Cutting Back City Hall

Elliott Sclar

Cutting Back City Hall:

Cutting Back City Hall Robert Poole, Jr., 1981-04 Regenerating the Cities Michael Parkinson, Bernard Foley, Dennis R. Judd, 1988 *The Philosophy of Taxation and Public Finance* Robert W. McGee, 2011-06-27 Most public finance books are texts which are aimed at undergraduate or graduate students They are overly technical in nature and appeal only to a narrow range of bureaucrats and academics Books on taxation are written for tax practitioners and usually emphasize either what the law is or how to maneuver through the labyrinth of tax law to minimize taxes for clients Philosophy books on taxation or public finance simply do not exist The Philosophy of Taxation and Public Finance is different It is written in nontechnical language and is aimed to appeal to a wide range of readers including practitioners academics and students in the fields of taxation public finance economics law philosophy and political science as well as general readers who are interested in learning why they are being taxed the way they are The author addresses the major issues and topics in taxation and public finance and injects them with philosophical insights He discusses questions such as What arguments have been used to justify taxation When is tax evasion unethical Are some taxes better than others What are the proper functions of government How much is enough Is the ability to pay concept valid When can punitive taxes be justified **Impact of the Elimination of State and Local Tax Deduction** United States. Congress. House. Committee on the District of Columbia. Subcommittee on Fiscal Affairs and Health, 1986 *You Don't Always Get what You Pay for* Elliott Sclar, 2000 Elliott D Sclar offers a look at the pitfalls and promises of public sector privatization in the United States By describing the underlying economic dynamics of how public agencies and private organizations actually work together he provides an analysis of the assumptions behind the case for privatization Book jacket **The History and Politics of Private Prisons** Martin P. Sellers, 1993 The purpose of The History and Politics of Private Prisons in America is to examine the history of the movement establish how politics affects it and provide practitioners politicians academics and students with alternative thinking about the value of privatizing prison management In the first two chapters author Martin P Sellers provides a brief history of incarceration and surveys the current privatization movement in the United States identifying its roots in economics politics and administration Chapter 3 identifies the many political economic social and administrative arguments against privatization and attempts to explain how these arguments developed In chapter 4 Sellers analyzes three private prisons comparing them to three public prisons to determine which group is more efficient at providing prison services particularly health and education services Opening the Northeast Corridor to Private Competition for the Development of High-speed Rail United States. Congress. House. Committee on Transportation and Infrastructure, 2012 *Privatization* George K. Yarrow, Piotr Jasinski, 1996 The Enterprise of Law Bruce L. Benson, 2011-07-01 Defenders of the state's monopoly on lawmaking and law enforcement typically assume that any alternative arrangement would favor the rich at the expense of the poor or would lead to the collapse of social order and ignite a war Questioning how well these beliefs hold up to scrutiny this book offers a powerful

rebuttal of the received view of the relationship between law and government The provision of justice and security has long been linked in most people's minds to the exclusive province of government monopolies However in this path breaking book Benson shows that a system of market based institutions rooted in the legal principle of personal accountability under a rule of law in all aspects of criminal justice have and can deliver those services on their own without the aid of taxation and a coercive state monopoly on the establishment and enforcement of law In *The Enterprise of Law* Benson offers a powerful rebuttal of the received view of the relationship between law and government The book brilliantly shows that non state institutions have and do fight crime resolve disputes and render justice more effectively than the state because they have stronger incentives to do so The book offers a host of landmark findings and here is just a sampling The rapid recent growth of private sector security and conflict resolution continues the effective legacy of private crime control and the common law Protections for individual rights and private property are not the exclusive purview of government run legal systems Privatizing security and dispute resolution services and contracting out to the private sector can offer tangible benefits namely better and more just services at lower costs **Setting Smalltown Research Priorities** Beverly A. Cigler, 1987

Handbook of Public Finance Fred Thompson, Mark T. Green, 1998-02-04 Presenting emphases on and approaches to issues such as government spending reporting pricing and fiscal federalism the *Handbook of Public Finance* demonstrates the utility of integrating public finance theory with actual public policy practices It discusses applications in major subfields of public finance including public education environmental regulation energy policy social welfare programs and local and state politics Other topics of discussion include the theory and practice of tax incidence analysis the marginal costs of taxation and regulation the economics of expenditure incidence discounting and the social discount rate passive use benefits and public sector pricing *Encyclopedia of Law Enforcement* Larry E Sullivan, 2005 Vols 1 and 2 cover U S law

enforcement Vol 3 contains articles on individual foreign nations together with topical articles on international law enforcement *ERS Staff Report*, 1986 *The Future of Mail Delivery in the United States* United States. Congress. Joint Economic Committee. Subcommittee on Economic Goals and Intergovernmental Policy, 1982 **Blazing the Neoliberal**

Trail Timothy P. R. Weaver, 2016-01-07 *Blazing the Neoliberal Trail* asks how and why urban policy and politics have become dominated over the past three decades by promarket thinking Drawing on extensive archival research Timothy P R Weaver shows how elites became persuaded by neoliberal ideas and remade political institutions in their image *Handbook of*

Public Budgeting Jack Rabin, 1992-02-26 The *Handbook* is organized around two major themes the budget process and budgeting fundamentals Each chapter is a bibliographical treatise providing an in depth overview of a major subfield of the discipline The first section of the volume on the budget process presents background theories histo **Privatization of**

Roads and Highways: Human and Economic Factors, The Walter E. Block, 2011 This work is dedicated to my fellow Americans some 40 000 of them per year who have died needlessly in traffic fatalities It is my sincere hope and expectation

that under a system of private roads and highways in the future that this number may be radically reduced **Welfare and the State: Crisis of the welfare states** Nicholas Deakin, Catherine Jones Finer, Bob Matthews, 2004 *International Perspectives on Road Pricing*, 2005 TRB Conference Proceedings 34 International Perspectives on Road Pricing is the proceedings of the International Symposium on Road Pricing held on November 19-22 2003 in Key Biscayne Florida. The event was a collaborative effort of TRB, the Florida Department of Transportation, the Organization for Economic Cooperation and Development, and the federal Highway Administration. The report includes two commissioned resource papers that examine the evolution of congestion pricing and the state of the practice in road pricing outside the United States. The proceedings also explore pricing successes and the challenges that have accompanied specific projects implementation as well as the potential evolution of road pricing in the future Cutback Management United States National Park Service, 1982
