Agony Of The Russian Idea:

The Agony of the Russian Idea Tim McDaniel, 1996-01-01 Boris Yeltsin's attempts at democratic reform have plunged a long troubled Russia even further into turmoil. This dramatic break with the Soviet past has left Russia politically fragmented and riddled with corruption; its people with little hope for the future. In a fascinating account for anyone interested in Russia's current political struggles, Tim McDaniel explores the inability of all its leaders over the last two centuries—tsars and Communist rulers alike—to create the foundations of a viable modern society. The problem, then and now, he argues, is rooted in a cultural trap endemic to Russian society and linked to a unique sense of destiny embodied by the Russian idea. In its most basic sense, the Russian idea is the belief that Russia can forge a path in the modern world that sets itself apart from the West through adherence to shared beliefs, community, and equality. These cultural values, according to McDaniel, have mainly reversed the values of Western society rather than having provided a real alternative to them. By relying on the Russian idea in their programs of change, dictatorial governments almost unavoidably precipitated social breakdown. When the Yeltsin government declared war on the Communist past, it broke with deeply held Russian values and traditions. McDaniel shows that in cutting people off from their pasts and promoting the West as the sole model of modernity, the reformers have simultaneously undermined the foundations of Russian morality and the people's sense of a future.

The Concept of Russia Katlijn Malfliet, Francisca Scharpé, 2003 How can we best define Russia's long-term national interests in the field of political sovereignty, sustainable economic development, and military security? How will Russia view its federal state structure as it finds itself confronted with a centuries-old tension between national and regional identity? Does Russia have to make a choice between East and West? All these questions relate to the centuries-old debate on the Russian Idea. The contributors to this book seek to study the quest for Russian identity, approaching this multi-layered and diffuse problem from a historical, political, cultural, and economic perspective. *The Extreme Nationalist Threat in Russia* Thomas Parland, 2004-11-10 This book examines the nature of the extreme right in contemporary Russia, arguing in particular that alongside a continuing tradition which emphasizes Russia's orthodox and traditional past, an increasingly important intellectual current is drawing on Western European neo-fascist ideas and adapting them to the Russian situation. This book examines this intellectual current within the context of increasing conservatism across Russia as a whole, showing how the new ideas have an impact right across the political spectrum and assessing the threat posed by them and their proponents.

Invisible Hands, Russian Experience, and Social Science Stefan Hedlund, 2011-06-20 This book investigates cases in which national and international activities have gone massively wrong, entailing seriously negative consequences, and in which the sophisticated analytical models of social science have ceased to be helpful. Illustrations range from the global financial crisis to the failure to achieve speedy systemic change in the former Soviet Union and the failure to achieve development in the Third World. The analysis uses as a backdrop long-term Russian history and short-term Russian

encounters with unrestrained capitalism to develop a framework that is based in the so called new institutionalism Understanding the causes of systemic failure is shown to require an approach that spans across the increasingly specialized subdisciplines of modern social science Demonstrating that increasing theoretical sophistication has been bought at the price of a loss of perspective and the need for sensitivity to the role of cultural and historical specificity the book pleads the case for a new departure in seeking to model the motives for human action , *Russia, NATO and Cooperative Security* Lionel Ponsard,2006-11-22 This is a comprehensive study of NATO Russian relations since the Cold War Author is a military professional who works as a NATO research advisor Book will be assigned reading at the NATO Defense College Senior Course about 160 people p a and the Senior Staff Officer Course of the NATO School about 800 people p a Will appeal to students of NATO Russian politics IR and security studies in general *Yezhov* John Arch Getty,Oleg V. Naumov,2008-01-01 The definitive study of Nikolai Yezhov s rise to become the chief of Stalin s secret police and the dictator s iron fist during the Great Terror Head of the secret police from 1937 to 1938 N I Yezhov was a foremost Soviet leader during these years second in power only to Stalin himself Under Yezhov s orders millions of arrests imprisonments deportations and executions were carried out This book based upon unprecedented access to Communist Party archives and Yezhov s personal archives looks into the life and career of the enigmatic man who administered Stalin s Great Terror J Arch Getty and Oleg V Naumov seek to answer a series of troubling questions What kind of person calmly and efficiently sends thousands of innocent people to their deaths What could prepare a man for such a role How could a person whom acquaintances describe as friendly pleasant and even gallant carry out one of history s most horrifying campaigns of terror The authors uncover the full details of Yezhov s rise to power and conclude that he was not merely Stalin s tool but a skillful maneuverer in his own right The historical documents provide a thorough portrait of Yezhov and reveal a man of fanatical dedication to his leader and his party a man who became a willing murderer Readers will find his story chilling the more so in our own times when the impulse to terror that engulfed Yezhov seems neither surprising nor unfamiliar *Russia's Liberal Project* Marcia A. Weigle,2010-11-01 A study of contemporary politics in Russia assessing the attempted transition from totalitarianism to liberal democracy It shows that although liberal institutions have been tentatively established the weak social and cultural supports threaten the success of Russia s liberal project *The Holy Fool in European Cinema* Alina G. Birzache,2016-02-05 This monograph explores the way that the profile and the critical functions of the holy fool have developed in European cinema allowing this traditional figure to capture the imagination of new generations in an age of religious pluralism and secularization Alina Birzache traces the cultural origins of the figure of the holy fool across a variety of European traditions In so doing she examines the critical functions of the holy fool as well as how filmmakers have used the figure to respond to and critique aspects of the modern world Using a comparative approach this study for the first time offers a comprehensive explanation of the enduring appeal of this protean and fascinating cinematic character Birzache examines the trope of holy foolishness in Soviet and post Soviet

cinema French cinema and Danish cinema corresponding broadly to and permitting analysis of the three main orientations in European Christianity Orthodox Catholic and Protestant This study will be of keen interest to scholars of religion and film European cinema and comparative religion **Out of Order** Ellen Carnaghan,2010-11-01 **Federalism Doomed?** Andreas Heinemann-Grüder,2002 Eleven articles presented by Heinemann Gruder political science Humboldt U Germany aim to explore the question of whether the use of federalist conceptions is appropriate in analyzing processes of integration and disintegration in Europe The focus is on an institutionalist perspective on difficulties faced by specific forms of government and diverse national traditions when combined with federalism Conceptual and comparative frameworks are provided lessons from the collapse of the Eastern European federations are examined and possible directions for European federalism are discussed Annotation copyrighted by Book News Inc Portland OR **Intellectuals and Apparatchiks** Kevin O'Connor,2008-08-01 This book traces the origins and activities of an alliance of conservative Communist Party authorities and Russian nationalists during the late Soviet era Specifically it examines how and to what extent hitherto orthodox Communists sought political allies in the Russian nationalist movement in order to garner support for halting the reform program and saving the Soviet state from collapse **Russia** Robert Service,2003 The first history of modern Russia from 1991 to the present day by one of the leading historians of the 20th century USSR and Russia In 1991 in a huge experiment with a people and in a state of euphoria Boris Yeltsin abolished the USSR and recreated the Russian nation At the point of its declaration it was in a state of economic and social disarray and yet there were high hopes Hopes which have subsequently been dashed Robert Service brings to bear his vast knowledge of the people and the country to put the recent upheavals into context and he shows that not everything changed for the worst 1991 The Gorbachev years have allowed the Russian people to give a priority to living a private life and shutting the door on the state They could think what they liked They could enjoy intellectual and religious freedom and indulge in recreations their income would allow Gays and Lesbians could come out The Youth culture could finally be loosed from constraints This is a broad political social and cultural history of one of the newest nations ever to be formed *Intellectuals and Apparatchiks* , Forms of Hatred Leonidas Donskis,2021-11-08 This book analyzes such symbolic designs of the modern troubled imagination as the conspiracy theory of society deterministic concepts of identity and order antisemitic obsessions self hatred and the myth of the loss of roots It offers among other things the unique East Central European materials incorporated in a broad imaginative synthesis and critique of contemporary social analysis History as Therapy: Alternative History and Nationalist Imaginings in Russia Konstantin Sheiko,Stephen Brown,2014-05-01 This astonishing book explores the delusional imaginings of Russia's past by the pseudo scientific Alternative History movement Despite the chaotic collapse of two empires in the last century Russia's glorious imperial past continues to inspire millions The lively movement of Alternative History diligently re writing Russia's past and rediscovering its hidden greatness has been growing dramatically since the collapse of Communism in 1991 Virtually

unknown in the West these pseudo historians have published best selling books attracted widespread media attention and are a prominent voice in Internet discussions about Russian and world history Alternative History claims that Russia is much older than Ancient Egypt Greece and Rome that the medieval Mongol Empire was in fact a Slav Turk world empire and that in the twentieth century duplicitous foreign powers stabbed Russia in the back and stole its empire For its followers the key to Russia s greatness in the future lies in ensuring that Russians understand the true wealth of their past Alternative history has become a popular therapy for Russians still coming to terms with the reality of Post Soviet life It is one of the forces shaping a new Russian nationalism and an important factor in the geopolitics of the twenty first century

International Encyclopedia of Political Science Bertrand Badie,Dirk Berg-Schlosser,Leonardo Morlino,2011-09-07 Developed in partnership with the International Political Science Association this must have authoritative political science resource in eight volumes provides a definitive picture of all aspects of political life

Storia della storiografia ,1999 *Russia and Western Civilization* Russell Bova,2015-02-12 This volume introduces readers to an age old question that has perplexed both Russians and Westerners Is Russia the eastern flank of Europe Or is it really the heartland of another civilization In exploring this question the authors present a sweeping survey of cultural religious political and economic developments in Russia especially over the nineteenth and twentieth centuries Based on the inter disciplinary Russian studies program at Dickinson College this splendid collection will complement many curricula The text features highlight boxes and selected illustrations Each chapter ends with a glossary study questions and a reading list

Contemporary Russia Edwin Bacon,2024-06-25 This textbook offers an up to date and incisive overview of contemporary Russia Systematically covering the country s history geography society politics economy and culture it analyses current developments the headlines and the more everyday and situates its analysis in the wider historical context to help readers make sense of one of the world s most important regions Building on the success of its previous editions and analysing complex questions in the light of expertise gathered over decades this remains the leading text for a wide ranging account of Russia today Praised for its accessible and engaging writing style this new edition is essential reading for anyone interested in gaining a more nuanced and wide ranging understanding of contemporary Russia It is ideal for undergraduate and postgraduate students studying Russian society culture politics and international relations

Agony Of The Russian Idea Introduction

In the digital age, access to information has become easier than ever before. The ability to download Agony Of The Russian Idea has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Agony Of The Russian Idea has opened up a world of possibilities. Downloading Agony Of The Russian Idea provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Agony Of The Russian Idea has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Agony Of The Russian Idea. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Agony Of The Russian Idea. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Agony Of The Russian Idea, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Agony Of The Russian Idea has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a

popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
