Constructing Medieval Sexuality:

Constructing Medieval Sexuality Karma Lochrie, Peggy McCracken, James Alfred Schultz, 1997 This collection brings together essays from various disciplinary perspectives to consider how the Middle Ages defined regulated and represented sexual practices and desires Considering sexuality in relation to gender the body and identity the essays explore medieval sexuality as a historical construction produced by and embedded in the cultures and institutions of the period 17 photos

Sexuality in Medieval Europe Ruth Mazo Karras, Katherine E. Pierpont, 2023-04-03 Now in its fourth edition *Sexuality in Medieval Europe* provides a lively account of a society whose attitudes toward sexuality both were ancestral to and differed from contemporary ones The volume is structured not by types of sexual interactions or deviance but to reflect the difference in gendered experiences when sex is seen as an act one person does to another Sexual activity within and outside of marriage as well as sexual inactivity had different meanings based on gender social status religious affiliation and more This book considers these iterations of medieval sexuality in its effort to show there was no single medieval attitude towards sexuality With an emphasis on Christian Western Europe over the entire course of the Middle Ages it also includes comparative material on neighboring cultures at the time Alongside being reworked for further clarity and readability the fourth edition offers substantial new material on trans scholarship and methodological attempts to recoup a trans past changes in the treatment of sex work and its terminology and new material on Byzantine and Muslim culture *Sexuality in Medieval Europe* is an essential resource for all those who study medieval history medieval culture and the history of sexuality in Europe

Ancient Rome and the Construction of Modern Homosexual Identities Jennifer Ingleheart, 2015 This interdisciplinary volume analyses the importance of ancient Rome in the construction of post classical Western homosexual identities

Heterosyncracies Karma Lochrie, Reveals the lack of historical basis for heterosexuality as the norm

The Making of Middle English, 1765-1910 David Matthews, 1999 Before the 1760s with the major exception of Chaucer nearly all of Middle English literature lay undiscovered and ignored Because established scholars regarded later medieval literature as primitive and barbaric the study of this rich literary heritage was relegated to antiquarians and dilettantes In *The Making of Middle English 1765 1910* David Matthews chronicles the gradual rediscovery of this literature and the formation of Middle English as a scholarly pursuit Matthews details how the careers class positions and ambitions of only a few men gave shape and direction to the discipline Mostly from the lower middle class they worked in the church or in law and hoped to exploit medieval literature for financial success and social advancement Where Middle English was concerned Matthews notes these scholars were self taught and their amateurism came at the price of inaccurately edited and often deliberately improved texts intended for a general public that sought appealing rather than authentic reading material This study emphasizes the material history of the discipline examining individual books and analyzing introductions notes glossaries promotional materials lists of subscribers and owners annotations to assess the changing methodological

approaches of the scholars and the shifts in readership Matthews explores the influence of aristocratic patronage and the societies formed to further the editing and publication of texts And he examines the ideological uses of Middle English and the often contentious debates between these scholars and organizations about the definition of Englishness itself A thorough work of scholarship The Making of MiddleEnglish presents for the first time a detailed account of the formative phase of Middle English studies and provides new perspectives on the emergence of medieval studies canon formation the politics of editing and the history of the book

Christianity and Sexuality in the Early Modern World Merry

Wiesner-Hanks,2005-06-20 Christianity and Sexuality in the Early Modern World is the first global survey of such for the early modern period Merry Wiesner Hanks assesses the role of personal faith and the church itself in the control and expression of all aspects of sexuality The book ranges over developments within Europe and beyond to the European colonies including Brazil Mexico South Africa and Goa which were establishing themselves around the world Christian missionaries and rituals and structures accompanied all of the imperial powers and the control of the sexuality of both indigenous peoples and colonists was an essential part of policy The book is introduced with a clear original and engaging account of the central concepts in the study of sexuality in Christianity such as shame sin the body marriage and gender Drawing on diverse evidence including literary medical and historical the following sections chart changes in Western Christianity in the Late Middle Ages Protestantism and Catholicism in Europe Orthodoxy in Eastern Europe and Russia and finally the Spanish Portuguese English and Dutch Colonies Merry Wiesner Hanks exciting book covers both the ideas and effects in each period Christianity and Sexuality in the early Modern World includes discursive bibliographies which discuss major books and articles at the end of each chapter

Queering the Middle Ages Glenn Burger,Steven F. Kruger,2001

The essays in this volume present new work that in one way or another queers stabilized conceptions of the Middle Ages allowing us to see the period and its systems of sexuality in radically different off center and revealing ways While not denying the force of gender and sexual norms the authors consider how historical work has written out or over what might have been non normative in medieval sex and culture and they work to restore a sense of such instabilities At the same time they ask how this pursuit might allow us not only to re envision medieval studies but also to rethink how we study culture from our current set of vantage points within postmodernity The authors focus on particular medieval moments Christine de Pizan s representation of female sexuality chastity in the Grail romances the illustration of the sodomite in manuscript commentaries on Dante s Commedia the complex ways that sexuality inflected English national politics at the time of Edward II s deposition the construction of the sodomitic Moor by Reconquista Spain Throughout their work seeks to disturb a logic that sees the past as significant only insofar as it may make sense for and of a stabilized present

Constructing Virtue and Vice Olga V.

Trokhimenko,2014 The study examines textual representations of women s laughter and smiling and their imagined connection to female virtue in a wide variety of discourses and contexts of the German Middle Ages including medieval epic

ecclesiastical texts conduct literature lyric and sculpture By engaging with the competing and at times contradictory views of female laughter it reaffirms a disputatious nature of medieval culture in which multiple views of femininity sexuality and virtue stood in a conflicting yet productive dialogue with one another The society that emerges when one looks at medieval German texts is always ambivalent it thrives on and enjoys talking about sensuality and eroticism while being constrained by the conventions of polite behavior and the fear of sin it relies on the ritual use of laughter while marking it as a sign of lust and perdition Women s laughter thus offers an important way into understanding medieval views of gender because it combines physicality with shifting and conflicting cultural norms

The Sexual Culture of the French Renaissance

Katherine Crawford,2010-04-22 An examination of how Renaissance textual practices and new forms of knowledge transformed notions of sex and sexuality in France

The Ashgate Research Companion to Queer Theory

Noreen Giffney,Michael O'Rourke,2016-03-23 This interdisciplinary volume of thirty original essays engages with four key concerns of queer theoretical work identity discourse normativity and relationality The terms queer and theory are put under interrogation by a combination of distinguished and emerging scholars from a wide range of international locations in an effort to map the relations and disjunctions between them These contributors are especially attendant to the many theoretical discourses intersecting with queer theory including feminist theory LGBT studies postcolonial theory psychoanalysis disability studies Marxism poststructuralism critical race studies and posthumanism to name a few This Companion provides an up to the minute snapshot of queer scholarship from the past two decades and identifies many current directions queer theorizing is taking while also signposting several fruitful avenues for future research This book is both an invaluable and authoritative resource for scholars and an indispensable teaching tool for use in the classroom

Saracens and the Making of English Identity Siobhain Bly Calkin,2013-11-05 This book explores the ways in which discourses of religious racial and national identity blur and engage each other in the medieval West Specifically the book studies depictions of Muslims in England during the 1330s and argues that these depictions although historically inaccurate served to enhance and advance assertions of English national identity at this time The book examines Saracen characters in a manuscript renowned for the variety of its texts and discusses hagiographic legends elaborations of chronicle entries and popular romances about Charlemagne Arthur and various English knights In these texts Saracens engage issues such as the demarcation of communal borders the place of gender norms and religion in communities self definitions and the roles of violence and history in assertions of group identity Texts involving Saracens thus serve both to assert an English identity and to explore the challenges involved in making such an assertion in the early fourteenth century when the English language was regaining its cultural prestige when the English people were increasingly at odds with their French cousins and when English Welsh and Scottish sovereignty were pressing matters

Sexuality and its Queer Discontents in Middle

English Literature T. Pugh,2008-02-04 This book exposes the ways in which ostensibly normative sexualities depend upon

queerness to shore up their claims of privilege Through readings of such classic texts as *The Canterbury Tales* and *Eger and Grime* Tison Pugh explains how sexual normativity can often be claimed only after queerness has been rejected

Fatherhood and Its Representations in Middle English Texts Rachel E. Moss,2013 The figure and role of the late medieval father is reappraised through a close reading of a range of documents from the period including both letters and romances Late medieval English society placed great weight on the practices of primogeniture patrilineal descent and patriarchal government and the significance of the father had cultural resonance beyond the rule of law Yet despite aburgeoning interest in both the family and gender the father has to date received little attention from medievalists This book takes an interdisciplinary approach to the analysis of the fictions of fatherhood the ideological constructs that underpinned late medieval conceptions of fathers and patriarchy Its focus on gentry and mercantile readers and writers also offers new insights into the literary culture of late medieval England by considering how texts were produced and received within gentry and bourgeois communities and demonstrates the ability of texts to not only reflect but also shape hegemonic norms and cultural anxieties Through close examination of late medieval letters and romances it shows how the father was the dominant figure not only of medieval domestic life but also of the medieval imagination Dr RACHEL E MOSS is a Lecturer in History at the University of Northampton

Meeting the Foreign in the Middle Ages Albrecht Classen,2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company **Obscenity** Jan M. Ziolkowski,1998 This volume makes most wide ranging attempt ever to probe the natures origins and consequences of obscenity in medieval literature art theater and law One large section examines obscenity in medieval French literature especially fabliaux but the rest of the book explores obscenity in cultures and languages of other regions in Europe **Islamicate Sexualities** Kathryn Babayan,Afsaneh Najmabadi,Harvard University. Center for Middle Eastern Studies,2008 This anthology explores different genealogies of sexuality and questions some of the theoretical emphases and epistemic assumptions affecting current histories of sexuality

Citizens and Sodomites: Persecution and Perception of Sodomy in the Southern Low Countries (1400-1700) Jonas Roelens,2024-02-06 The Southern Low Countries were among Europe s core regions for the repression of sodomy during the late medieval period As the first comprehensive study on sodomy in the Southern Low Countries this book charts the prosecution of sodomy in some of the region s leading cities such as Bruges Ghent and Antwerp from 1400 to 1700 and explains the reasons behind local differences and variations in the intensity of prosecution over time Through a critical examination of a range of sources this study also considers how the urban fabric perceived sodomy and provides a broader interpretive framework for its meaning within the local culture Performing Virginity and Testing Chastity in the Middle Ages Kathleen Coyne Kelly,2002-11 This study presents a compelling and provocative study of virginity which challenges the belief that female virginity can be reliably and unambiguously defined tested and verified

The Sexual Theologian Marcella Althaus-Reid,Lisa Isherwood,2004-01-01 The Sexual Theologian is the first collection of

essays on radical sexual theology written by a group of internationally renowned scholars in this area For the first time Queer theory and theology is articulated around themes from systematic theology such as Incarnation death the concept of God Mariology together with discussions on sexuality and mysticism The essays show a how to do a radical sexual theology together with original bold and transgressive thinking which have taken feminist theologies to a new dimension of action and reflection **European Sexualities, 1400-1800** Katherine Crawford,2007-01-18 A pioneering survey of the social and cultural history of sexuality in early modern Europe
