In 1989 Dr Robert Vande Kappelle cycled solo cross country The 3 400 mile trip was the seed project for the Washington County Pennsylvania chapter of Habitat for Humanity For forty two days he went Homeless for Habitat placing himself and his personal needs in the hands of strangers he met along the way At the beginning he cycled across some of the most mountainous and spectacular terrain in America After he crossed the Rockies a nagging headwind arose which only intensified with time That coupled with a deteriorating bicycle along one of the most desolate stretches of the journey produced spiritual testing of epic proportions He was tempted to compromise the integrity of the trek then to quit the trek and finally to curse his circumstances He sensed he was climbing an invisible mountain whose top could not be reached After venting his anger and frustration he discerned that tailwinds and flat terrain rarely evoke wisdom Insight flows freely however from the watershed atop life's invisible mountains The Invisible Mountain narrates the account of that trek The story examines the trek as adventure spiritual odyssey and as metaphor for the journey of life In the words of Millard Fuller co founder of Habitat for Humanity International and The Fuller Center for Housing Ride with Bob Vande Kappelle as you read You will enjoy the trip and you will gain all sorts of insights and perhaps most importantly you will learn about yourself and grow spiritually as you experience vicariously the wonderful adventure of this journey of faith
