The Da Vinci Code Shirley Bell, 2008-04-02 A thoughtful well written and entertaining discussion of the often speculative background to Dan Brown's best selling novel The intriguing backdrop to the The Da Vinci Code has proved even more interesting to many than the modern thriller that plays out against a canvas of history interpretations of archaeological findings ancient documents discovered in the Middle East and speculations about the life and relationships of Jesus Christ This fascinating book offers the questing mind an opportunity to look behind the story at the unfolding possibilities of its compelling background Dan Brown's book would hardly have caused such a stir were readers not already questioning some of the dogma of their own belief systems The author has written several books on a variety of subjects and is the former head of a university Department of English and the retired director of its publishing division

Decoding Your Destiny (EasyRead Large Bold Edition) , **Sanctifying Misandry** Katherine K. Young, Paul Nathanson, 2010 In Sanctifying Misandry Katherine Young and Paul Nathanson challenge an influential version of modern goddess religion one that undermines sexual equality and promotes hatred in the form of misandry the sexist counterpart of misogyny To set the stage The authors discuss two massively popular books Dan Brown's the Da Vinci Code and Riane Eisler's the Chalice And The Blade both of which rely on a feminist conspiracy theory of history They then show how some goddess feminists and their academic supporters have turned what Christians know as the Fall of

Man into the fall of men In the beginning according to three documentary films our ancestors lived in an egalitarian paradise under the aegis of a benevolent great goddess But men either rebelled or invaded replacing the goddess with gods and establishing patriarchies that have oppressed women ever since In the end however women will restore the goddess and therefore paradise as well The book concludes with several case studies of modern goddess religion and its effects on mainstream religion Young and Nathanson show that we can move beyond not only both gynocentrism and androcentrism but also both misandry and misogyny American Culture Transformed Edward Bruce Tucker, Priscilla Walton, 2012-07-31 The bombing of the Twin Towers in New York City on September 11 2001 marked a major turning point in modern American culture Priscilla Walton and Bruce Tucker examine critical moments in the aftermath of 9 11 the Enron scandal the trial of Martha Stewart the capture and rescue of Jessica Lynch the torture at Abu Ghraib prison the widespread popularity of Dan Brown's *The Da Vinci Code* and Tim LeHaye's *Left Behind* series Michael Moore's movie *Fahrenheit 9 11* and former president Ronald Reagan's funeral The authors argue that commentators on the American scene abandoned complexity seeking to reduce events to their simplest signification They ask how the singularity of meaning came to dominate American cultural consciousness and they seek to theorize the critical cultural and political movements of the post 9 11 period *The Solomon Key and Beyond* W. Frederick Zimmerman, 2005-02 The Unauthorized Dan Brown Update includes information about Digital Fortress Angels Demons Deception Point *The Da Vinci Code* book and movie *The Solomon Key* and subsequent novels It's a mini book in the sense that it is fairly thin 96 pages to start with although it will grow over time For example detailed chapter by chapter analysis of *The Solomon Key* will be added soon after that novel is published This is a meta book in the sense that it complements without trying to replace the many worthy books that are already available about *The Da Vinci Code* This book is unique in that it provides a nimble timely report on all of Dan Brown's activities including everything that is known about *The Solomon Key* *The Da Vinci Code* movie and beyond Unveiling the Da Vinci Code Bo Kirkwood, 2006-01-15 *Unveiling the Da Vinci Code* is a critique of Dan Brown's enormously popular book written from a layman's perspective It attempts to sort out the truth from the fiction The true purposes of the Priory of Sion what really occurred at the Council of Nicea and Gnosticism are among several topics discussed **Umberto Eco, *The Da Vinci Code, and the Intellectual in the Age of Popular Culture*** Douglass Merrell, 2017-06-05 This book provides a philosophical overview of Umberto Eco's historical and cultural development as a unique internationally recognized public intellectual who communicates his ideas to both an academic and a popular audience It describes Eco's intellectual development from his childhood during World War II and student involvement as a Catholic youth activist and scholar of the Middle Ages to his early writings on the openness of modern works such as Joyce's *Finnegans Wake* Merrell also explores Eco's pioneering role in semiotics and his later career as a novelist The Overrated Book Henry H. Owings, 2006 Brought about by the staff of *Chunklet Magazine* a paragon of satire for the holy cows of underground music and culture Since the early 90s *Chunklet* has

mercilessly lampooned the music industry and is one of the most beloved reads for the hippest bands and music aficionados The highly graphic style combines the work of political cartoonist Ted Rall with many talented young artists from the Cartoon network

The Da Vinci Codebreaker James L. Garlow, 2006 An expose of the bestselling novel Readers questioning The Da Vinci Code can fact check with this book of terms events people and places

World War III! Michael Campbell, 2008-04 The Book of Revelations describes the events leading up to the Second Coming of Jesus Christ The Apostle John describes the 21st Century while giving us essential information Was 9 11 the beginning of World War III Are both Bush administrations playing key roles in the incredible drama of the last days Is President George W Bush a hero or a villain Will the next terrorist attack include nuclear radiation Will the Iraq War be the catalyst precipitating a series of events that will result in the death of one third of the human race What should we be doing now to become fully prepared for these cataclysmic events Despite the terrible turmoil and the gathering clouds of doom we need not fear The Plan of God will prevail Satan will be defeated because the Atonement of Jesus Christ has made it impossible for evil to survive In the end good will conquer evil The purpose of life is to make choices People who choose to love others and to be kind will fulfill the purpose of their mortal existence They are the people who are embracing the eternal opportunities that have been provided by God They will be happy forever
