Aids African Americans:

African Americans and HIV/AIDS Donna Hubbard McCree, PhD, MPH, RPh, Kenneth Terrill Jones, MSW, Ann O'Leary, PhD, 2010-09-14 Among U S racial and ethnic minority populations African American communities are the most disproportionately impacted and affected by HIV AIDS CDC 2009 CDC 2008 The chapters in this volume seek to explore factors that contribute to this disparity as well as methods for intervening and positively impacting the epidemic in the U S The book is divided into two sections The first section includes chapters that explore specific contextual and structural factors related to HIV AIDS transmission and prevention in African Americans The second section is composed of chapters that address the latest in intervention strategies including best evidence and promising evidence based behavioral interventions program evaluation cost effectiveness analyses and HIV testing and counseling As background for the book the Introduction provides a summary of the context and importance of other infectious disease rates i e sexually transmitted diseases STDs and tuberculosis to HIV AIDS prevention and treatment in African Americans and a brief introductory discussion on the major contextual factors related to the acquisition and transmission of STDs HIV Contextual Chapters Johnson Dean author the first chapter in this section which discusses the history and epidemiology of HIV AIDS among African Americans Specifically this chapter provides a definition for and description of the US surveillance systems used to track HIV AIDS and presents data on HIV or AIDS cases diagnosed between 2002 and 2006 and reported to CDC as of June 30 2007 **AIDS and HIV Infection in the African-American Community** United States. Congress. House. Committee on Government Operations. Human Resources and Intergovernmental Relations Subcommittee, 1995 **African Americans and Medical Diseases** Valiere Alcena, 2013 The state of African American health is grim and getting grimmer every day Many African Americans are beset with illiteracy high rate of unemployment poverty and hunger These problems create a situation that causes many African Americans young and old to live in some of the poorest communities in the U S Life in the Black Ghetto of America is a cruel and brutal life which exposes people living there to a daily life and death set of circumstances that risks their lives from moment to moment Intertwined in this life of poverty and daily struggle to survive is a high rate of medical problems that African Americans are afflicted with that go both undiagnosed and untreated most of the time Among the medical diseases that many African Americans suffer from are Hypertension Sexually Transmitted diseases STD Coronary heart disease Drug addiction Congestive heart failure Alcoholism Stroke Depression Obesity Hepatitis C Diabetes Hepatitis B High cholesterol Cirrhosis of the liver End stage kidney failure Sickle cell disease Cancer Iron deficiency COPD Lupus Low vitamin D Rheumatoid arthritis Low vitamin B12 Osteoporosis Emphysema Fetal alcohol syndrome Asthma High postpartum maternal deaths AIDS High infant deaths Dementia Making the situation worse is the fact that many poor African Americans have no health insurance In addition many of those who have health insurance don't go to physicians for medical care and when they do go they usually present with medical conditions that are too far advanced

The State of the African American Male Eboni M. Zamani-Gallaher, Vernon C. Polite, 2012-01-01

The circumstances affecting many African American males in schools and society remain complex and problematic In spite of modest gains in school achievement and graduation rates conditions that impede the progress of African American males persist high rates of school violence and suspensions overrepresentation in special education classes poor access to higher education high incidence of crime and incarceration gender and masculine identity issues and HIV AIDS and other health crises The essays gathered here focus on these issues as they exist for males in grades K 12 and postsecondary education in Michigan However the authors intend their analyses and policy recommendations to apply to African American males nationally Although it recognizes the current difficulties of this population overall this is an optimistic volume with a goal of creating policies and norms that help African American males achieve their educational and social potential In this era of widespread change for all members of American society regardless of race this book is a must read for educators and policymakers alike

Strategies for Awareness & Prevention of Hiv/Aids Among African-Americans Dr. Rakesh K. Mehta, 2012-06-25 This handbook has been developed to support health educators community workers teachers and parents in their efforts to protect the African American people from the scourge of HIV AIDS The primary target of the hand book are teenagers youth and other African American persons who are the less fortunate components of our society because it is this population that is most susceptible to this scourge However suggestions included here in apply virtually to all populations especially culturally different people such as Hispanic etc Prevention of HIV AIDS among adults helps to maintain an enlightened parent population prevents AIDS transmitted from the older to the younger generation as in some communities the elder people are involved in sexual relationships with young adolescents The authors commend organizations and individuals such as Bill and Melinda Gates Honble U S President Barack Obama and former US president they funded billions of dollars to offer treatment of HIV AIDS infected people and for education of people most susceptible to HIV infection This hand book titled Strategies for Awareness and its Prevention of HIV AIDS Among African American Mehta and Kalra compliments these efforts with the hope that its contents when followed may reduce the spending required to arrest the HIV AIDS cases and make the funds available for educational projects that impact lifestyle so that spread is stopped and menace of HIV AIDS epidemic among African American is reversed Some of the

suggestions have been adapted from Prof Kalra and Prof Sutman book titled WORLD PERSPECTIVE ON HIV AIDS for the less fortunate with their due permission

HIV/AIDS in U.S. Communities of Color Valerie Stone, Bisola Ojikutu, M. Keith Rawlings, Kimberly Y. Smith, 2009-05-28 More people in communities of color are contracting living with and being treated for HIV AIDS than ever before In 2005 71% of new AIDS cases were diagnosed in people of color The rate of HIV infection in the African American community alone has increased from 25% of total cases diagnosed in 1985 to 50% in 2005 Latinos similarly comprise a disproportionate segment of the AIDS epidemic though they make up only 14% of the U S population 20% of AIDS cases diagnosed in 2004 were Latino a Though the number of racial and ethnic minority HIV AIDS cases continues to grow the health care community has been unable to adequately meet the unique medical needs of these populations African American Latino Latina and other patients of color are less likely to seek medical care have sufficient access to the health care system or receive the drugs they need for as long as they need them HIV AIDS in Minority Communities acknowledges the prevalence of HIV AIDS within minority communities in the U S and strives to educate physicians about the barriers to treatment that exist for minority patients By analyzing the main causes of treatment failure and promoting respect for individual and cultural values this book effectively teaches readers to provide responsive patient centered care and devise preventive strategies for minority communities Comprehensive chapters contributed by physicians with extensive experience dealing with HIV AIDS in minority communities cover issues as far reaching as anti retroviral therapy dermatologic manifestations and co morbidities of the disease in patients of color unique risks to women and MSMs of color participation of minority cases in HIV research and substance abuse and mental health issues

The Black Male in White America Jacob U. Gordon, 2002 This book explores twelve related research topics each constituting a chapter These chapters reflect the magnitude of the problems facing the African American male The book also documents the success stories of African American men and how they have lived beyond stereotypes and other odds These problems are not likely to go away in the 21st century They require government action and individual initiative toward a civil society in which America's promise can be a reality for all Americans thus making sure that no single American will be left behind

African American Families Angela J. Hattery, Earl Smith, 2007-04-19 Bravo to the authors They have done an excellent job addressing the issues that are critical to community members policy makers and interventionists concerned with Black families in the context of our nation Michael C Lambert University of Missouri Colombia African American Families is a timely work The strength of this text lies in the depth of coverage clarity and the ability to combine secondary sources statistics and qualitative data to reveal the plight of African Americans in society Edward Opoku Dapaah Winston Salem State University African American Families is both engaging and challenging and is perhaps one of the most important works I have read in many years This book will most certainly move the discourse of the socio economic conditions of black families forward beyond the boundaries already set by other books in the market African American Families is an excellent book whose time has come and one that I would most definitely adopt Lateef O Badru University of Louisville African American Families provides a systematic sociological study of contemporary life for families of African descent living in the United States Analyzing both quantitative and qualitative data authors Angela J Hattery and Earl Smith identify the structural barriers that African Americans face in their attempts to raise their children and create loving healthy and raise the children of the next generation Key Features Uses the lens provided by the race class and gender paradigm Examples illustrate the ways in which multiple systems of oppression interact with patterns of self defeating behavior to create barriers that deny many African Americans access to the American dream Addresses issues not fully or adequately addressed in previous books on Black families These issues include personal responsibility and disproportionately high rates of incarceration family violence and chronic illnesses like HIV AIDS Brings statistical data to life The authors weave personal stories based on interviews they ve conducted into the usual data from scholarly literature and from U S Census Bureau reports Provides several illustrations from Hurricane Katrina A contemporary analysis of a recent disaster demonstrates many of the issues presented in the book such as housing segregation and predatory lending practices Offers extensive data tables in the

appendices Assembled in easy to read tables students are given access to the latest national agencies data from agencies including the U S Census Bureau Centers for Disease Control and Bureau of Justice Statistics Intended Audience This is an ideal textbook for advanced undergraduate and graduate courses such as African American Families Sociology of the Family Contemporary Families and Race and Ethnicity in the departments of Human Development and Family Studies Sociology African American Studies and Black Studies African American Community Practice Models Iris Carlton-Laney,N Yolanda Burwell,2014-03-18 African American Community Practice Models shows you what you can see and learn when people of African American descent are put in the center of community analysis and change This text celebrates African American experiences and challenges you to understand the black experience from the inside out rather than from the outside in The contributors provide excellent historical and current case studies of leaders and programs that provide you with models for program and community development in African American communities today For the contemporary social worker these historical comparisons reveal what strategies have been needed in African American communities in the past because of political and social climates The studies of current successful programs instruct those in community based African American programs general service networks and students on how to continue to better serve the black community The contributing authors use a new lens for understanding social welfare history and social service development They encourage social workers to explore new model building and to pursue new knowledge about African Americans in the social work classroom In addition to tracing the history of community development African American Community Practice Models specifically presents the black community from a position of strength and leadership documents leadership in the black community to ground national advocacy organizations traces women s leadership in community development documents the unrecognized history of African Americans in the development of the Settlement Movement highlights examples of current self help programs sponsored by African American communities to change negative behavior patterns documents the impact of racism on service delivery and the response to develop community support programs presents a challenge to expand community development for both internal and external advocacy Professors of the core courses in social work HBSE research policy and practice and of specialized courses in community practice macropractice and African Americans would benefit from teaching from African American Community Practice Models Students and faculty in these and other study areas concerned with this community will get community tactics and program development ideas from this book that connect with African American people The importance of community development from within the African American community historical and current methods of dealing with the ongoing impact of racism and economic disadvantage the responsibility of professionals and community leaders to build empowerment strategies within African American communities and the need to advocate for rights and opportunities in larger society for black Americans are key issues addressed throughout the book which begins to fill the void of positive presentations of black community development Handbook of African American Health Anthony J.

Lemelle, Wornie Reed, Sandra Taylor, 2011-08-09 The U S Census Bureau reports particular demographic social and health conditions for African Americans Population wide the African American community has a higher mortality rate from cancer and diabetes than the rest of the population a higher infant mortality rate and a lower vaccination rate for influenza and pneumonia The contributions to this comprehensive Handbook of African American Health uncover the specific demographic conditions of the African American population and outline social interventions for both physical and mental health at the primary secondary and tertiary levels The 26 contributions to this comprehensive volume cover interventions for a diverse range of health problems including obesity and cardiovascular disease diabetes asthma and other respiratory diseases smoking alcohol and recreational drug abuse risky sexual behaviors cancer screening prevention and survivorship infant mortality community and interpersonal violence mental health From a healthcare standpoint it also examines specific interventions for treatment compliance health care access and community collaborations This volume will be an invaluable resource for researchers in medical sociology mental health studies public health health behavior and African American studies
