Cyril Of Jerusalem Mystagogue The Authorship Of The Mystagogic Catecheses:

Cyril of Jerusalem, Mystagogue Alexis James Doval, 2001 After centuries of unresolved dispute over the question of whether the Mystagogic Catecheses belongs among the works of St Cyril of Jerusalem this book finally settles the controversy These post baptismal Easter sermons are a prized witness to the way the rites of initiation baptism confirmation and Eucharist were celebrated in fourth century Jerusalem and for the rich sacramental theology they contain Uncertain authorship has prevented the text from being fully appreciated as an integral part of Cyril s works Cyril s reputation as a catechist is time honored and his Baptismal Catecheses has served as an invaluable source of early Church doctrine and practice Scholars can now confidently include the mystagogic sermons in their study of Cyril s doctrinal and sacramental theology and practice This study addresses much more than the question of authorship A thorough examination of the Mystagogic Catecheses in conjunction with Cyril s Baptismal Catecheses provides a new view into his life and thought as both catechist and mystagogue It begins with a survey of those aspects of Cyril s life and his Jerusalem church that are relevant to reassessing the authorship of the Mystagogic Catecheses It then examines the text s manuscript tradition literary tradition and date There follows the most extensive section a comparative analysis of the disputed sermons and Cyril s Baptismal Catecheses in the areas of liturgical rites theology spirituality and literary style The text is then compared to the known works of the contending author John II of Jerusalem Finally the sermons are subjected to a stylometric analysis that is a computer based statistical analysis of literary style This book will be welcomed by scholars of early Christianity especially those interested in the life and works of Cyril of Jerusalem Of special interest is its treatment of the history and development of liturgy in the Christian East through the fourth century This is the first volume in the Patristic Monograph Series of the North American Patristic Society to be published by the Catholic University of America Press ABOUT THE AUTHOR Alexis James Doval is associate professor of religious studies at Saint Mary s College of California PRAISE FOR THE BOOK A considerable contribution to a vexed but vital question about Cyril and the mystagogical catecheses Doval s study is a must for any patrologist interested in liturgical history and theology concerned about the resurgence of the Jerusalem church studying the development of catechesis and catechumenate or exploring questions related to the controversies of the fourth century Prof Thomas Finn College of William and Mary The persistent question of authorship receives a comprehensive treatment in this work The door on John s authorship of the mystagogical catechesis is not completely closed but for Doval it remains an improbability at best Barring new evidence it will probably never be opened wide again in the wake of this study William P McDonald Journal of Early Christian Studies A n important purchase for libraries which have patristics collections or collections in the history of doctrine and liturgy Cecil R White Catholic Library World Doval s cumulative case is compelling and the onus must now be on those who dispute Cyril s authorship to justify continued dissent A n important contribution to studies of Cyril of Jerusalem and the fourth century liturgy of the Holy City Bryan D Spinks Journal of

Ecclesiastical History This book offers a very carefully defined structure and method for dealing with a highly complicated question Pablo F Argarate Toronto Journal of Theology

The Rites of Christian Initiation Maxwell E. Johnson, 2016-03-24 Originally published in 1999 The Rites of Christian Initiation was hailed for its clarity and comprehensiveness Karian McDonnell OSB called it the best overall treatment of Christian initiation available and Paul Bradshaw predicted it would be the standard textbook on the subject for very many years to come The current edition draws on new translations of early texts on baptism as well as recent scholarship on the early traditions in the East and West It is sure to replace itself as the new standard reference on the rites of Christian initiation Maxwell E Johnson's expanded and revised text provides a more complete view of the history and interpretation of the rites in the Eastern Church including two chapters that explore the pre Nicene Eastern and Western traditions in detail Revisiting the theology of baptism this edition also provides more nuanced positions on the Eastern and Western traditions Finally recent liturgical developments in American Protestant churches particularly Lutheran as well as the ongoing development of the RCIA and confirmation practices of Catholics made it necessary to revisit the place and meaning of these rites in the church today Maxwell E Johnson PhD is professor of liturgy at the University of Notre Dame and an ordained minister of the Evangelical Lutheran Church in America He has published in Worship and is the editor of and contributor to Living Water Sealing Spirit Readings on Christian Initiation Liturgical Press 1995 and the revised and expanded edition of E C Whitaker Documents of the Baptismal Liturgy Liturgical Press and S P C K 2003 to which this study serves as a companion volume

Remains of the Jews Andrew S. Jacobs, 2004 Remains of the Jews studies the rise of Christian Empire in late antiquity 300-550 C.E. through the dense and complex manner in which Christian authors wrote about Jews in the charged space of the holy land The book employs contemporary cultural studies particularly postcolonial criticism to read Christian writings about holy land Jews as colonial writings These writings created a cultural context in which Christians viewed themselves as powerful and in which perhaps Jews were able to construct a posture of resistance to

this new Christian Empire Remains of the Jews reexamines familiar types of literature biblical interpretation histories sermons letters from a new perspective in order to understand how power and resistance shaped religious identities in the later Roman Empire The Power of Religion in Late Antiquity Andrew Cain,2016-09-17 Late Antiquity witnessed a dramatic recalibration in the economy of power and nowhere was this more pronounced than in the realm of religion The transformations that occurred in this pivotal era moved the ancient world into the Middle Ages and forever changed the way that religion was practiced The twenty eight studies in this volume explore this shift using evidence ranging from Latin poetic texts to Syriac letter collections to the iconography of Roman churches and Merovingian mortuary goods They range in chronology from the late third through the early seventh centuries AD and apply varied theories and approaches All converge around the notion that religion is fundamentally a discourse of power and that power in Late Antiquity was especially charged with the force of religion The articles are divided into eight sections which examine the power of religion in literature theurgical power over the divine emperors and the deployment of religious power limitations on the power of the ecclesiastical hierarchy the use of the cross as a symbol of power Rome and its transformation as a center of power the power of religion in the barbarian west and religious power in the communities of the east This kaleidoscope of perspectives creates a richly illuminating volume that add a new social and political dimension to current debates about religion in Late Antiquity **A Very Anglican Monk** David Fuller,2014-05-05 Anglican Benedictine monk Dom Gregory Dix 1901 52 was at the heart of studies of liturgy and worship in the Church of England He was a prolific author whose magnum opus *The Shape of the Liturgy* 1945 has remained on the publishers shelves to this day *A Very Anglican Monk* studies many aspects of Dix s life and works **From Nicaea to Chalcedon** Frances M. Young,2013-01-26 Created as a companion guide to a Patristics textbook *From Nicaea to Chalcedon* surveys a variety of writings to have occurred during one of the most significant periods in the formation of the Church from 265 466 It does not aim to cover the subject as a textbook would but aims to delve deeper into some of the characters who were involved with the Church or the Councils during this period Beginning with Eusebius of Caesarea and the first council of the Church at Nicaea and ending with Theodore of Cyrrhus who is thought to have changed his view of Christology after the watershed Council of Chalcedon this unique text surveys some of the most influential characters to have shaped Church history and the formation of doctrine Surveying a mixture of significant literary figures laymen bishops and heretics this book presents biographical literary critical and theological information about each They are chosen either because they are important to the history of doctrine or because new material about them has thrown light upon their work or because they will broaden the reader s understanding of the culture and history of the period or of live issues in the church at the time Structured in five parts each part deals with a period of time and a sequence of characters so the book is easily followed in chronological order Added to this is the double bibliography which in this edition is fully updated Bibliography A details those texts in English of the original texts of antiquity whilst Bibliography B provides

details of publications in English French and German which have appeared since 1960 2004 on or about the characters discussed in the body of the text *A History of Early Christian Creeds* Wolfram Kinzig, 2024-07-01 This history of early Christian creeds contains an up to date account of their origin and development from the credal texts in the New Testament to the fully fledged classical formulae of the 4th century It includes the creeds use and alteration in subsequent periods until the time of Charlemagne and the beginnings of the filioque controversy In addition the author provides a scholarly commentary on the most common ancient confessions the Nicene Creed and the Apostles Creed Going beyond previous studies the book contains chapters dedicated to the use of creeds in law art music everyday life and even magic Recently discovered source texts such as a new Ethiopic version of the Roman Creed and a short recension of the Creed of Nicaea Constantinople receive extensive treatment Credal developments in the eastern churches beyond the borders of the Roman Empire complete this comprehensive overview This volume is intended both as a textbook for advanced students of theology and cognate disciplines and as a reference book on the creeds in a wide range of contexts All source texts are accompanied by modern English translations Winner of the Alberigo Award 2024 awarded by the European Academy of Religion **Cyril of Jerusalem: Bishop and City** Jan Willem Drijvers, 2004-12-01 This volume deals with the episcopate of Cyril of Jerusalem 350 to 387 Its overall theme is the relationship between the city and its bishop and in particular Cyril s efforts to promote Jerusalem as the Christian city par excellence by employing Jerusalem s religious symbols the holy sites and the Cross Apart from chapters on Jerusalem in the fourth century C E and on the life and works of Cyril this study discusses important aspects and events of Cyril s episcopacy such as his pastoral work as an urban bishop of the Jerusalem Christian community Jerusalem s liturgy the rebuilding of the Temple giving a re interpretation of the Syriac letter ascribed to Cyril about this event and Jerusalem s and Palestine s religious landscape **Eucharistic Origins, Revised Edition** Paul F. Bradshaw, 2023-06-20 Eucharistic Origins was published a number of years ago This revised edition continues to incorporate the work of the latest liturgical scholars in establishing that the earliest Christian celebrations arose out of varied forms of their ritual meals and not out of the Last Supper The custom of centering Christian practice in ritual meals seems to have lasted for about one hundred and fifty years before it began to be replaced by morning meetings at which the sacrament was distributed and subsequently by a complete celebration of the Eucharist It is here in the third and fourth centuries and not in the distant Jewish past that the forms of the classical eucharistic prayers emerged and developed The most important of these are presented in full and their theology discussed *Tradition and Innovation: Baptismal Rite and Mystagogy in Theodore of Mopsuestia and Narsai of Nisibis* Nathan Witkamp, 2018-08-27 In Tradition and Innovation Nathan Witkamp convincingly argues that Narsai of Nisibis d ca 503 baptismal rite and mystagogy as portrayed in his Liturgical Homilies 21 22 are much less dependent on Theodore of Mopsuestia ca 350 ca 428 than scholars have previously supposed Narsai s baptismal rite turns out to represent a particular East Syrian liturgical tradition independent of Theodore In his mystagogy

Narsai uses Theodore's Baptismal Homilies 1-3 as just one source among others to create the artwork he desires. This detailed comparative study contributes to our understanding of rite and mystagogy in Theodore and Narsai within the broader early Syrian context as well as to the reception of Theodore by Narsai and the East Syrian Church. *Early and Medieval Rituals and Theologies of Baptism* Bryan D. Spinks, 2017-03-02 Presenting a comprehensive survey of the historical underpinnings of baptismal liturgies and theologies Bryan Spinks presents an ecumenically and geographically wide ranging survey and discussion of contemporary baptismal rites practice and reflection and sacramental theology Writing within a clear chronological framework Bryan Spinks presents two simultaneous volumes on Baptismal Liturgy and Theology In the first volume *Early and Medieval Rituals and Theologies of Baptism* Bryan Spinks summarizes the understandings of baptism in the New Testament and the development of baptismal reflection and liturgical rites throughout Syrian Egyptian Roman and African regions He focuses particularly on the Homilies of Chrysostom Cyril of Jerusalem Theodore and Ambrose the post nicene rites and commentaries and the impact of medieval theologies of baptism and Augustinian theology with reference to Western understanding In the second volume *Reformation and Modern Rituals and Theologies of Baptism* Spinks traces developments through the Reformation liturgies in the eighteenth and nineteenth centuries and explores important new ecumenical perspectives on developments of twentieth century sacramental discussion **Secret Faith in the Public Square** Jonathan Malesic, 2009-09-01 In this groundbreaking and provocative book Jonathan Malesic argues that the best way for Christians to be caretakers of their tradition and to love their neighbors selflessly is to conceal their religious identity in American public life The alternative insisting on Christianity's public visibility in politics the marketplace and the workplace risks severely compromising the distinctiveness of Christian identity Delving deep into the Christian tradition Malesic explains that keeping Christian identity secret means living fully in the world while maintaining Christian language prayer and liturgy in reserve He shows how major thinkers Cyril of Jerusalem Søren Kierkegaard and Dietrich Bonhoeffer sought to protect Christian identity from being compromised by the public sphere He then shows that Christians dual responsibilities for the tradition and for the neighbor must be kept secret *Papers Presented at the Fourteenth International Conference on Patristic Studies Held in Oxford 2003: Liturgia et cultus; Theologica et philosophica; Critica et philologica; Nachleben; First two centuries* Frances Margaret Young, Mark J. Edwards, Paul M. Parvis, 2006 **Papers Presented at the Fourteenth International Conference on Patristic Studies Held in Oxford 2003** Frances Margaret Young, Mark J. Edwards, Paul M. Parvis, 2006 *Roman Festivals in the Greek East* Fritz Graf, 2015-11-05 This book explores how festivals of Rome were celebrated in the Greek East and their transformations in the Christian world **Ancient Gospel or Modern Forgery?** Tony Burke, 2013-01-07 In 1958 American historian of religion Morton Smith made an astounding discovery in the Mar Saba monastery in Jerusalem Copied into the back of a seventeenth century book was a lost letter attributed to Clement of Alexandria ca 150-215 CE that contained excerpts from a longer version of the Gospel of Mark

written by Mark himself and circulating in Alexandria Egypt More than fifty years after its discovery the origins of this Secret Gospel of Mark remain contentious Some consider it an authentic witness to an early form of Mark perhaps even predating canonical Mark Some claim it is a medieval or premodern forgery created by a monastic scribe And others argue it is a forgery created by Morton Smith himself All these positions are addressed in the papers contained in this volume Nine North American scholars internationally recognized for their contributions to the study of Secret Mark met at York University in Toronto Canada in April 2011 to examine recent developments in scholarship on the gospel and the letter in which it is found Their results represent a substantial step forward in determining the origins of this mysterious and controversial text List of Contributors Scott G Brown Tony Burke Stephen C Carlson Bruce Chilton Craig A Evans Paul Foster Charles W Hedrick Peter Jeffery Allan J Pantuck Marvin Meyer Hershel Shanks Pierluigi Piovanelli
