Thatcher,2011-06-25 ADAMANT AGGRESSORS is a practical guide to help scholars political scientists policy makers and laymen understand and apply specific lessons that history has for the present time It takes a business case look at five adamant aggressors Mehmed the Conqueror James K Polk Adolph Hitler Chaim Weizmann David Ben Gurion Joseph Stalin and what they teach about recognizing and dealing with adamant aggressors who may be threatening America today While these lessons may not ensure that the best choices will be made today understanding them will help readers to reject demonstrated bad choices and thus more likely arrive at better choices This unique approach allows readers to quickly

peruse a 2 3 page Executive Summary at the beginning of each case study or to examine a thoroughly researched and documented narrative of the aggressor s action and the reactions of his targets Analysis then details how each aggressor is identified as adamant and might have been while there was time to react effectively and how targets violated or sometimes conformed to guidelines for dealing with adamant aggressors The final chapter draws from the five cases to validate the lessons for how to recognize and deal with adamant aggressors and urges application by America s leaders USA Best Books 2011 awards Finalist in the Current Events Political Social category
