DV-Made China Zhen Zhang, Angela Zito, 2015-04-30 In 1990s post Reform China a growing number of people armed with video cameras poured out upon the Chinese landscape to both observe and contribute to the social changes then underway Happening upon the crucial platform of an older independent film movement this digital turn has given us a DV China that includes film and media communities across different social strata and disenfranchised groups including ethnic and religious minorities and LGBTQ communities DV Made China takes stock of these phenomena by surveying the social and cultural landscape of grassroots and alternative cinema practices after the digital turn around the beginning of the new century The volume shows how Chinese independent amateur and activist filmmakers energize the tension between old and new media performance and representation fiction and non fiction art and politics China and the world Essays by scholars in cinema and media studies anthropology history Asian and Tibetan studies bring innovative interdisciplinary methodologies to critically expand upon existing scholarship on contemporary Chinese independent documentary Their inquiries then extend to narrative feature activist video animation and other digital hybrids At every turn the book confronts digital ironies On the one hand its portability facilitates forms of radically private film production and audience habits of small screen consumption Yet it also simultaneously links up makers and consumers curators and censors allowing for speedier circulation more discussion and quicker formations of public political and aesthetic discourses DV Made China introduces new frameworks in a Chinese setting that range from aesthetics to ethical activism from digital shooting and editing techniques to the politics of film circulation in festivals and online Politics the

authors urge travels along paths of aesthetic excitement and aesthetic choices conversely always bear ethical consequences The films their makers their audiences and their distributional pathways all harbor implications for social change that are closely intertwined with the fate of media culture in the new century of a world that both contains and is influenced by China

Voice and Vision: A Creative Approach to Narrative Film and DV Production Mick Hurbis-Cherrier, 2007-03-13

Voice Vision is a comprehensive manual for the independent filmmakers and film students who want a solid grounding in the tools techniques and processes of narrative film in order to achieve their artistic vision This book includes essential and detailed information on relevant film and digital video tools a thorough overview of the filmmaking stages and the aesthetic considerations for telling a visual story The ultimate goal of this book is to help you develop your creative voice while acquiring the solid practical skills and confidence to use it Unlike many books that privilege raw technical information or the line producing aspects of production Voice Vision places creativity visual expression and cinematic ideas front and center After all every practical decision a filmmaker makes like choosing a location an actor a film stock a focal length a lighting set up an edit point or a sound effect is also an expressive one and should serve the filmmaker's vision Every decision from the largest conceptual choices to the smallest practical solutions has a profound impact on what appears on the screen and how it moves an audience In Practice sidebars throughout Voice Vision connect conceptual aesthetic and technical issues to their application in the real world Some provide a brief analysis of a scene or technique from easily rentable films which illustrate how a specific technology or process is used to support a conceptual narrative or aesthetic choice Others recount common production challenges encountered on real student and professional shoots which will inspire you to be innovative and resourceful when you are solving your own filmmaking challenges
