Constitutional Rights Of College Students:

The College Student's Guide to the Law C. L. Lindsay, 2005-05-26 Knowing how to post bail and get out of jail in fifteen minutes is darn handy for almost everyone For a disoriented 18 year old who s found himself in a pinch it s downright necessary College kids are na ve eager and prone to trouble and whether they re funnelling beer or fighting sweatshop labor they need to know their rights Just logging onto the university computer system for example opens a student to a host of legal questions about whether the school can monitor her email or her surfing habits or her blogs But the amount of practical legal information available to the nation s 15 million college students is extremely limited and most students don t have ready access to lawyers What they need is a handbook that will cover the issues they re likely to confront a guide that is informative easy to read and not embarrassing to have on their shelves With a retro look and a humorous approachable tone THE COLLEGE STUDENT S GUIDE TO THE LAW provides legal explanations strategies for steering clear of problems and detailed instructions about how to deal with the authorities both educational and municipal when trouble can t be avoided The book is divided into sections for easy access to information The Law in the Classroom offers guidance on academic dishonesty grading grievances and professor student relations The Law On Campus discusses problems outside the classroom but on university turf from privacy rights whether in the dorms on a hard drive or in the Registrar s Office to interactions with campus security The Law Off Campus provides advice on dealing with legal issues that are endemic to university life such as underage drinking policies landlord tenant disputes and credit card use and abuse THE COLLEGE STUDENT S GUIDE TO THE LAW ranks with the shower caddy the extra long twin sheet set and the mini fridge as an absolutely indispensable item for every college freshman And every returning student who might contest a grade plan a campus protest or sign an apa

Ensuring the Rights of College Students to Vote United States. Congress. House. Committee on House Administration, 2009 [Constitutional Rights of College Students--a Study in Case Law](#) Richard Charles Ratliff, 1984 *The Constitution Goes to College* Rodney A. Smolla, 2011-04-11 In this book the author deftly uses the American university as a lens through which to view the Constitution in action Drawing on landmark cases and conflicts played out on college campuses he demonstrates how five key constitutional ideas are not only fiercely contested on college campuses but also dominate the shape and identity of American university life [The Handbook of Student Affairs Administration](#) George S. McClellan, Judy Marquez Kiyama, 2023-01-23 The foremost scholars in student affairs discuss issues facing the field today approaches to those issues and skills necessary to enact the approaches Professionals in student affairs administration need practical timely and applied information on the myriad issues they encounter in supporting the success of the students and the institutions they serve In the Handbook of Student Affairs Administration the top scholars in the field share the latest information methods and advice on addressing these issues The book is sponsored by NASPA the leading professional organization for student affairs in higher education This fifth edition has been updated to reflect current and

effective techniques in student affairs administration including new chapters on anti oppressive frameworks and equity in praxis access for students with disabilities men and masculinities support for students mental health and well being and student employment as learning integrated work There is also an emphasis throughout on adult learners online learners part time students and transfer students Chapter authors of diverse gender ethnicity sexual orientation experiential background and type of institution offer broader perspectives Learn about the dominant organization and administration models in student affairs Stay up to date on core competencies and professional development models Discover research based strategies for addressing both emerging and lasting issues in student affairs Instructor resources available The Handbook of Student Affairs Administration is a comprehensive and thoughtful resource with expert insight on the issues facing student affairs This is one handbook students and professionals in the field won't want to go without

The Constitutional Rights of Women Leslie Friedman Goldstein, 1988 Using a wide variety of cases involving women's rights Leslie Friedman Goldstein examines the ways in which the U S Supreme Court initiates and responds to social change This edition covers all major Supreme Court decisions that affect gender equity and reproductive rights through May 1987

The Law of Higher Education William A. Kaplin, Barbara A. Lee, 2011-03-08 Based on the fourth edition of The Law of Higher Education the indispensable guide to law that bears on the provision of higher education this Student Edition provides an up to date reference and guide for coursework in higher education law It also provides a guide for programs that help prepare higher education administrators for leadership roles This important reference is organized into five main parts Perspectives and Foundations The College and Its Governing Board and Staff The College and Its Faculty The College and Its Students and The College and the Outside World Each part includes the sections of the full fourth edition that most relate to student interests and are most suitable for classroom instruction for example The evolution and reach of higher education law The governance of higher education Legal planning and dispute resolution The interrelationships between law and policy The college and its employees Faculty employment and tenure Academic freedom Campus issues student safety racial and sexual harassment affirmative action computer networks services for international students Student misconduct Freedom of speech hate speech Student rights responsibilities and activities fees Athletics and Title IX Copyright

Investigating College Student Misconduct Oren R. Griffin, 2018-11-01 A clear and cogent guide to how colleges and universities can investigate student misconduct All colleges and universities grapple with the complexities of student misconduct How can these institutions conduct efficient fact finding investigations and disciplinary proceedings What best practices should administrators and legal counsel follow when student behavior interferes with a university's mission or poses a campus safety threat Oren R Griffin answers these questions and more in Investigating College Student Misconduct an essential resource for student affairs professionals and university administrators Misconduct investigations and disciplinary proceedings are as common in higher education as they are contested Without the force of law clear procedures or even rules of evidence these proceedings can

leave both the accused and the accuser in danger of receiving unfair treatment opening the university up to legal action Emphasizing the importance of institutional compliance obligations and students rights Griffin explores the fundamental steps that should guide the investigation process He describes tactics that academic and student affairs administrators should consider and comments on the importance of managing privileged and confidential information as well as communicating the results of and proposed remedies to student misconduct investigations A law professor scholar of higher education law and associate dean who consults with other universities on legal compliance and litigation matters Griffin brings a unique perspective to this topic Touching on a range of issues including academic dishonesty sexual assault freedom of speech quasi criminal activity and other acts of misconduct Investigating Student Misconduct is supported by a review of relevant judicial decisions from state and federal courts along with a conceptual and pragmatic analysis of important statutory and constitutional provisions including Title IX and FERPA Exploring the Technological, Societal, and Institutional Dimensions of College Student Activism Miller, Michael T.,Tolliver, David V.,2018-11-23 Social demonstrations that take place on university campuses have profound effects on students as well as the environments in which those students live and learn These demonstrations in recent years have taken on traditional forms such as spontaneous protests organized marches and organized rallies but they have also been affected by technologically mediated strategies that can bring larger sets of students together to support shared beliefs Exploring the Technological Societal and Institutional Dimensions of College Student Activism provides emerging research exploring the theoretical and practical aspects of social demonstrations on university campuses and responses from administrative professionals Featuring coverage on a broad range of topics such as advocacy student activism and free speech this book is ideally designed for university administrators policymakers government officials academic leaders researchers and institutions seeking current research on student engagement in social demonstrations on the campuses of colleges and universities *Defending Constitutional Rights* Frank Minis Johnson,2001 Federal Judge Frank M Johnson of Alabama decided many of the most important civil rights and liberties cases in twentieth century American history During the 1950s and 1960s his decisions supported Martin Luther King Jr and other civil rights fighters in their struggles for justice and equality Johnson extended the Constitutional defense of individual rights for women students prisoners mental health patients poor criminal defendants and voters during his active judicial career in Alabama and the South which lasted until 1991 This collection assembles some of Johnson s most thought provoking and insightful essays many of which explain and defend a number of his decisions Also included in this volume is the first published transcript of a 1980 public television interview with Bill Moyers Meticulously detailed and documented yet accessible to a wide range of readers this book explores the constitutional ideals that Johnson forged and defended as he persistently overcame public officials resistance to constitutional rights and social change *Law in the Liberal Arts* Austin Sarat,2018-08-06 Should law be left to the lawyers Is legal education properly understood as technical education Law in the

Liberal Arts answers no and suggests that our society is not well served by the current professionalization of legal knowledge. An ideal approach to legal education in Austin Sarat's view would open up law and legal knowledge by making them the proper objects of inquiry in the liberal arts. Legal education in the United States is generally located in law schools dedicated to professional training. Sarat believes that this situation impoverishes our ability to see the complex relations of law, culture, and society in all their variety and to connect theorizing about law with its application in the humanities and social sciences. The contributors to this book aim to assess the place of legal scholarship in the liberal arts by asking whether and how legal research and pedagogy are different in liberal arts settings than they are in law schools.

Restorative Justice on the College Campus David R. Karp, Thom Allena, 2004. No other publication provides such an up-to-date overview of college student misbehavior. This book will be an excellent resource to student affairs professionals, especially campus judicial officers and ombudspersons, and may be used along with other training materials for volunteers in restorative programs.

Quality Education as a Constitutional Right Theresa Perry, Robert P. Moses, Ernesto Cortes, Jr., Lisa Delpit, Joan T. Wynne, 2010-10-13. In 2005, famed civil rights leader and education activist Robert Moses invited one hundred prominent African American and Latino intellectuals and activists to meet to discuss a proposal for a campaign to guarantee a quality education for all children as a constitutional right, a movement that would transform current approaches to educational inequity, all of which have failed miserably to yield results for our children. The response was passionate and the meeting launched a movement. This book, emerging directly from that effort, reports on what has happened since and calls for a new scale of organizing legal initiatives and public definitions of what a quality education is. Essays include Robert Moses's historically rooted call for citizens, especially young people, to make the demand for quality education; Ernesto Cortes's view from decades of work organizing Latino communities in Texas; Charles Payne's interview with students from the Baltimore Algebra Project who organized to make historic demands on their district; Legal scholar Imani Perry's nuanced analysis of the prospects of making a case for quality education as a right guaranteed by the Constitution; Perspectives from scholars Lisa Delpit and Joan T. Wynne and by teachers Alicia Carroll and Kim Parker who provide examples of what quality education is, describing its goal and how to guide practice in the meantime.

We the People Commission on the Bicentennial of the United States Constitution, 1992. *Research in Education*, 1969-05.

Gender and Higher Education Barbara J. Bank, 2011-03. Encyclopedic review about gender and its impact on American higher education across historical and cultural contexts. The contributors describe the ways in which gender is embedded in the educational practices, curriculum, institutional structures, and governance of colleges and universities. Topics included are institutional diversity, academic majors and programs, extracurricular organizations such as sororities, fraternities, and women's centers, affirmative action, and other higher educational policies and theories that have been used to analyze and explain the ways in which gender in academe is constructed.
