Monographic Series Library of Congress, [Library of Congress Catalogs](#) Library of Congress, 1982 [Biblical Discipleship: Essential Components for Attaining Spiritual Maturity](#) Dr. Todd M. Fink, 2017-04-17 Today we have many ways of defining success in life Some define it as being a sports hero others as being wealthy others as being popular and well liked and still others as being happy How does God define success He defines it as being spiritually mature How do we become spiritually mature There s only one way and it s called discipleship However statistics show that discipleship is in a state of crisis today Many Christians are not growing in Christ and are stuck in the process of reaching spiritual maturity A Barna study reveals that almost nine out of ten senior pastors of Protestant churches assert that spiritual immaturity is one of the most serious issues facing the church Sadly what discipleship meant in the time of Christ and what it means today is vastly different Moreover the importance Christ and the Apostles gave to discipleship is also stunningly different than the importance many Christians and churches today give it Unlike the disciples who had much of Scripture memorized a whopping 81% of Christians today don t read their Bibles regularly Unlike Christ s disciples who were Fishers of Men 61% of believers today have not shared their faith in the past six months And sadly unlike Christ and the Apostles who made discipleship the central focus of their ministries 81% of pastors today have no regular discipleship programs in their churches Discipleship is being neglected today and the consequences are crippling many Christians and churches This book hopes to change that Chapter 1 focuses on the state of discipleship today and exposes the sad truth that it s in crisis mode Chapter 2 reveals 13 key factors contributing to the lack of discipleship today Chapter 3 defines biblical discipleship based on central phrases Christ used in His ministry Chapter 4 brings to light 14 essential components of the discipleship making process that must be understood and practiced in order to attain spiritual maturity Chapter 5 provides practical how to help for growing in Christ It includes self assessment tests for measuring your level of spiritual maturity in each essential component of discipleship and gives hands on useful ideas for taking steps toward spiritual maturity Discipleship is a command for all believers and is our highest calling This book provides biblical help for fulfilling this calling and seeks to discover what God says about genuine growth in Christ It s both an informative book and a how to book It deals with the barriers that are hindering discipleship and offers practical help for overcoming these barriers and attaining spiritual maturity So are you ready to grow Would you like to be pleasing to God Would you like to fulfill the reason for which you ve been created Would you like the full blessings of God in your life Would you like to become spiritually mature Would you like to hear Christ s words Well done good and faithful servant when you arrive in heaven If so this book is for you

Development How is it that some Human Resource Development HRD professionals consistently get the results that their organizations need while others regularly get lost in the process The Human Resource Development Research Handbook argues that expert HRD professionals think like researchers You don t need to be a researcher to obtain consistently high quality HRD results but thinking like a researcher gives you the discipline required to be an expert Thus the much hyped gap between theory and practice is the arena of opportunity and excellence The Human Resource Development Research Handbook gives practitioners the tools they need to stay on the leading edge of the profession It addresses three core areas The practical importance of research ways of doing practical research and getting started on research Written for practitioners and scholars this is the first book to explain the value purposes methods and processes of HRD research in clear simple language The Human Resource Development Research Handbook demystifies the research process so HRD practitioners can transform their practice to incorporate leading edge research Each chapter is written in straightforward language by a leading researcher Real world examples clearly show how research and theory are not just for academics but are practical tools to solve everyday problems This edition is in two volumes The second volume ISBN is 9781459614802

McDonald,Ruth Harvey,1995-01-01 Ian McDonald brings Christian ethics into the pressing issues of modern society making full use of case studies and the shared insights of a team of researchers Concentrating on the personal and social aspects of human life this study examines the person including conscience virtue character and motive the Bible and ethics relationships and their importance family values sexual orientation In addition special studies concentrate on political reconciliation community care and development communication in the media age and integrity in business In fully working out the theory and practice of Christian ethics in relation to particular experiences this book is a pioneering textbook in the field and will be valued by everyone with an interest in finding moral courses of action today as well as students in Christian ethics The Cumulative Book Index ,1982 A world list of books in the English language **A Practical Discipleship Model That Fosters Spiritual Maturity** Owar Ojha Ojulu,2023-11-09 Jesus challenges us to live in him and continue living out the truth so that we claim our allegiance to Christ and live as disciples free from fear and from cultural customs that contradict the gospel message This project has found that the lack of discipleship training among the Anyuwaa churches has resulted in a lack of understanding of what this ministry entails teaching and making disciples In addition failure to embed elements of the Anyuwaa culture into the discipleship approach and the persistence of certain elements of Anyuwaa life that run counter to gospel beliefs has inflamed this crisis Therefore this book presents a call for the church to challenge the culture of syncretism and the fear of witchdoctors to shift its paradigm and begin interpreting the gospel message utilizing contextual elements but interpreting them through the lens of the gospel calling people to embrace

gospel values within their own cultural context When we start interpreting strong cultural beliefs and traditions through the truth of the gospel it is proof that we have come to the best discipleship approach as we speak the truth of the gospel in the life our church and the hearts of our believers *Subject Catalog, 1981* Library of Congress,1981 *Human Resources and Their Development - Volume I* Michael J. Marquardt,2009-10-20 Human Resources and their Development is a component of Encyclopedia of Human Resources Policy Development and Management in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Human Resources and their Development provides the essential aspects and a myriad of issues of great relevance to our world such as Human Resources and their Development Major Issues in Human Resource Development Elements of Planning Strategies for Human Resource Development Human Life Systems Diversity and Human Development Human Development and Causes of Global Change Consequences of Global Change for Human Resource Development These two volumes are aimed at the following five major target audiences University and College Students Educators Professional Practitioners Research Personnel and Policy Analysts Managers and Decision Makers and NGOs *Discipleship in Education* Joseph Allotta,2018-02-08 Students are often tested to evaluate their academic knowledge but few Christian schools use objective measures to determine if a student has become a true disciple of Christ Unfortunately there are few organizations that provide metrics for measuring biblical knowledge let alone any sort of comparative evaluation of students engaging in the Christian disciplines forming a biblical worldview or actually being impacted spiritually by the programs of the school No matter whose statistics one chooses to believe the inescapable truth is that the church is losing its young men and women at an alarming rate once they graduate from high school The solution to this problem is simple but increasingly difficult to solve with each passing year Discipleship is what is needed for young people to truly identify who they are in Christ so that they can begin to develop godly habits and ultimately grow in their knowledge faith and desire to serve the Lord and his Kingdom Christian schools have some particular advantages in the area of discipleship however their full potential is at the moment untapped Discipleship in Education is about preparing everyone from administrators teachers pastors and parents to be ready to unleash that potential
