poverty unemployment social marginalization political crises wars interethnic conflicts and the militarization of entire territories has increased the massive displacements of the population fuelling the illegal sex trade linked to them Many youngsters who desire to improve their living conditions and those of their families fleeing their homes often become prey to criminal organizations who take advantage of them exploit them and dehumanize them Little do they know when they are leaving their homes to go to overseas what is waiting for them is often something altogether different namely intimidation blackmail violence nightmare and slavery that strip them of all dignity and respect To make matters worse most of the victims and their families not only lose credibility but are also ostracized by their local communities when what happened comes to light Therefore the victims of this painful chain are not only young girls and boys but also families Unfortunately some parents especially mothers have also been perpetrators of this deplorable crime They push their daughters into the arms of their torturers lulled by the dream of a brighter future To stop and to prevent the reoccurrence of this criminal network of complicity which has been more or less voluntary conscious and unconscious a joint commitment by all governments organizations local communities and individuals is necessary Everyone needs to remember and never forget that every human being every person has been created and procreated in the image and likeness of God and is a subject of essential rights which should never be violated but rather should be respected and upheld by everyone in every time and place
