Neidermey,2009-07-16 With over 25 million dead AIDS has pounced on the world like a medieval plague ranking among the greatest killers in history Despite billions of international aid dollars the development of effective medical treatments for HIV the virus that causes AIDS and the efficacy of condoms in preventing the spread of HIV during sex 6 000 people are dying daily and over 15 million orphans have been left behind Perhaps most surprisingly many educated westerners are only vaguely aware of AIDS as a disease threatening gays or Africans and do not believe it has any relevance for them Few have noticed the feminization of AIDS taking AIDS from a disease primarily infecting gay men to one infecting more women than men Women are at the forefront of the fight

against AIDS in many parts of the world nowhere more so than in Sub Saharan Africa The authors of this book make a clear case that HIV and AIDS form the most critical crisis facing the human race in this century by providing the reader a deeper understanding of the root causes of and plausible solutions for the AIDS pandemic They include several engaging human interest stories of real people impacted by AIDS Table Of Contents Part I What Is AIDS and Why Should I Care Chapter 1 Nikiwe s Story Why AIDS Is the Global Challenge of the 21st Century Chapter 2 Sinikithemba What Exactly Are HIV and AIDS Chapter 3 Say No to Sugar Daddies From Rare Infections to Global Pandemic Part II AIDS Trumps Foreign Aid Chapter 4 Life and Death in Zimbabwe Why AIDS Is Easy to Solve On Paper Chapter 5 But for the Grace of PEPFAR The World Heard and Responded Chapter 6 Mama Africa s Burden The Limitations of Money Part III How AIDS Can Be Defeated With Your Help Chapter 7 Bophelong Hospice Some Things That Actually Work Chapter 8 The Softer Side of Capitalism A Suggested Path Forward Chapter 9 Use What You Have How You Can Play a Part in Defeating AIDS Excerpts from the foreword to the book written by Dr Helga Holst CEO of McCord Hospital in Durban South Africa are given below It was in Boston on February 10 2003 that the Sinikithemba Choir from Durban South Africa performed at the opening of the Tenth Conference on Retroviruses and Opportunistic Infections CROI and shared the stage with the keynote speaker President Bill Clinton This Zulu choir of HIV positive men and women were part of a much larger group of mostly infected women who worked together at McCord Hospital on beadwork projects to support their medical care and who sang as they worked They used what they had their powerful and beautiful voices to bring hope unity and resources to their communities One of the choir members a beautiful and eloquent young woman shared the poignant story of her own journey with AIDS and brought tears to the eyes of many of the world s top scientists researchers and clinicians as they were reminded of why they had committed their lives to finding the answers to this devastating disease She shared what she had her own story and it impacted the hearts of thousands By the time I took up the position of Medical Superintendent at McCord Hospital in Durban in 1993 AIDS was more common but there was still no affordable treatment available In the mid 1990 s we started several social support programs of which the income generating beadwork projects were one Social clubs consisting mostly of women were formed They supported each other through times of hardship illness and death and cared for the children The Zulu people amongst whom we work have been gifted by the most beautiful voices The women would often sit in the parking areas at the hospital between the cars with their hands speedily busy on beadwork orders chatting and laughing while keeping a
