James L. Gibson

Daedalus Why South Africa Matters:

Governing through Crime in South Africa Gail Super, 2016-04-22 This book deals with the historic transition to democracy in South Africa and its impact upon crime and punishment. It examines how the problem of crime has emerged as a major issue to be governed in post-apartheid South Africa. Having undergone a dramatic transition from authoritarianism to democracy from a white minority to black majority government, South Africa provides rich material on the role that political authority and challenges to it play in the construction of crime and criminality. As such, the study is about the socio-cultural and political significance of crime and punishment in the context of a change of regime. The work uses the South African case study to examine a question of wider interest, namely the politics of punishment and race in neoliberalizing regimes. It provides interesting and illuminating empirical material to the broader debate on crime control in post-welfare neoliberalizing post-transition polities.

Socio-Spatial Small Town Dynamics in South Africa Ronnie Donaldson, 2023-07-14 This book explores small town geographical aspects by approaching them from a socio-spatial perspective. The contributions included in this book delve into a range of topics that have not been commonly studied before, such as white privilege, neglect of municipal infrastructure, collaborative governance, livelihoods in small-scale fisheries, housing provision, well-being in mining towns, studentification in rural contexts, election trends, and the historical development of small town spas. The book adopts a socio-spatial point of view, providing a holistic understanding of the interplay between social and spatial factors within selected small town case studies. This approach sheds light on the socio-economic, political, and cultural dynamics that shape small towns. This localized perspective allows for a more targeted analysis of issues and potential solutions, taking into account the specific historical, cultural, and political contexts of small town South Africa. The edited volume serves as a valuable resource for academics, policymakers, practitioners, and anyone interested in understanding and improving small towns in South Africa.

When Bodies Remember Didier Fassin, 2007-03-14 Publisher Description *Overcoming Historical Injustices* James L. Gibson, 2009-07-20 *Overcoming Historical Injustices* is the last entry in Gibson's *Overcoming* trilogy on South Africa's transformation from apartheid to democracy. Focusing on the issue of historical land dispossession, the taking of African land under colonialism and apartheid, this book investigates the judgements South Africans make about the fairness of their country's past. Should, for instance, land seized under apartheid be returned today to its rightful owner? Gibson's research zeroes in on group identities and attachments as the thread that connects people to the past. Even when individuals have experienced no direct harm in the past, they care about the fairness of the treatment of their group to the extent that they identify with that group. Gibson's analysis shows that land issues in contemporary South Africa are salient, volatile, and enshrouded in symbols, and most important, that interracial differences in understandings of the past and preferences for the future are profound.

South African Cultural Studies Christopher J. Lee, Andrew Offenburger, 2025-09-16 This book offers a holistic guide as to how South African identity and culture can be

understood in the past present and future Drawing from the rich archive of previously published articles from the journal *Safundi South African Cultural Studies* documents the mutual histories of the country and the journal over the past quarter century Divided into six sections the first section addresses cultural figures including Oprah Winfrey Trevor Noah Olive Schreiner and Dimitri Tsfendas an unusual group that illustrates the unique and international character of South African culture The second part brings attention to the important role that photography has had in depicting and narrating South African cultural life whether through the intimacies found in recent images by Zanele Muholi or the historical work of David Goldblatt and Santu Mofokeng The third section of the book looks at music as another idiom that has proven indispensable for South African social life with Miriam Makeba Rodriguez and Die Antwoord providing examples The fourth and fifth sections of this book address sexuality and film respectively underscoring at once the contrasting approaches to popular culture that have surfaced in *Safundi* as well as their requisite abilities for grasping everyday tastes and mores The worlds of *Ms* magazine District 9 Black Panther and Spike Lee to pick only several topics raised supply ways of thinking across these chapters The final section of the volume concludes with the role of place in the construction of culture whether museums national monuments the Spur restaurant franchise or landscapes like the Karoo This book will be an indispensable resource for scholars students activists and critics as well as readers who are generally interested in understanding South Africa's cultural history over the past century

Performative Inter-Actions in African Theatre 3 Kene Igweonu, Osita Okagbue, 2014-01-02 This book is part of a three volume book set published under the general title of *Performative Inter Actions in African Theatre* Each of the three books in the set has a unique subtitle that works to better focus its content and differentiates it from the other two volumes The contributors' backgrounds and global spread adequately reflect the international focus of the three books that make up the collection The contributions in their various ways demonstrate the many advances and ingenious solutions

adopted by African theatre practitioners in tackling some of the challenges arising from the adverse colonial experience as well as the one sided advance of globalisation The contributions attest to the thriving nature of African theatre and performance which in the face of these challenges has managed to retain its distinctiveness while at the same time acknowledging contesting and appropriating influences from elsewhere into an aesthetic that is identifiably African Consequently the three books are presented as a comprehensive exploration of the current state of African theatre and performance both on the continent and diaspora Performative Inter Actions in African Theatre 3 Making Space Rethinking Drama and Theatre in Africa offers essays that seek to re conceptualise notions of drama and theatre in Africa and therefore redefine our understanding of the practice role and place they occupy in a constantly evolving African socio cultural contexts Contributions in Making Space Rethinking Drama and Theatre in Africa range from essays that explore notions of space in performance to those that challenge the perceived orthodoxy of conventional forms and approaches to theatre **The**

Threat of Race David Theo Goldberg,2011-09-09 Written by a renowned scholar of critical race theory The Threat of Race explores how the concept of race has been historically produced and how it continues to be articulated if often denied in today s world A major new study of race and racism by a renowned scholar of critical race theory Explores how the concept of race has been historically produced and how it continues to be articulated if often denied in today s world Argues that it is the neoliberal society that fuels new forms of racism Surveys race dynamics throughout various regions of the world from Western and Northern Europe South Africa and Latin America and from Israel and Palestine to the United States *Africa Beyond the Post-Colonial* Alfred B. Zack-Williams,2017-07-05 Drawing together contributions from academics based in Africa and its diaspora this work is unique in considering the situation and status of Africans globally It explores a broad range of contemporary issues from development and culture to linguistics within the socio political framework of Africa in the 21st century **Shades of Difference** Padraig O'Malley,2025-05-05 Mac Maharaj played a pivotal role in the liberation

movement for nearly four decades suffering brutal tortures and twelve years imprisonment on Robben Island with Nelson Mandela It was Maharaj who smuggled out the manuscript of Mandela s autobiography and later re entered South Africa to establish a political and military underground on a mission so secret that only those at the highest levels were even aware of its existence Drawing from extensive interviews with Maharaj over eleven years and hitherto unavailable documents Padraig O Malley vividly renders a true tale of heroism and a gripping insider s look at the struggle for freedom in South Africa

Transition Economies Gergő M. Lakatos,2008 A transition economy is an economy which is changing from a planned economy to a free market Transition economies undergo economic liberalisation letting market forces set prices and lowering trade barriers macroeconomic stabilisation where immediate high inflation is brought under control and restructuring and privatisation in order to create a financial sector and move from public to private ownership of resources These changes often may lead to increased inequality of incomes and wealth dramatic inflation and a fall of GDP Transition process is

usually characterised by the changing and creating of institutions particularly private enterprises changes in the role of the state thereby the creation of fundamentally different governmental institutions and the promotion of private owned enterprises markets and independent financial institutions This new book presents the latest research from around the world in this field

Law, Society, and Democracy: Comparative Perspectives Richard D. Schwartz, 2006-10-09 In George Bush s Second Inaugural Address he stated so it is the policy of the United States to seek and support the growth of democratic movements and institutions in every nation and culture Along with such a formidable challenge comes the essential need for scholars and policy makers alike to gain a deeper understanding of the interrelationship between law society and culture Collected from the successful 2005 Syracuse conference of the same name the papers in this unique issue of *The ANNALS* zero in on critical studies that focus on other societies which are evolving toward or away from constitutional democracy and a rule of law Not to be confused with Social Darwinism the term legal evolution in this context refers to the development or changes of law and the papers included here demonstrate value free objectivity not labeling the results as either good or bad Rather than offering a prescriptive or claiming a precise forecast this collection of thoughtful research examines the sociocultural foundations on which law is built constructing the groundwork for the advancement of policy and further exploration in this intriguing area of study The intense research conducted by these authors shines through as they elucidate the patterns of legal development and governmental change in societies abroad Their reports and analysis will help readers understand the diversity of sociolegal systems and divergent paths that have been followed as laws have developed in a wide variety of societies including South Africa Germany Latin America Sudan Saudi Arabia and China Terrorism remains an underlying issue in both a domestic and global perspective Can law contribute to the control of terrorism Are we moving toward global rules of law What are the consequences of transitioning toward democracy The thoughtful papers in this issue address these and other timely topics How can legal evolution be a useful tool for analyzing social change How well does law in any society

express and implement the needs of the population What effect do social mores have on the effectiveness of law The complexity of these questions cannot be easily answered However after carefully reviewing the rich collection of ideas gathered in this single issue scholars and policy makers will gain a deeper understanding of the evolution of law and constitutional democracy

Constitutional Democracy Walter F. Murphy, 2007 Publisher Description *Elusive Equity* Edward B. Fiske, Helen F. Ladd, 2004-07-29 *Elusive Equity* chronicles South Africa's efforts to fashion a racially equitable state education system from the ashes of apartheid Edward Fiske and Helen Ladd draw on previously unpublished data interviews with key officials and visits to dozens of schools to describe the changes made in school finance teacher assignment policies governance curriculum higher education and other areas

Changing Values, Persisting Cultures Thorleif Pettersson, Yilmaz R. Esmer, 2008 In 1981 the European and World Values surveys started the empirical investigation of cultural values on a global scale This volume builds upon the findings of these surveys and analyzes value change in a number of key countries around the globe The authors track value change and stability in their respective countries during the last decade the last two decades where data are available of the 20th century All authors have been actively involved in value surveys and have a great deal of expertise in countries that they write on Thus the volume is a valuable complement to studies that deal with the topic from a global perspective without providing any detail about individual societies The countries covered are Argentina Austria Canada Denmark France Germany Mexico the Netherlands South Africa South Korea Spain Sweden Turkey and the United States

The Universal Church of the Kingdom of God in South Africa Ilana van Wyk, 2014-05-12 This book shows how the UCKG utilizes rituals that are locally meaningful and are informed by local ideas about human bodies agency and ontological balance

Global Health In Practice: Investing Amidst Pandemics, Denial Of Evidence, And Neo-dependency Olusoji Adeyi, 2021-12-28 The COVID 19 pandemic has laid bare the world's vulnerabilities to health and economic ruin from disease outbreaks But the pandemic merely reveals fundamental weaknesses and contradictions in global health What are the roots of discontents in global health How do geo politics power dynamics knowledge gaps racism and corruption affect global health Is foreign aid for health due for a radical overhaul This book is an incisive guide to the practice of global health in real life Global health policy is at a crossroads It is on trial at the interface between the Global North and the Global South There has been remarkable progress in health outcomes over the past century Yet countries face a complex landscape of lofty ambitions in the form of political commitments to Universal Health Coverage Human Capital and Global Health Security These ambitions are tempered by multiple constraints Investors in global health must navigate a minefield of uneven progress great expectations and denials of scientific evidence by entrenched interests That terrain is further complicated by the hegemonic suppression of innovation that threatens the status quo and by self-perpetuating cycles of dependency of the Global South on the Global North This book is an unflinching scrutiny of concepts and cases by a veteran of global health policy and practice It holds a mirror to the world and lays out pathways to a better future The book is

a must have GPS for policy makers and practitioners as they navigate the maze of global health **Quand les corps se souviennent - Expériences et politiques du sida en Afrique du Sud** Didier Fassin, 2013-12-12 Quels sont les enjeux politiques d'une crise épidémiologique qui met en cause les discours de la science autant que la gestion du pouvoir Un prisme original pour lire l'histoire récente de l'apartheid Avec six millions de personnes infectées l'Afrique du Sud est le pays du monde le plus gravement touché par l'épidémie de sida Elle est aussi le lieu des débats les plus virulents sur les causes et les traitements de la maladie des mobilisations les plus spectaculaires et des procès les plus retentissants pour l'accès aux médicaments Que ces faits surviennent dans le contexte de l'apartheid dans une nouvelle Afrique du Sud où la reconstruction d'une nation arc-en-ciel affranchie des barrières raciales semblait enfin possible confère cette situation une tonalité particulièrement dramatique En ce sens la chronique sud-africaine du sida de ses morts annoncées et de ses politiques incessantes forme le contrepoint de la Commission vérité et réconciliation qui s'est efforcée de solder un héritage douloureux Fruit de cinq années d'enquête dans les townships et les anciens homelands comme dans les milieux savants et politiques sud-africains ce livre retrace les enjeux politiques d'une crise épidémiologique qui met en cause les discours de la science autant que la gestion du pouvoir il montre partir des biographies de malades et de l'anatomie des controverses comment l'histoire de la colonisation et de la ségrégation demeure vivante dans les inégalités et les violences dans le racisme et les accusations de racisme Le passé est intensément présent se dévoilant sans cesse travers une politique de la souffrance et une économie du ressentiment Il s'agit donc ici de comprendre de la manière la plus littéraire comment les corps se souviennent Au-delà de la singularité historique de l'Afrique du Sud l'auteur propose ainsi une réflexion sur la mémoire des afflictions collectives dans les sociétés contemporaines et sur l'anesthésie politique que perpétue notre indifférence à l'égard de ces injustices *Marriage and Divorce in a Multi-Cultural Context* Joel A. Nichols, 2011-10-31 American family law makes two key assumptions first that the civil state possesses sole authority over marriage and divorce and second that the civil law may contain only one regulatory regime for such matters These assumptions run counter to the multicultural and religiously plural nature of our society This book elaborates how those assumptions are descriptively incorrect and it begins an important conversation about whether more pluralism in family law is normatively desirable For example may couples rely upon religious tribunals Jewish Muslim or otherwise to decide family law disputes May couples opt into stricter divorce rules either through premarital contracts or covenant marriages How should the state respond Intentionally interdisciplinary and international in scope this volume contains contributions from fourteen leading scholars The authors address the provocative question of whether the state must consider sharing its jurisdictional authority with other groups in family law
