against their empires and planned a New World Order and world government that would control the earth's resources for their own benefit In *The Secret History of the West* 2005 he traced the Syndicate's roots back to secret Freemasonic organisations and revolutions that undermined the West from the Renaissance to the early 20th century In *The Fall of the West* 2022 the third book in his trilogy on the West Hagger updates the story to include the pandemic and describes how Syndicate driven 21st century events from the War on Terror to Covid have brought the Western financial system to the brink of collapse and shifted power from the West to the East and China In this first impartial attempt to assemble all the evidence to date for the origin of Covid like fitting together available pieces of a jigsaw to reveal the main picture Hagger the first to discover the Cultural Revolution in China in March 1966 finds that the three main features of Covid 19 were man made by American NIAID funded medics in 2002 and patented 73 times since 2008 and seem to have been surreptitiously used as a bio weapon in a Syndicate plan to limit the rise of China and its expanding trade A dangerous new Biological Age has been born and the West faces being levelled down and a sudden fall Hagger sees the post Covid West's dream of creating a good New World Order a vaccine protected democratic presidential part federal world government and World State with sufficient authority to abolish war and solve the world's post Covid problems as being challenged by the self interested Syndicate's levelling down and to survive it first has to go along with the Syndicate's plan for West and East to draw together into an authoritarian world government involving China and democratise later This is a thought provoking work with a prophetic vision of the future

The Secret American Dream: The Creation of a New World Order with the Power to Abolish War, Poverty, and Disease Nicholas Hagger Author,2013-01-01 Until the present time there have been seven stages of United States expansionism from the Federal unification of the original states to the New World Order planned by US led commercial elites before and after 1989 Extrapolating both from the author's distinctive reading of history and the evidence of President Obama's own speeches and actions *The Secret American Dream* proposes that the US now faces a new eighth phase of expansion In this the traditional American Dream of peace social order and prosperity would be extended to all humankind This ambitious plan little known and understood outside President

Obama's inner circle would involve the creation of a benevolent World State initiated but not dominated by the United States. The Secret American Dream suggests that the first step in establishing the World State, a supranational authority with legal powers to abolish war and nuclear weapons, would be a visit by the US President to the UN General Assembly requesting a World Constitutional Convention. Under the President's proposals, the existing UN General Assembly would become an elected 850-seat lower house alongside a new World Senate and an executive called the World Commission. A senatorial World Openness Committee would control the world's commercial elites and harness their positive skills and energies. Founded on altruistic and philanthropic principles, the World State would bring global peace, disarmament, and the opportunity of prosperity to every individual on Earth. The abolition of war and nuclear stockpiles would remove the threat of nuclear war and the possibility of ex-Soviet nuclear weapons falling into terrorist hands. It would also create a peace dividend of nearly US \$1.5 trillion per year, which could be spent on eliminating world poverty, disease, and famine; on guaranteeing financial stability and a minimum income for all; and on solving energy and environmental problems. Initiatives by President Obama in a range of areas, such as his recent nuclear disarmament deal with Russia, show that he is already taking steps to implement this secret American Dream.

Beyond Esoteric Brad Olsen, 2024-11-14

The word occult means nothing more than to study the realm of the hidden. So much of real knowledge and wisdom is disguised because the people who run the planet feel that true information as to how the world works is something the sheeple should not be informed about. But truth always resonates. Beyond Esoteric takes off the kid gloves and exposes the nefarious control grid extending its tentacles across the planet.
