Cuttin Up Wit And Wisdom From Black Barber Shops:

Knights of the Razor Douglas Walter Bristol, 2009-11 They advocated economic independence from whites and founded insurance companies that became some of the largest black owned corporations L Diane Barnes Alabama Review

Cutting Along the Color Line Quincy T. Mills, 2013-10-09 Today black owned barber shops play a central role in African American public life The intimacy of commercial grooming encourages both confidentiality and camaraderie which make the barber shop an important gathering place for African American men to talk freely But for many years preceding and even after the Civil War black barbers endured a measure of social stigma for perpetuating inequality though the profession offered economic mobility to black entrepreneurs black barbers were obliged by custom to serve an exclusively white clientele Quincy T Mills traces the lineage from these nineteenth century barbers to the bustling enterprises of today demonstrating that the livelihood offered by the service economy was crucial to the development of a black commercial sphere and the barber shop as a democratic social space *Cutting Along the Color Line* chronicles the cultural history of black barber shops as businesses and civic institutions Through several generations of barbers Mills examines the transition from slavery to freedom in the nineteenth century the early twentieth century expansion of black consumerism and the challenges of professionalization licensing laws and competition from white barbers He finds that the profession played a significant though complicated role in twentieth century racial politics while the services of shaving and grooming were instrumental in the creation of socially acceptable black masculinity barbering permitted the financial independence to maintain public spaces that fostered civil rights politics This sweeping engaging history of an iconic cultural establishment shows that black entrepreneurship was intimately linked to the struggle for equality

From the Kitchen to the Parlor Lanita Jacobs-Huey, 2006-04-20 Examines how hair and hair care take on situated social meanings among African American women in varied linguistic interactions whether with one another with African American men or with European American women Based on years of fieldwork in a range of sites from cosmetology schools in South Carolina to hair care seminars in Beverly Hills from stand up comedy clubs in Los Angeles to online debates about black hair Jacob Huey s multifaceted approach documents how and why hair comes to matter so much in African American women s construction of their identities and how language both mediates and produces these social meanings From publisher description

Keepin' It Hushed Norris L. Nunley, 2011-02-14 Examines the barbershop as a rhetorical site in African American culture across genres including fiction film poetry and theater In *Keepin It Hushed The Barbershop and African American Hush Harbor Rhetoric* Norris L Nunley investigates the role of the hush harbor a safe place for free expression among African American speakers as a productive space of rhetorical tradition and knowledge generation Nunley identifies the barbershop as an important hush harbor for black males in particular and traces the powerful cultural trope and its hidden tradition of African American knowledge through multiple texts From Dunbar s *We Wear the Mask* to the recent Barbershop movies and the provocative rhetoric of

Reverend Jeremiah Wright Nunley's study touches on a range of time periods and genres. Nunley's introduction connects African American Hush Harbor Rhetoric (AAHHR) to everyday considerations of what may or may not be spoken in public and how African American speakers manage numerous hidden transcripts. In the first three chapters, Nunley charts different iterations of hush harbors and their function in the context of residual and emergent rhetorical traditions. He investigates public sphere theory and its application and misapplication to black civil society and hush harbors and connects AAHHR to the power of the word. In chapters 4 and 5, Nunley examines the ubiquity of the hush harbor trope in African American culture and considers barbershops as pedagogical sites using literature, poetry, philosophy, and film to make his case. In chapter 6, he analyzes the Barbershop movie in detail, arguing that the movie's commodified neoliberal version of AAHHR did not represent a hush harbor, although that was ostensibly the aim. *Keepin' It Hushed* concludes with a presentation of a hush harbor pedagogy in chapter 7 and a distinctive analysis of hush harbor-oriented speeches by then Senator Obama and Rev. Jeremiah Wright. Rhetoricians and readers interested in African American life and culture will appreciate the cogent analysis in Nunley's volume.
