Til the End of Time Helen Lois Zaharie, 2012-09-19 Beautiful, talented daughter of a tycoon, Maria had a life one would call a fairy tale existence. She had everything money could buy, but she longed for the one elusive thing called love. She craved love as a child and was denied it. Later, her father prevented her from getting involved with men, fearing they were after his wealth. In spite of that, she managed to meet a man that stole her heart. She carried a memory of him and was haunted day and night by the unfulfilled dreams with him. The hardest thing she had to face was a tragedy, and a

serious illness and wondering if she would ever find happiness and her love reciprocated by the man that first awakened her heart

The Hunt Sofia Foskaris, Stefania Foskaris, 2023-05-16 Ranu and his father must face a terrible truth learning that Ranu s mother has died in an attempt to feed her family Only later do they realize that the mysterious events that have been occurring may not be a coincidence Ranu had a pleasant life for some time until his mother Leia died Ever since he has had a phobia Water As things seem to get worse Ranu can t stop feeling that something or someone is watching his every move Tran thought everything was well until that one fateful night when everything went wrong Since then he s been lost on how to raise his cub knowing the bond with his own son is breaking Overwhelmed and confused he feels as if he should ve taken Leia s place but when he finds someone else can he ever let go of the past to be happy again Terra always believed in hope and destiny Even as everything she cared about started to be taken over by unwanted power she always thought things would get better When she has trekked some way from her original home to start over is this what she really wanted to escape but to leave everyone behind within the danger As these three leopards learn to face their fears and find strength within themselves everything might not be as it seems Someone is watching waiting for the perfect moment to pounce Ranu and Terra know a dangerous secret and must be careful on what they do in order to not be the ones hunted

Book Review 1 *The Hunt* is a work of fiction in the animals adventure and action subgenres It is intended for middle grade readers and contains some mild violence Penned by author duo Sofia Foskaris and Stefania Foskaris the story takes readers on an enthralling journey into the lives of three leopards each grappling with personal tragedies and the looming threat of danger Ranu traumatized by his mother s death discovers a mysterious force shaping his destiny Meanwhile Tran faces the challenge of raising his cub alone haunted by a sense of loss and the weight of the past Terra in search of hope and escape finds herself entangled in unexpected dangers Author team Sofia and Stefania Foskaris have combined their impressive writing skills to create a captivating experience for younger readers allowing them to enter a fantastical world where the emotions and struggles of leopard characters mirror human complexities The narrative is heartfelt warm and engaging bringing together themes of loss courage and the pursuit of a better future in accessible terms

that middle grade readers can easily relate to The authors vivid storytelling and character development are consistent and committed throughout allowing readers to get to know the unique personalities of the characters as if they were friends The suspenseful plot is also well paced to deliver great twists and surprises at just the right moments and this is coupled with the emotional depth of the characters that play out in interesting ways during the quieter moments This is a good balance for the main action of the plot allowing the subtle lessons about facing your fears and finding your inner strength to form the bigger picture and gradually leave readers feeling empowered and inspired Overall I d recommend The Hunt as a delightful choice for readers who adore animal tales packed with adventure emotion and the thrill of the wild K C Finn Book Review 2

The Hunt by Sofia and Stefania Foskaris follows the adventures of a leopard cub Ranu his father Tran and a female leopard Terra who is from another Leap Ranu is grieving the loss of his mother Leia who fell to her death and drowned Tran struggles to be a good father and is grateful for the friendship offered by Terra According to Leap rules Tran and Ranu could be banished if Tran does not take another mate They are shocked when Leia returns from the dead Leia seems different but Tran and Ranu must accept her In Stonecliff s absence Terra is exiled and Leia assumes her position as leader of the Leap Terra returns to her war like Leap to reassimilate but trouble is brewing in both Leaps The Hunt by Sofia and Stefania Foskaris is an animal fantasy story involving struggles for pack leadership and instinctive aggression I enjoyed the personifications of Tran and Terra and found their points of view easy to champion The mystery surrounding the true heir deepened throughout the plot and I longed for the false heir to be unmasked I loved the way the leopards seemed fierce and yet vulnerable They were impressive animals who could hunt but were exposed to danger from other leopards traps and environmental hazards Ranu was only a cub and had to develop his skills and Terra was an outcast female who had to struggle to survive I hoped for a happy outcome but had to acknowledge the hardship of life in the wild I am an adult reader and enjoyed The Hunt by Sofia and Stefania Foskaris immensely I would also recommend it to the young adult audience Cecelia Hopkins
