## **Considering The Victim Readings In Restitution And Victim Compensation:**

Considering the Victim Joe Hudson, Burt Galaway, 1975      Readings in Political Philosophy Diane Jeske, Richard Fumerton, 2011-12-20 This anthology surveys important issues in Western political philosophy from Plato to the present day Its aim is to show both the continuity and the development of political thought over time Each unit begins with readings on the fundamental theoretical principles underlying political discourse Theory is then connected to practice in readings on contemporary issues as well as court cases and other political documents      *The Right to Be Punished* Gabriel Hallevy, 2012-10-12 Does an offender have the right to be punished The right to be punished may sound like an oxymoron but it is not necessarily so With the emergence of modern criminal law the offender gained the right to be punished by rational criminal law rather than being lynched by an angry mob The present day offender may have the right to be punished by doctrinal sentencing rather than being subjected to verdicts based on vague unclear and uncertain principles In modern criminal law the imposition of criminal liability follows accurate and strict rules whereas there are no similar rules for the imposition of punishment The process of sentencing is vague and obscure as are the considerations used for the imposition of punishments The objective of the present book is to propose a comprehensive general and legally sophisticated theory of modern doctrinal sentencing The challenges of such a legal theory are plenty and complex In addition to increasing clarity and certainty modern doctrinal sentencing must deal with modern types of delinquency e g organized crime recidivism corporate offenders high tech offenses etc and modern principles of criminal law Modern doctrinal sentencing must serve to ensure optimal sentencing      **Restitution** Marjorie Kravitz, 1980      **Towards a Critical Victimology** Ezzat A. Congress. House. Committee on the Judiciary, 1996      **Victims of the System** Robert Elias, 2017-07-28 This important new book on criminology is a major attempt to evaluate actual victim compensation programs as well as their political and economic contexts through the eyes of the victims themselves Elias traces the experiences of violent crime victims throughout the entire criminal justice process comparing New York s and New Jersey s victim compensation programs He shows how programs differ when compensation is viewed essentially as welfare and when it is viewed as a right The study uses extensive interviews with officials and with violent crime victims The study indicates victim compensation programs largely fail to achieve their stated goals of improving attitudes toward the criminal justice system and the government The programs produce poor attitudes toward government and criminal justice
