Agrarian Policy Of The Chinese Communist:

Agrarian Policy of the Chinese Communist Party, 1921-1959 Guojun Zhao, 1960 SCOTT Copy 1 From the John Holmes Library Collection **Agrarian Policy of the Chinese Communist Party, 1921-1959** Guojun Zhao, 1977 **Agrarian Policies of Mainland China** Kuo-chün Chao, 2020-10-26 A compilation of numerous documents from the People's Republic of China on the government's agrarian policies between 1949 and 1956 *Agrarian policy of the Chinese communist party, 1921-1959* Kuo-chun Chao, **The Politics of Chinese Communism** Ilpyong J. Kim, 2023-07-28 The political system established by the Chinese Communist Party in 1949 had its origins in many respects in the Chinese Soviet Republic of 1931-1934 based in southern Kiangsi province about 400 miles southwest of Shanghai. The Kiangsi period was important because it gave the Chinese Communists their first opportunity to govern an extensive area and a large population and in so doing to develop methods of mass mobilization as well as new techniques for conducting party and government affairs. Kim explores the evolution of the Chinese Communist movement during the Kiangsi soviet period especially its organizational concepts, behavioral patterns and development techniques of mass line politics. He seeks answers to several questions: What notions of organization shaped the Kiangsi political system? Who formulated the policies? How were they implemented at the rice roots level of government? By analyzing Mao Tse-tung's writings on organization and comparing them with those of other Chinese Communist theoreticians, he achieves fresh insights into Mao's approach to administration and bureaucratic organization. The distinct contribution of this book lies in its focus on such issues as how the Chinese Communist leaders viewed organizational problems within their movement especially following the failure of the 1947 revolution, how they responded to these problems and how they maintained a balance of power among the party, the government and the Red Army while administering the expanding territorial base and managing complex organizations. In the first half of this period, a series of massive transformations of social and economic institutions was accompanied by a drafted industrialization program; the result was an impressive speed-up in economic growth. The second decade witnessed an economic crisis, 1960-62, and a

political upheaval 1966-68 These disruptions marred the economic performance over the period as a whole Consequently the long term growth rate appears to have been only moderate The Economy of Communist China reviews selected aspects of the economy After examining the development strategy it analyzes the quantitative trends and the structural changes The book goes on to analyze the key factors contributing to the earlier growth and the elements responsible for the later disruption and finally assesses the impact of the Cultural Revolution on the Chinese economy and the prospects of the current Third Five Year Plan The text includes a bibliography of selected materials on Chinese economic development **Chinese Communist Materials at the Bureau of Investigation Archives, Taiwan** Peter Donovan, Carl Dorris, Carl E. Dorris, Lawrence R. Sullivan, Lawrence Sullivan, 1976-01-01 During the long years of civil strife in China the Nationalist authorities amassed extensive materials on their Communist adversaries Now stored in government institutions on Taiwan these materials are an excellent source for the study of the Chinese Communist movement Among them is the Bureau of Investigation Collection BIC which holds over 300 000 volumes of primary documents on the Chinese Communist movement The purpose of Chinese Communist Materials is without any attempt at comprehensive listing of the Bureau's holdings to give scholars a representative description of the collection to point out its implications for research and suggest new areas for research at the Bureau in the fields of political science and history 1 4 Early Communist China Ronald Suleski, Daniel Bays, 1976 Contains two detailed case studies In The Fu t ien Incident December 1930 Ronald Suleski describes the pivotal incident in the power struggle between Mao Zedong and the Communist Central Committee Daniel Bays's study of Agrarian Reform in Kwangtung 1950-1953 focuses upon the measures taken by the Chinese Communist Party to control and eventually collectivize rural elites in Kwangtung province **Agrarian Policy of the Chinese Communist Party, 1921-1959, Etc** Chao Kuo-Chun, 1960 **Agrarian Policy of the Chinese Communist Party, 1921-1959** Kuo-chün Chao, 1960 Market Control and Planning in Communist China Dwight Heald Perkins, 1966 Author is an alumnus of Evanston Township High School class of 1952 China, an Analytical Survey of Literature United States.
