Terrorists of the Mind R.K. Hopkins, 2010-11-12 When God made the human body he made an amazing creation Out of all our tissues bones muscles cells and nerves that occupy our body the most powerful lethal body organ is our mind Therefore it only makes sense to attack someone and try to destroy him or her at his or her strongest point of contact which is the mind Somewhere between birth and death we will experience and encounter things that will attack our sanity and make us feel like we are losing our minds Satan loves to attack our minds That is why it is so very important to protect your mind Your mind is a playground to Satan Satan is very crafty and shrewd He wants your life His intentions are to take you out You must prepare yourself for this grave warrior and his terrorists You must be armed with the armor of God There is hope because God is in charge and he is the CEO of the universe Get to know God put on your armor and prepare to battle and you can win the war and survive the terrorist attacks from Satan Victory can be yours
