Franklin Scandal Nick Bryant, 2009-08-01 A chilling expos of corporate corruption and government cover ups this account of a nationwide child trafficking and pedophilia ring in the United States tells a sordid tale of corruption in high places The scandal originally surfaced during an investigation into Omaha Nebraska's failed Franklin Federal Credit Union and took the author beyond the Midwest and ultimately to Washington DC Implicating businessmen senators major media corporations the CIA and even the venerable Boys Town organization this extensively researched report includes firsthand interviews with key witnesses and explores a controversy that has received scant media attention The Great Terror Robert Conquest, 2008 When The Great Terror was first published in 1968 it was universally acclaimed as one of the most important books ever written about the Soviet Union Now in this revised and updated edition Robert Conquest uses fresh and dramatic material which has only recently become available to give further depth and breadth to his history of the momentous years between 1934 and 1939 when millions of people died in Stalin's purges His reassessment of its significance confirms the Terror as one of the most tragic and far reaching human and political issues of our time "Bold! Daring! Shocking! True!" Eric Schaefer,1999 A social and cultural history of exploitation films which were produced on the fringes of Hollywood and often dealt with subjects forbidden by the Production Code **Encyclopedia of Trauma** Charles R. Figley, 2012-09-17 This timely and authoritative two volume set includes hundreds of signed entries by experts in the field of traumatology exploring traditional subjects as well as emerging ideas as well as providing further resources for study and Memories of Post-Imperial Nations Dietmar Rothermund, 2015-05-14 Memories of Post Imperial Nations exploration presents the first transnational comparison of Great Britain the Netherlands Belgium France Portugal Italy and Japan all of whom lost or decolonized their overseas empires after 1945 Since the empires of the world crumbled the post imperial

nations have been struggling to come to terms with the present and as recall sets in wars of memory have arisen leading to a process of collective editing As these nations rebuild themselves they shed old characteristics and acquire new ones looking at new orientations. This book brings together varying perspectives with historians and political scientists of these nations attempting to bind memory and its experience of different post imperial nations Lies, Israel's Secret Service, and the Rabin Murder David Morrison, 2000 The history of confessed lies from Israel's Secret Service and its impact on the continued cover up of Prime Minister Rabin s murder Here we are blaming Yigal Amir but it is not that simple It s much deeper and more complicated Dalia Rabin Philosof Olam Ha Isha Women's World November 1999 There is nothing sacred not in the verdict nor in the findings of investigation committeees Tom Segev Ha aretz October 1999 Time, Tense, and Causation Michael Tooley, 1997 Michael Tooley presents a major new philosophical study of time and its relation to causation The nature of time has always been one of the most fascinating and perplexing problems of philosophy it has in recent years become the focus of vigorous debate between advocates of rival theories The traditional tensed accounts of time which hold that time has a direction and that the flow of time is part of the nature of the universe have been challenged by tenseless accounts of time according to which past present and future are merely subjective features of experience rather than objective features of events Time Tense and Causation offers a new approach in many ways intermediate between these two rivals Tooley shares with tensed approaches the views that the universe if dynamic and that the past and present are real while the future is not but he rejects the view that this points to the existence of irreducible tensed facts Tooley's approach accounts for time in terms of its relation to causation he argues that the direction of time is based upon the direction of causation and that the key to understanding the dynamic nature of the universe is to understand the nature of causation He analyses tensed concepts and discusses semantic issues about truth and time Finally addressing the formidable difficulties posed for tensed accounts of time by the Special Theory of Relativity he suggests that a modified version of the theory compatible with the account of time in this book is to be preferred to the standard version Time Tense and Causation is rich in sophisticated and stimulating discussions of many of the deepest problems of metaphysics It will be essential reading for anyone specialising in this area of philosophy 42 Today Michael G. Long, 2023-02-28 Explores Jackie Robinson s compelling and complicated legacy Before the United States Supreme Court ruled against segregation in public schools and before Rosa Parks refused to surrender her bus seat in Montgomery Alabama Jackie Robinson walked onto the diamond on April 15 1947 as first baseman for the Brooklyn Dodgers making history as the first African American to integrate Major League Baseball in the twentieth century Today a national icon Robinson was a complicated man who navigated an even more complicated world that both celebrated and despised him Many are familiar with Robinson as a baseball hero Few however know of the inner turmoil that came with his historic status Featuring piercing essays from a range of distinguished sportswriters cultural critics and scholars this book explores Robinson's perspectives and legacies on civil rights sports faith

youth and nonviolence while providing rare glimpses into the struggles and strength of one of the nation s most athletically gifted and politically significant citizens Featuring a foreword by celebrated directors and producers Ken Burns Sarah Burns and David McMahon this volume recasts Jackie Robinson's legacy and establishes how he set a precedent for future civil rights activism from Black Lives Matter to Colin Kaepernick Human Sexuality Vern L. Bullough, Bonnie Bullough, 1994 First Published in 1994 Routledge is an imprint of Taylor Francis an informa company Stolen Dreams Chris Lamb, 2022-04 When the eleven and twelve year olds on the Cannon Street YMCA All Star team registered for a baseball tournament in Charleston South Carolina in June 1955 it put the team and the forces of integration on a collision course with segregation bigotry and the southern way of life White teams refused to take the field with the Cannon Street All Stars the first Black Little League team in South Carolina The Cannon Street team won the tournament by forfeit and advanced to the state tournament When all the white teams withdrew in protest the Cannon Street team won the state tournament If the team had won the regional tournament in Rome Georgia it would have advanced to the Little League World Series But Little League officials ruled the team ineligible to play in the tournament because it had advanced by winning on forfeit and not on the field denying the boys their dream of playing in the Little League World Series Little League Baseball invited the Cannon Street All Stars to be the organization s guests at the World Series where they heard spectators yell Let them play Let them play when the ballplayers were introduced This became a national story for a few weeks but then faded and disappeared as Americans read of other civil rights stories including the torture and murder of fourteen year old Emmett Till Stolen Dreams is the story of the Cannon Street YMCA All Stars and of the early civil rights movement It's also the story of centuries of bigotry in Charleston South Carolina where millions of enslaved people were brought to this country and where the Civil War began where segregation remained for a century after the war ended and anyone who challenged it did so at their own risk

Jackie Robinson: A Spiritual Biography Michael G. Long, Chris Lamb, 2017-03-10 Jackie Robinson believed in a God who sides with the oppressed and who calls us to see one another as sisters and brothers This faith was a powerful but quiet engine that drove and sustained him as he shattered racial barriers on and beyond the baseball diamond Jackie Robinson A Spiritual Biography explores the faith that Robinson said carried him through the torment and abuse he suffered for integrating the major leagues and drove him to get involved in the civil rights movement Marked by sacrifice and service inclusiveness and hope Robinson's faith shaped not only his character but also baseball and America itself
