Aids The Final And Fatal Foreign Service Boondoggle:

AIDS Philip E. Smart, 2003-04 I always thought we were normal Cissy always thought otherwise I mean we didn't know even one single family that had quite the legacy of colorful characters that Mama's family had For more than a century Tranquil Oaks that old ancestral plantation had witnessed quite an assortment of comings and goings of odd and slightly crazy folk I guess one day Cissy just decided to up and join the parade and follow right along behind them Over the past several years ever since Mama and Daddy had to put Cissy away in the sanitarium I've been doing a lot of thinking I'm beginning to believe that she was right all along There was never anything even remotely normal about us **Aids** Philip E. Smart, 2004-08 The reader should know that this work contains the truth and nothing but the truth The facts about the development of the AIDS pandemic are based on personal knowledge direct conversations with eyewitnesses to the programs and practices mentioned and information from reliable sources listed in the Bibliography Some names have been changed to protect the innocent attribute each statement to a source I will leave that to more scholarly works they are included I don't believe that anyone mentioned in this book did anything other than his best to carry out his function and that it is the hand of nature itself that transmuted well intentioned acts into the engine that created and spread the virus that has changed the lives of all humanity read no further **AIDS, Opium, Diamonds, and Empire** Nancy Turner Banks, 2010-05 It is a mistake to think that wars only concern armies involved in active engagement Nothing is farther from the truth The real forces of evil wage a financial war The dark princes of debt finance have gained leverage over every important social economic and political institution including the health care delivery system In **AIDS Opium Diamonds and Empire** author Nancy Turner Banks draws the connections between free market strategies the destruction of national sovereignty by the process of globalization and AIDS as one of the health consequences of a neo Darwinian philosophy Through meticulous research Banks found a medicalpharmaceutical industrial complex that was taken over one hundred years ago by the titans of financial capitalism Their aim was to create profit not to conquer disease This book of social history points to a cauldron of historical events that contributed to the HIV AIDS crisis **AIDS Opium Diamonds and Empire** tells the dramatic story of a financial ideology that is damaging to everything that it means to be human It is the story of profits over people In the end it is the story of hope and how we can regain our sanity and our health in a world gone mad *Congressional Record* United States.
