Handbook of International Relations Cameron G. Thies,2025-06-09 This comprehensive Handbook provides an assessment of recent scholarship in the field of International Relations IR Cameron G Thies brings together leading scholars to explore its contested disciplinary foundations as well as the major theoretical and methodological approaches used to explain and understand IR Identity Discourses and Canadian Foreign Policy in the War on Terror Taylor Robertson McDonald,2023-03-17 This book examines how popular narratives of Canadian identity became implicated in Canada s foreign policy in the Global War on Terror McDonald argues that Canada s decisions to join the 2001 Afghanistan War yet abstain from the 2003 Iraq War became politically possible because parliamentarians linked these policies to similar narratives of an enduring Canadian identity even while re imagining their meanings These decisions are explored through politicians mobilization of three discourses Canada as America s neighbour Canada as protector of foreign civilians and Canada as a champion of multilateralism This book challenges conceptions of national identity as entirely stable or fluid and contests predominant arguments that downplay the role of identity discourses in Canadian foreign policy The relevance of these narratives is assessed by exploring the rhetoric of Canadian foreign policy in light of contemporary international challenges including the Donald Trump presidency the COVID 19 pandemic and Russia s War on Ukraine **Reversing**

**Ethnic Cleansing through Minority Returns** Rebecca A. Brubaker,2025-02-07 Ethnic conflict is not new Nor are international attempts to prevent or contain it Reversing Ethnic Cleansing through Minority Returns examines whether and how ethnic religious and political minorities should be returned and reintegrated after conflict Its main focus is the

unprecedented international attempt to re mix ethnic groups in Bosnia following the war The book scrutinizes the puzzle of why states and international organizations pursued a re mixing policy in response to ethnic cleansing in Bosnia There were multiple policy alternatives on the table at the start of the conflict Compared to these re mixing was an unlikely choice politically it was risky locally it was unpopular financially it was expensive and practically it ultimately failed Yet Washington and the United Nations chose to prioritize re mixing nonetheless justifying their choice on the grounds that it was essential for reversing ethnic cleansing and thereby re establishing a multi ethnic Bosnia More generally this book offers insights into how refugee return policies emerge evolve and solidify in a European context In doing so it contributes to a better understanding of how normative discourses transform into policy as well as offers policy recommendations for approaching the challenge of facilitating returns and reintegration following a war s end Understanding how and why such unintended norm diffusion emerged is a crucial addition to the historical record and provides an important correction to the lessons normally drawn from this precedent breaking case

**Global Crisis** Nadine Klopf, 2023-02-17 The book develops a novel framework for the analysis of global crises It differentiates crises on three dimensions permanent recurring and ephemeral crises This conceptualization allows us to analyze global crises not only in their immediate environment but makes it possible to understand them in the broader context of social instability The approach revolves around the terminology of discursive dislocation which provides fundamental insights into diverse forms of social instability A multidimensional conceptualization of dislocation is advanced which informs the differentiation of global crises Furthermore a methodological toolkit is developed and tailored to the theoretical framework which makes it possible to utilize the book both theoretically and methodologically for the analysis of manifold forms of global crises The book also provides a comprehensive analysis of the Covid 19 pandemic in the United States under Donald Trump Making use of the aforementioned methodology it presents a hands on illustration of how the multidimensional framework can be utilized for practical analyses The analysis reveals how the construction of the Covid 19 pandemic is embedded in the historically ingrained self portrayal of the United States and how crisis responses are invoked to serve particular socio political purposes in retaining an established vision of the United States

**Conflict and Its Discursive Representations: Sustaining Support for War** Ryan O'Connor, 2025-02-08 This project seeks to demonstrate how multiple sites of discursive production political elite media and popular culture interact to construct truths about a conflict that condition political possibility Through breaking down the interaction between multiple sites of production within moments of discursive stability and by tracing major themes across multiple sites of discursive production this work will illuminate the processes by which the truth for a conflict is produced sustained and challenged Specifically this project will be contesting two historical moments of naturalness wherein a dominant discourse established a representational stability within American foreign policy in order to display how multiple sites of production work to produce sustain and challenge the political realities of military interventions In doing so the processes which impact the production of

policy and public acceptance condemnation for military interventions will be demonstrated **Cuban Studies 31** Lisandro Perez,Uva de Aragon,2000-12-15 Cuban Studies has been published annually by the University of Pittsburgh Press since 1985 Founded in 1970 it is the preeminent journal for scholarly work on Cuba Each volume includes articles in both English and Spanish a large book review section and an exhaustive compilation of recent works in the field **Globalization and Environmental Challenges** Hans Günter Brauch,Úrsula Oswald Spring,Czeslaw Mesjasz,John Grin,Pál Dunay,Navnita Chadha Behera,Béchir Chourou,Patricia Kameri-Mbote,P. H. Liotta,2008-01-23 Put quite simply the twin impacts of globalization and environmental degradation pose new security dangers and concerns In this new work on global security thinking 91 authors from five continents and many disciplines from science and practice assess the worldwide reassessment of the meaning of security triggered by the end of the Cold War and globalization as well as the multifarious impacts of global environmental change in the early 21st century **Australia's 'war on terror' Discourse** Kathleen Gleeson,2016-04-08 Too often existing literature has conflated the discourses that enabled the War on Terror ignoring the contextual specificities of the states that make up the Coalition of the Willing Australia s war on terror Discourse fills this gap by providing a full and sustained critical analysis of Australian foreign policy discourse along with the theoretical synthesis for a specific model of critical discourse analysis of the subject The language of then Prime Minister Howard is the primary focus of the book but attention is also paid to the language of key ministers political opponents and other prominent actors The voices of those who challenged the dominant discourse are also considered to shed light on the ways in which discourses can be destabilised Kathleen Gleeson shows how Howard successfully invoked narratives of identity and sovereignty that resonated with his audience and promoted his reworked narrative of Australia whilst facing dissent from many actors who voiced their opposition most successfully when they capitalised on inconsistencies within the discourse **Foreign Policy Analysis** Chris Alden,Amnon Arran,2016-10-04 Building on the success of the first edition this revised volume re invigorates the conversation between foreign policy analysis and international relations It opens up the discussion situating existing debates in foreign policy in relation to contemporary concerns in international relations and provides a concise and accessible account of key areas in foreign policy analysis that are often ignored Focusing on how foreign policy decision making affects the conduct of states in the international system and analysing the relationship between policy agency and actors the volume examines foreign policy and bureaucracies domestic sources of foreign policy foreign policy and the state foreign policy and globalization foreign policy and change Features of the second edition include a wider range of contemporary case studies and examples from around the globe analysis of new directions in foreign policy analysis including foreign policy implementation and the changing media landscape fully updated material across all chapters to reflect the evolving research agenda in the area This second edition builds on and expands the theoretical canvas of foreign policy analysis shaping its ongoing dialogue with international relations and offering an important introduction to the field It is essential reading for all

students of foreign policy and international relations
