-21 Until researchers and theorists account for the complex relationship between resilience and culture explanations of why some individuals prevail in the face of adversity will remain incomplete This edited volume addresses this crucial issue by bringing together emerging discussions of the ways in which culture shapes resilience the theory that informs these various studies and important considerations for researchers as they continue to investigate resilience Using research from majority and minority world contexts Youth Resilience and Culture Commonalities and Complexities highlights that non stereotypical critical appreciation of the cultural systems in which youth are embedded and or affiliate with is pivotal to understanding why particular resilience processes matter for particular youth in a particular life world at a particular point in time In doing so this book sensitizes readers to the importance of accounting for the influence of cultural contexts on resilience processes and to the danger of conceptualising and or operationalising resilience culture and their interplay simplistically or idealistically In short the progressive contents of Youth Resilience and Culture Commonalities and Complexities make it an essential read for resilience focused scholars students academics and researchers as well as policy makers practitioners and humanitarian workers engaged with high risk populations
