Agnihotri, Chandragupta Ashokvardhan, 2002 *Agricultural Situation in India*, 2015 Punjab Society Manmohan Singh Gill, 2003 Based On The Data Gathered From Field Work And Secondary Sources This Book Vividly Describes The Ground Realities Of An Agrarian Society Like That Of Punjab Which Is Rapidly Transforming Itself In Terms Of Needs Aspirations And Socio Economic Perceptions Of The People *Rural Development in Punjab* Autar S. Dhesi, Gurmail Singh, 2020-11-29 For many years agricultural development in Punjab symbolised one of the most successful experiments in rural development However this success story seems to be going astray The crux of the problem this volume suggests is that externally driven modernization to meet national food needs pushed Punjab into highly specialized production of wheat and rice resulting in over utilisation of natural resources with adverse environmental consequences that jeopardizing the long

term viability and sustainability of the agrarian economy Stagnating productivity reduced farm size falling household incomes depleting groundwater resources are only a few of the problems that characterise Punjab s agriculture today The book establishes clearly that rural development implies more than transformation of traditional agriculture Apart from ensuring efficient use of limited resources to sustain agricultural production rural policy should encompass promotion of non farm activities investments in social and economic structure and civic amenities      **A.I.D.
