Dineschandra Sircar

Agni And Indra:

The Hymns of the Rgveda Ralph Thomas Hotchkin Griffith, Jagdish Lal Shastri, 1973-01-01 The Rgveda the oldest literary record of the Aryan race and the sacred book of the Hindus has very few authentic translations in English Most of the translations are only the imitations of interpretations which the mediaeval Hindus as represented by Sayana have offered Griffith's is the only translation which though guided by Sayana ventures to deviate from him widely and frequently It may be ranked as an independent translation hitherto made in English But this century old translation needed re editing necessitating a new edition incorporating improvements without disturbing the original In this edition the Greek letters have been romanized wherever there are references in the footnotes from the Greek language The system of transcription has been modernized even in regard to Avestan words in the footnotes following the system of Bartholomae The complete translation has been published in a single volume for the convenience of the reader Each and every figure in the index has been duly checked and revised *The Jyotishma Ritual* H.W. Bodewitz, 2023-07-31 **Grundriss der indo-arischen Philologie und Altertumskunde** Georg Bühler, 1897 Rigveda Brahmanas, 1998-01-01 The Present Volume No 25 Of The Harvard Oriental Series Contains Dr A B Keith's English Translation Of The Aitareya And Kausitaki Brahmanas Of Rgveda This Monumental Work Is An Excellent Contribution To The Knowledge Of Sacrificial Cult That Characterized Indian Life In The Vedic Age *Prajapati's Rise to Higher Rank* Gonda, 2023-07-17 , **Hinduism - Ritual, Reason and Beyond** Ashok Mishra, 2019-08-03 The book is journey through 5000 years of evolution of Hinduism and is outcome of seven years of study to understand the roots of Hinduism Tracing the genesis of Hinduism to pre Indus Valley period the book explains Hinduism and Sanatana Dharma before it takes one through Hinduism's oldest scriptures the four Vedas the four components of each Veda and what they contain How all original translations of Vedic texts were done by Western Sanskrit scholars and why their works have left scope for doubt about the fidelity of translations The yajnas yagya like Ashvamedha Rajsooya Vajpeya etc about which we only hear on TV serials and talk shows have been demystified The reader will be taken aback reading the sheer size and scale of Soma yajna described step by step in great detail Hinduism's journey to the Age of Reason the Upanishads its encounter with Buddhism and its transformation into idol worshipping society with many gods and a multitude of stories about its millions of gods is lucidly explained Puranas what they contain and what was the reason they were created has been described and explained next Hinduism's journey to its modern form idol worship the modern puja detailed description of puja and Sanskaras like Vivaha their detailed description the meaning of each action and how they are conducted the gift to the priest types of idols their consecration all are explained to help a reader understand the why and the how of what we do as a Hindu The book concludes with a discussion of Do mantras have power Do rituals have meaning **Rig Veda** Devajyoti Sarkar, 2022-07-27 A translation of the complete Rig Veda into English with a state of the art search and discovery capability This is the first Digital Book that aims to answer the question What is in the Rig Veda

and where do I find it The Vedic heritage and the Rig Veda in particular is the foundation of Hinduism Yoga Dharma Spirituality and so much of what defines Indian thought and culture today derive from it It was composed by famous Rishis who are household names and yet for many of us its contents still remain a mystery This book hopes to make the Rig Veda a little more accessible Horace Hayman Wilson wrote the first translation of the Rig Veda into English His work is notable because it consciously tries to be true to the ancient sources It is an important work of scholarship that this ebook hopes to preserve and extend This is the first Digital version of Wilson s work It converts all the six volumes into a single easy to carry ebook It then embeds a state of the art search capability using AI and NLP It extends this with Serendipity to help us discover what maybe relevant even when we are not sure what to look for This work aims to be your reference of choice when you are looking for something in the Rig Veda It also includes an Introduction where you can find some important Suktas and references Rishi families and their compositions elements of Vedic tradition like Danastutis and Apri Suktas and much more

Demystifying Brahminism and Re-Inventing Hinduism Satya Shri, 2017-01-23 Religion is a tool in the hands of the oppressor against the oppressed solely because he frames the commandments and calls them the God s is an apt description of the Hindu social order The book rips open the raw nerve of Hinduism its invidious castes positioned as a God ordained institution commandeered by its freebooter priestly class while clandestinely establishing its religious social and political hegemony through interpolation of its pristine and effulgent scriptures The author boldly analyses this imbroglio through a microscopic analysis of these and more related issues How priests controlled the Hindu religious social educational and political apparatus How the dominant priestly class fractured the society into mutually antagonistic subordinated hierarchical segments and ruled it by reserving all elite jobs for itself How the fiendish priesthood emasculated shudras by depriving them of the shastra and shastra education and arms and made them permanent village servant classes How the pretensions of attaining siddhis through meditation and penances established priests as the gods on earth for their assertions of purity and effulgence How karma reincarnation and 84 lakhs births theories were devised to justify fatalism and hierarchical gradation of varnas Can India be rightfully called the vishvaguru and the mother of all civilisations How Buddhism effeminated Hindus and made them the doormats for the ruthless Why Hindus had to abandon their own to adopt foreign institutions of governance Why Hinduism should become a universal and proselytising faith and fight demographic challenges posed by Islam and Christianity

Studies in the Religious Life of Ancient and Medieval India Dineschandra Sircar, 1971-01-01 The Milinda Panha is with good reason a famous work of Buddhist literature probably compiled in the first century B C It presents Buddhist doctrine in a very attractive and memorable form as a dialogue between a Bactrian Greek king Milinda who plays the Devil s Advocate and a Buddhist sage Nagasena The topics covered include most of those questions commonly asked by Westerners such as If there is no soul what is it that is reborn and If there is no soul who is talking to you now This abridgement provides a concise presentation of this master piece of Buddhist literature

Rig-Veda-Sanhita ,1866 *The Hymns of the Atharvaveda* Ralph Thomas Hotchkin Griffith,1895-01-01 **The Hymns of the Rigveda** Ralph Thomas Hotchkin Griffith,1890 The Religions of India Edward Washburn Hopkins,1895 Series title in part also at head of t p Bibliography p 573 595 *Authority, Anxiety, and Canon* Laurie L. Patton,1994-01-01 Authority Anxiety and Canon elucidates a principle fundamental to Hinduism s self understanding the Veda while at the same time examining the methodological issues of the role of canon in religious tradition Spanning the early periods of Indian religious history up to the twentieth century the book combines theoretical sophistication and detailed scholarship to produce one of the first comprehensive works on Vedic interpretation since Louis Renou s *Le Destin Du Veda* **Rice and Barley Offerings in the Veda** Gonda,2023-07-17 **Echoes of Ancient Indian Wisdom** Shantha N. Nair,2008 The echoes of ancient Indian wisdom can be heard from the oldest of scriptures that existed many years ago Even thousands of years before they were written down on palm leaves the teachings were passed on from generations to generations from the teachers to the disciples in their oral form These works are amongst the oldest of humanity They laid the foundation of one of the most tolerant and diverse religions in the world the Sanatan Dharma or Hinduism which is marked by a wide range of ethos and philosophical approaches Covering the vastness and immensity of the ancient Indian scriptures is akin to capturing a gigantic ocean in a small pitcher Thus in this book the author has tried to catch a few echoes resonating with age old wisdom and has presented them to the readers the book unravels the knowledge hidden inside the Samhitas Brahmanas Aranyakas and Upanishads of the Shruti that form the Vedas and in the Smriti like Agamas Dharma Shastras and so on In short it provides a glimpse or rather a macro view of the ancient treasure of India **The Hymns of the Rigveda** ,1891 **Quaestiones Mosaicae** Osmond de Beauvoir Priaux,1854 **Rig-Veda Sanhita: A Collection of Ancient Hindu Hymns** H. H. Wilson,2022-03-10 Reprint of the original first published in 1866
