Agrindus. Integration of Agriculture and Industries. [With Maps.]. Haim Halperin,1963 **Agrindus** Haim Halperin,2013-11-05 This is a fascinating insight into some of the most important thinking of the industrial revolution in Israel Technological revolution rapid industrialization and higher levels of productivity all drew more and more people from the agricultural workforce and new ideas were needed to combat this serious loss of labour At the time this book was first published Professor Halperin s had somthing new and original to offer He argued that agriculture could be combined with industry without undermining that age old social asset the village community and bring it into line with changing conditions As he predicted the development of areas comprising a score or more of villages ranging around non agriculture has been preserved and rural society has continued to exist although it has assumed different forms The name proposed by the author for this new formation is Agrindus as it expresses the integration of AGRiculture and INDUStries *Agrindus, Integration of Agriculture and Industries* Hayyim Halperin,1963 *The Settlement Issue in Turkey and the Kurds* Joost Jongerden,2007-06-30 In seeking to understand village evacuation in the Kurdistan region of Turkey in the 1980s and 1990s this book focuses on the spatial aspects of the armed conflict It tries to explain how settlement and resettlement policies and practices in Turkey have been part of a larger project of political and cultural engineering based on a revision of a classical understanding of modernity as reflected in the work of Durkheim Mauss and T nnies This interdisciplinary perspective has allowed contributions from sociology to the political sciences and from history to social geography Agrindus Victor Bonham-Carter,1963 Proceedings of the Seminar on Agricultural Policy ,1975 *The Political Economy of Collectivized Agriculture* Ronald A. Francisco,Betty A. Laird,Roy D. Laird,2013-10-02 The Political Economy of Collectivized Agriculture A Comparative Study of Communist and Non Communist Systems assesses the political and economic impact of collectivization by surveying the experience of several nations with different forms of collective or state farming Focusing primarily on the Council for Mutual Economic Assistance CMEA nations this book addresses a number of questions such as whether collectivized agriculture is more or less efficient than private agriculture whether the manner in which collectivization is implemented affects its success and whether there are social and political motivations that override economic considerations This monograph is comprised of nine chapters and opens with a discussion on the advantages and disadvantages of state agriculture in the USSR followed by an analysis of collectivized agriculture in Romania Hungary Czechoslovakia German Democratic Republic and Poland The impact and politics of agricultural collectivization on productivity in China are then examined paying particular attention to its advantages and drawbacks as well as the factors driving the growth of Chinese agriculture The experience of Israel with collectivized agriculture is also considered along with the impact of industrialization and modernization on the kibbutz and the problems associated with embourgeoisement This text will be of interest to economists political scientists and policymakers concerned with agriculture **Bibliography of Agriculture** ,1967-09

Urban and Regional Development in India Baleshwar Thakur, 2005 Festschrift volume to Lakshmi Niwas Ram b 1937 geographer from Bihar India contributed articles The Village Entrepreneur Wayne G. Broehl, 1978 This book is a timely update on the new strategy of development With financial backing from the Ford Foundation and the Indian government Broehl and his associates undertook a comprehensive study of the village entrepreneur in South India Agrindus Hayyim Halperin, 1963 *Agrindus; Integration of Agriculture and Industries* Hayyim Halperin, 1963 Rural Industrialization in China Jon Sigurdson, 2020-03-17 Small scale industries in rural areas in China are today an essential element of regional development programs This monograph analyzes two main development strategies One involves technology choices in a number of industrial sectors most of which were initiated during the Great Leap Forward in the late fifties The scaling down of modern large scale technology through a product or quality choice combined with changes in the manufacturing processes is discussed at some length for nitrogen chemical fertilizer and cement The other approach is the integrated rural development strategy where a number of activities are integrated within or closely related to the commune system This strategy includes industry as only one component of many instruments where improved public health education and improved agricultural technology contribute to achieving such policy objectives as increased employment and productivity

Nation-Building and Community in Israel Dorothy Willner, 2015-12-08 The author approaches the intricate process of nation building in Israel through an examination of transformations which took place within a major development sector rural land settlement during Israel s first decade of statehood Based on four years of observation in Israel the study analyzes the ways in which this state worked out the urgent problems that confront a new nation and demonstrates in vivid ethnographic detail how the policies thus formed made themselves felt in particular communities The result is a clear picture of the interaction of national planning and the realities of village life in post statehood Israel and an original contribution to the anthropology of complex societies Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found

in the thousands of books published by Princeton University Press since its founding in 1905 *The Economic Structure of the Middle East* Z. Y. Hershlag, 2023-10-09 **The Industrial Geography of Israel** Yehuda Gradus, Shaul Krakover, Eran Razin, 2006-04-10 Israel's industrial geography is unique. The continuing Arab-Israeli conflict has been a primary force behind government intervention in settlement patterns and has led to a major effort to disperse industry. The geopolitical situation has also encouraged a policy of attempted self-reliance especially for defence purposes. These factors combined with an abundant human capital have given Israeli high technology industries a special place in the international division of labour. The absorption of waves of mass immigration has influenced industrial development. Rural industrialisation mainly by the Kibbutz communal settlement movement is another unique feature. The Industrial Geography of Israel presents a comprehensive overview of industrial spatial development of Israel from the Ottoman era to present times evaluating industrial dispersal policy, corporate geography, high technology industries, entrepreneurship and rural industrial development. The spatial development of Israeli industry is set within the broader context of Israel's political and economic development and of global economic change as well as theories of industrial location and regional planning and development.

The Communal Experience of the Kibbutz Joseph R. Blaá¹ii, 1986-01-01 Joseph Blasi documents and describes the workings of an existing kibbutz society to provide a model for Utopian thinking and clear up confusion concerning Utopian values. He details the history and development of Kibbutz Vatik a pseudonym providing a systematic record of kibbutz culture, daily life and social arrangements, economic cooperation and work, politics, education and attitudes of community members. Despite its advantages as a model Utopia, the kibbutz is not a perfect society. Having eliminated the most serious forms of social, economic, political and educational fragmentation and violence, the communal group is left with the complicated and mounting problems of keeping a fellowship alive and well. Blasi assesses the community's advantages and disadvantages illuminating the interlocking dilemmas that cut across social and political concerns. *The Communal Experience of the Kibbutz* updates our knowledge of kibbutz life in light of recent research. It gives a detailed account of the Utopian community in the kibbutz and its activities. The special quality of the kibbutz, Blasi argues, lies not so much in its proven success vis-à-vis other communal societies but in that it is a communal alternative that most Western peoples can readily visualize as a real option.
