chains in Eastern Africa CTA, Kilomo Trust, 2017-11-28 Agriculture is one of the East African Community's most important economic sectors The major staple foods in the region are maize rice potatoes bananas cassava wheat sorghum millet and pulses However agricultural production in the region is prone to the vagaries of climate change fluctuating food prices a rapidly growing population in the urban areas and natural resource degradation Even though governments have intensified

efforts to develop agriculture in the region intra regional trade in staple food grains is still very low The main objective of the study is to provide CTA with an understanding of the salient features of the four food grain value chains in the EAC region and information and possible entry points about the types of commodities to be supported and the nodes of the food grain value chains that interventions should focus on Strategic Priorities for Agricultural Development in Eastern and Central Africa Omamo, Steven Were,Diao, Xinshen,Wood, Stanley,Chamberlin, Jordan,You, Liangzhi,Benin, Samuel,Wood-Sichra, Ulrike,Tatwangire, Alex,2006 If agriculture in Eastern and Central Africa remains in its current state not a single nation in the region will achieve the Millennium Development Goal of halving poverty by 2015 In the hopes of averting such a dismal outcome this report analyzes agricultural development priorities and investment patterns in the region and their impact on growth and poverty rates seeking an improved agricultural strategy Using the Dynamic Research Evaluation for Management DREAM model and other tools to evaluate opportunities for increasing both agricultural and overall economic growth the authors offer alternatives to the status quo They propose approaches such as tailoring agricultural production to demand within Eastern and Central Africa encouraging a wide variety of agricultural production to match the diversity of national demands and capacities and promoting regional cooperation in agricultural development Their analysis and conclusions should interest specialists in agricultural policy and investments particularly those concerned with the impact of both on poverty reduction **African Free Trade Agreements and Intellectual Property** Michael Blakeney,Getachew M.

Alemu,2024-02-12 This informative book examines the intellectual property IP provisions of the sub regional and continental Free Trade Agreements FTAs that have been implemented in Africa to facilitate trade and promote economic integration Michael Blakeney and Getachew Mengistie Alemu explain how FTAs can be used when setting IP standards in order to influence the ongoing effort to develop effective international agreements with Africa **Crop Prospects and Food**

Situation #2, July 2022 Food and Agriculture Organization of the United Nations,2022-07-08 FAO assesses that globally 46 countries including 33 in Africa 10 in Asia two in Latin America and the Caribbean and one in Europe are in need of external assistance for food This list now includes Ukraine and Sri Lanka Serious concerns also relate to East Africa due to multiple seasons of drought conditions with a looming risk of famine in some areas Across the globe the rising food prices and overall inflation are worsening food security conditions particularly in low income food deficit countries while the use of agricultural inputs could be limited by their elevated prices possibly lowering yields and harvests in 2022 **Agro-Ecological**

Intensification of Agricultural Systems in the African Highlands Bernard Vanlauwe,Piet van Asten,Guy Blomme,2013-12-17 There is an urgent need to increase agricultural productivity in sub Saharan Africa in a sustainable and economically viable manner Transforming risk averse smallholders into business oriented producers that invest in producing surplus food for sale provides a formidable challenge both from a technological and socio political perspective This book addresses the issue of agricultural intensification in the humid highland areas of Africa regions with relatively good

agricultural potential but where the scarce land resources are increasingly under pressure from the growing population and from climate change In addition to introductory and synthesis chapters the book focuses on four themes system components required for agricultural intensification the integration of components at the system level drivers for adoption of technologies towards intensification and the dissemination of complex knowledge It provides case studies of improved crop and soil management for staple crops such as cassava and bananas as well as examples of how the livelihoods of rural people can be improved The book provides a valuable resource for researchers development actors students and policy makers in agricultural systems and economics and in international development It highlights and addresses key challenges and opportunities that exist for sustainable agricultural intensification in the humid highlands of sub Saharan Africa *World Agricultural Situation* ,1970 **Agricultural Incentives in Sub-Saharan Africa** Robert Frederick Townsend,1999-01-01 Printed on Demand Limited stock is held for this title If you would like to order 30 copies or more please contact books worldbank org Contact books worldbank org if currently unavailable QUOTEAs we move into the 21st century Africa faces tremendous opportunities for growth in which agriculture will continue to play a prominent role Implementing the unfinished policy agenda is critical to realizing these opportunities QUOTE Hans P Binswanger Sector Director The main focus of this study is on improving the policy regime in Africa to stimulate agricultural growth It examines the state of agricultural incentives in Sub Saharan Africa taking stock of the current policy environment and its recent evolution to update knowledge and to help develop a stronger consensus on the appropriate policies and incentives that will stimulate agricultural growth The global environment is examined together with the macroeconomic export crop food crop and fertilizer policies in 16 African countries Crop Prospects and Food Situation No.2, July 2020 Food and Agriculture Organization of the United Nations ,2020-07-01 FAO assesses that globally 44 countries of which 34 are in Africa continue to be in need of external assistance for food The effects of the COVID 19 pandemic are causing wide ranging and severe negative impacts on food security particularly through the loss of income Conflicts and weather shocks remain critical factors that underpin the current high levels of severe food insecurity **Introduction to Chad** Gilad James, PhD,2005 Chad is a landlocked country located in Central Africa It is bordered by Sudan to the east Libya to the north Niger Nigeria and Cameroon to the west and the Central African Republic to the south With an area of 1 28 million square kilometers Chad is the fifth largest country in Africa It has a population of approximately 16 million people who are largely concentrated in the southern region of the country The capital city of Chad is N Djamena which is located in the southwestern part of the country Chad is a diverse country with more than 200 ethnic groups The major ethnic groups are the Chadian Arabs Chadian Sara Chadian Gorane and Chadian Mayo Kebbi French and Arabic are the official languages of Chad although over 100 other languages are spoken in the country Chad is an agricultural country with cotton sorghum and millet being the main crops The country is also rich in natural resources including gold uranium and petroleum which are relatively unexplored Chad has been plagued by political
