## **Constitutional Law Principles And Policies:**

**Constitutional Law** Erwin Chemerinsky, 2015 Historical background and contemporary themes The federal judicial power The federal legislative power The federal executive power Limits on state regulatory and taxing power The structure of the Constitution s protection of civil rights and civil liberties Procedural due process Economic liberties Equal protection Fundamental rights First Amendment Expression First Amendment Religion *Constitutional Law, Principles and Policy* Jerome A. Barron, 1992 **Constitutional Law, Principles and Policy**, 1992 **Power & Rights in US Constitutional Law** Thomas Lundmark, 2008-04-17 Power Rights in US Constitutional Law is a clear and accessible explanation of how the United States Constitution works It explores the tensions inherent in American constitutional law between the governing and the governed by combining text from seminal Supreme Court decisions with extensive analysis This second edition includes the most current legislative and Supreme Court decisions affecting constitutional law on subjects including the separation of powers the role of the executive executive privilege impeachment discrimination and judicial review of political questions It is an invaluable guide to the delicate balance between governmental power and the constitutional rights of individual citizens BOOK JACKET We Dissent Michael Avery, 2009-01-01 The lawyers and legal commentators who contribute to We Dissent unanimously agree that during Chief Justice William Rehnquist s nineteen year tenure the Supreme Court failed to adequately protect civil liberties and civil rights This is evident in majority opinions written for numerous cases heard by the Rehnquist Court and eight of those cases are re examined here with contributors offering dissents to the Court s decisions The Supreme Court opinions criticized in We Dissent suggest that the Rehnquist Court placed the interests of government above the people and as the dissents in this book demonstrate the Court strayed far from our constitutional ideals when it abandoned its commitment to the protection of the individual rights of Americans Each chapter focuses on a different case ranging from torture to search and seizure and from racial profiling to the freedom of political expression with contributors summarizing the case and the decision and then offering their own dissent to the majority opinion For some cases featured in the book the Court s majority decisions were unanimous so readers can see here for the first time what a dissent might have looked like In other cases contributors offer alternative dissents to the minority opinion thereby widening the scope of opposition to key civil liberties decision made by the Rehnquist Court Taken together the dissents in this unique book address the pressing issue of Constitutional protection of individual freedom and present a vision of constitutional law in the United States that differs considerably from the recent jurisprudence of the United States Supreme Court Contributors Michael Avery Erwin Chemerinsky Marjorie Cohn Tracey Maclin Eva Paterson Jamin Raskin David Rudovsky Susan Kiyomi Serrano and Abbe Smith **Constitutional Law: Principles and Policy**, 1986 **Constitutional Law, Principles and Policy** Jerome A.
