Now and Then We Time Travel Fraser A. Sherman,2017-02-06 More than 400 films and 150 television series have featured time travel stories of rewriting history lovers separated by centuries journeys to the past or the often dystopian future This book examines some of the roles time travel plays on screen in science fiction and fantasy Plot synopses and credits are listed for films and TV series from England Canada the UK and Japan as well as for TV and films from elsewhere in the world Tropes and plot elements are highlighted The author discusses philosophical questions about time travel such as the logic of timelines causality what s to keep time travelers from jumping back and correcting every mistake and morality if you correct a mistake are you still guilty of it *Machines* Abraham P. DeLeon,2015-01-01 This book is about machines those that have been actualized fantastical imaginal machines to those deployed as metaphorical devices to describe complex social processes Machines argues that they transcend time and space to emerge through a variety of spaces and places times and histories and representations They are such an integral fabric of daily reality that their disappearance would have immediate and dire consequences for the survival of humanity They are part and parcel to our contemporary social order From labor to social theory art or consciousness literature or television to the asylums of the 19th century machines are a central figure an outgrowth of affective desire that seeks to transcend organic limitations of bodies that whither age and die Machines takes the reader on an intellectual artistic and theoretical journey weaving an interdisciplinary tale of their emergence across social cultural and artistic boundaries With the deep engagement of various texts Machines offers the reader moments of escape alternative ways to envision technology for a future yet to materialize Machines rejects the notion that technological innovations are indeed neutral propelling us to think differently about those things created under specific economic or historical paradigms Rethinking machines provides a rupture to our current technocratic impetus shining a critical light on possible alternatives to our current reality Let us sit back and take a journey through Machines holding mechanical parts as guides to possible alternative futures *Dreamlands* Chrissie Iles,2016-01-01 A fascinating survey of pioneering work in experimental cinema and art from 1905 to the present day revealing the high stakes and transformative potential of these forms This generously illustrated publication surveys the work of filmmakers and artists who have pushed the material and conceptual boundaries of cinema Over the past century the material optical abstract spatial and tactile
