## Consider Her Ways:

**Consider Her Ways** Frederick Philip Grove, 2021-11-09 In *Consider Her Ways* Frederick Philip Grove explores the complex interplay of gender roles and societal expectations through the lens of speculative fiction. The narrative unfolds in a dystopian future where women have evolved into dominating figures within a matriarchal society, challenging the traditional norms of power and gender dynamics. Grove's prose is characterized by its lyrical quality and incisive social commentary, firmly situated within the literary context of early 20th-century modernism, which often interrogated societal constructs. His imaginative storytelling invites readers to consider the implications of a world reversed while subtly critiquing contemporary gender relations. Frederick Philip Grove, a prominent Canadian author of the early 1900s, was profoundly influenced by his own immigrant experiences and observations of both Canadian life and European societal structures. His mastery of diverse literary forms reflected his keen interest in the complexities of identity and social reform. Grove's multifaceted career as a novelist, poet, and translator equipped him with the unique perspective necessary for this provocative examination of women's roles and the human psyche. *Consider Her Ways* is highly recommended for readers interested in feminist literature, speculative fiction, or those seeking to delve into the broader themes of power, identity, and societal transformation. Grove's insightful exploration challenges assumptions and inspires critical thought, making it an essential addition to any literary discussion. [Consider Her Ways](#) John Wyndham, 2014-09-04 The six stories in *Consider Her Ways* and *Others*, the second collection of John Wyndham's short tales, continue his exploration of the science-fiction staple: what if? In the title story, we are introduced to a world where all the men have been killed by a virus, and women continue to survive in a strict caste system. Bottom of the heap are the mothers. In *Others*, we meet the man who accidentally summons a devil and then has to find a way of getting rid of him without losing his immortal soul, as well as the woman who, thanks to an experiment in time, discovers why her lover abandoned her. Wyndham writes strongly and has a gift for bizarre plots. *Guardian*: One of the few authors whose compulsive readability is a compliment to the intelligence. *Spectator*: John Wyndham. Parkes Lucas Benyon Harris was born in 1903, the son of a barrister. He tried a number of careers, including farming, law, commercial art, and advertising, and started writing short stories intended for sale in 1925. From 1930 to 1939, he wrote short stories of various kinds under different names, almost exclusively for American publications, while also writing

detective novels During the war he was in the Civil Service and then the Army In 1946 he went back to writing stories for publication in the USA and decided to try a modified form of science fiction a form he called logical fantasy As John Wyndham he wrote *The Day of the Triffids* *The Kraken Wakes* *The Chrysalids* *The Midwich Cuckoos* filmed as *Village of the Damned* *The Seeds of Time* *Trouble with Lichen* *The Outward Urge* *Consider Her Ways* and *Others* *Web* and *Chocky* John Wyndham died in March 1969 [The Battle of the Sexes in Science Fiction](#) Justine Larbalestier,2023-09-05 Runner up for the Hugo Best Related Book Award 2003 *The Battle of the Sexes in Science Fiction* is a lively account of the role of women and feminism in the development of American science fiction during its formative years the mid 20th century Beginning in 1926 with the publication of the first issue of *Amazing Stories* Justine Larbalestier examines science fiction's engagement with questions of femininity masculinity sex and sexuality She traces the debates over the place of women and feminism in science fiction as it emerged in stories letters and articles in science fiction magazines and fanzines The book culminates in the story of James Tiptree Jr and the eponymous Award Tiptree was a successful science fiction writer of the 1970s who was later discovered to be a woman Tiptree's easy acceptance by the male dominated publishing arena of the time proved that there was no necessary difference in the way men and women wrote but that there was a real difference in the way they were read
