

Constructing Social Problems (Cummmings series in contemporary sociology)

Spector, Malcolm

Constructing Social Problems

James A. Holstein, Jaber F. Gubrium

Constructing Social Problems:

Constructing Social Problems Malcolm Spector, 2017-07-05 There is no adequate definition of social problems within sociology and there is not and never has been a sociology of social problems That observation is the point of departure of this book The authors aim to provide such a definition and to prepare the ground for the empirical study of social problems They are aware that their objective will strike many fellow sociologists as ambitious perhaps even arrogant Their work challenges sociologists who have over a period of fifty years written treatises on social problems produced textbooks cataloguing the nature distribution and causes of these problems and taught many sociology courses It is only natural that the authors work will be viewed as controversial in light of the large literature which has established a sociology of a wide range of social problems the sociology of race relations prostitution poverty crime mental illness and so forth In the 1970s when the authors were preparing for a seminar on the sociology of social problems their review of the literature revealed the absence of any systematic coherent statement of theory or method in the study of social problems For many years the subject was listed and offered by university departments of sociology as a service course to present undergraduates with what they should know about the various social pathologies that exist in their society This conception of social problems for several decades has been reflected in the substance and quality of the literature dominated by textbooks In **Constructing Social Problems** the authors propose that social problems be conceived as the claims making activities of individuals or groups regarding social conditions they consider unjust immoral or harmful and that should be addressed This perspective as the authors have formulated it conceives of social problems as a process of interaction that produces social problems as social facts in society The authors further propose that this process

Constructing Social Problems Malcolm Spector, John I. Kitsuse, 2017-07-05 There is no adequate definition of social problems within sociology and there is not and never has been a sociology of social problems That observation is the point of departure of this book The authors aim to provide such a definition and to prepare the ground for the empirical study of social problems They are aware that their objective will strike many fellow sociologists as ambitious perhaps even arrogant Their work challenges sociologists who have over a period of fifty years written treatises on social problems produced textbooks cataloguing the nature distribution and causes of these problems and taught many sociology courses It is only natural that the authors work will be viewed as controversial in light of the large literature which has established a sociology of a wide range of social problems the sociology of race relations prostitution poverty crime mental illness and so forth In the 1970s when the authors were preparing for a seminar on the sociology of social problems their review of the literature revealed the absence of any systematic coherent statement of theory or method in the study of social problems For many years the subject was listed and offered by university departments of sociology as a service course to present undergraduates with what they should know about the various social pathologies that exist in their society This conception of social problems for several decades has been reflected in the substance and quality of the literature dominated

by textbooks In *Constructing Social Problems* the authors propose that social problems be conceived as the claims making activities of individuals or groups regarding social conditions they consider unjust immoral or harmful and that should be addressed This perspective as the authors have formulated it conceives of social problems as a process of interaction that produces social problems as social facts in society The authors further propose that this process and the social facts it produces are the data to be researched for the sociology of social problems This volume will be of interest to those concerned with the discipline of sociology especially its current theoretical development and growth

Thinking about Social Problems Donileen R. Loseke, 2011-12-31 The new second edition of this distinctive and widely adopted textbook brings into the classroom an overview of how images of social problems can shape not only public policy and social services but also the ways in which we make sense of ourselves and others It introduces two primary changes First some attention is devoted to the new social movements that emphasize social change through identity transformation rather than through structural change Second the text now also looks more closely at the importance of emotions in constructing public consciousness of social problems When the first edition was published *Teaching Sociology* noted Loseke does a superb job explaining the relationship between sociology and social problems in a text that is very well researched and engaging yet with tremendous attention to detail and accuracy It would provide a solid base for any social problems class *Contemporary Sociology* wrote that the book is engagingly well written in a personal unpretentious style and well informed by the author's knowledge of the professional literature

Constructing Social Research Charles C. Ragin, Lisa M. Amoroso, 2018-03-30 *Constructing Social Research* answers the question What is social science Updated throughout with new references and examples the Third Edition of this innovative text by Charles C Ragin and Lisa M Amoroso shows the unity within the diversity of activities called social research to help students understand how all social researchers construct representations of social life using theories systematic data collection and careful examination of that data

Constructing Social Research Objects, 2021-05-03 The third volume on theoretical driven methodology in the social sciences again edited by Håkon Leiulfsrud and Peter Sohlberg explains how to identify sociological research objects and the art of living theory Theoretical concepts such as social structure the Global South social bonds organisations and management are explored and developed by a broad range of authors The methodological chapters including critical notes on sociology and uses of statistics the value of thought experiments in sociology researching subjects in time and space and an academic star war between Pierre Bourdieu and Dorothy E Smith are indispensable for researchers and students interested in theoretical construction work in the social sciences Contributors are Gernert Ahrne Michela Betta Harriet Bjerrum Nielsen Michael Burawoy Raju Das David Fasenfest Raimund Hasse John Hjeltnes Håkon Leiulfsrud Emil A. Ryrvik John Scott Peter Sohlberg Karin Widerberg and Richard Swedberg

Encyclopedia of Social Problems Vincent N. Parrillo, 2008-05-22 From terrorism to social inequality and from health care to environmental issues social problems affect us all The Encyclopedia will offer an interdisciplinary

perspective into these and many other social problems that are a continuing concern in our lives whether we confront them on a personal local regional national or global level **Reconsidering Social Constructionism** Gale Miller,2017-09-29 With the impact of social interactionist and ethnographic methodology twenty five years ago the research agenda in social problems began to shift its focus giving rise to the Social Constructionism movement The present volume and the related shorter text Constructionist Controversies review the substantial contributions made by social constructionist theorists over that period as well as recent debates about the future of the perspective These contributions redefine the purpose and central questions of social problems theory and articulate a research program for analyzing social problems as social constructions A generation of theorists has been trained in the constructionist perspective and has extended it through numerous analyses of diverse aspects of contemporary social life The debates in this volume pose fundamental questions about the major assumptions of the perspective the ways in which it is practiced and the purposes of social problems theory Their point of departure is Ibarra and Kitsuse's essay cutting new theoretical ground in calling for investigating vernacular resources especially rhetorical forms in the social problems process Contributors are forceful proponents both within and outside of the social constructionist community who take a broad array of positions on the current state of social problems theory and on the rhetorical forms that need exploring They also lay down the general lines for diverse and often competing programs for the future development of the constructionist agenda **The Social Construction of Corruption in Europe** Dirk Tänzler,Konstadinos Maras,2016-02-24 The volume demonstrates the suitability of the theory of social constructivism in portraying and analyzing the diversity of the phenomenon of corruption The approach of social constructivism taken in this volume is able to reconstruct the construction of corruption both from a societal perspective by assessing it as generally accepted or tolerated behaviour in more or less standardized rule governed social situations and from the perspective of actors who perceive corrupt behaviour as problem solving in everyday life The volume proves the usefulness of a social construction perspective for empirical research It contains case studies of social definitions of corruption in eleven European countries that contribute in different ways to establishing a grounded theory of the phenomenon of corruption

Handbook of Constructionist Research James A. Holstein,Jaber F. Gubrium,2013-10-21 Constructionism has become one of the most popular research approaches in the social sciences But until now little attention has been given to the conceptual and methodological underpinnings of the constructionist stance and the remarkable diversity within the field This cutting edge handbook brings together a dazzling array of scholars to review the foundations of constructionist research how it is put into practice in multiple disciplines and where it may be headed in the future The volume critically examines the analytic frameworks strategies of inquiry and methodological choices that together form the mosaic of contemporary constructionism making it an authoritative reference for anyone interested in conducting research in a constructionist vein

Constructing Social Work Practices Arja Jokinen,2018-12-17 First published in 1999 Jokinen Juhila and Poso comprises

both theoretical reflexive articles and articles based on empirical social constructionist studies It provokes new ways of looking at social work practices as interpretative and interactive processes In addition to this theoretical and methodological contribution the volume provides empirically based material on the practical implications of an alliance between social work and social constructionism

Science, Society, and Values Sal P. Restivo,1994 He has tried in his career and specifically in this volume to understand science without accepting the culture of science uncritically

Social Problems Anna Leon-Guerrero,2010-09-16 With an engaging writing style that has made it a popular choice at both 2 and 4 year schools the Third Edition of Anna Leon Guerrero s *Social Problems* textbook clearly presents contemporary social problems and addresses their consequences while emphasizing community involvement by both individuals and groups to achieve real solutions With an overarching focus on social inequalities this proven text provides a platform for discussion that encourages critical thinking through compelling illustrations boxed features learning checks discussion questions and online learning tools all designed to inspire hope rather than simply present a disheartening parade of maladies

The Global Rise of Social Cash Transfers Lutz Leisering,2019 This volume analyses the phenomenon of social cash transfers in the global South providing a definitive and comprehensive overview of current practice

Constructing Global Challenges in World Politics Alina Isakova,Malte Neuwinger,Robin Schulze Waltrup,Oday Uraiqat,2024-06-24 This interdisciplinary book investigates the problematization of global challenges in world politics by analyzing what they are and how they come to be Offering a conceptual framework including four modes of construction universalizing bundling upscaling and creating urgency this book provides a heuristic method for understanding how the process of rendering an issue a global challenge unfolds It examines the role of the global challenges discourse which may either reinforce or challenge the dominant orders of world politics such as the capitalist market based system and the liberal international order As a consequence the global challenges discourse facilitates the emergence of new actors and policy fields The book will be of interest to students academics and practitioners of global governance international organizations and more broadly international political economy and international relations

Redefining Social Problems Edward Seidman,Julian Rappaport,2013-06-29

Encyclopedia of Criminological Theory Francis T. Cullen,Pamela Wilcox,2010-09-23 Consistently excellent The level and coverage of the content make this an invaluable reference for students studying criminology or taking criminal psychology modules at degree level and beyond Adam Tocock Reference Reviews In discussing a criminology topic lecturers and course textbooks often toss out names of theorists or make a sideways reference to a particular theory and move on as if assuming their student audience possesses the necessary background to appreciate and integrate the reference However university reference librarians can tell you this is often far from the case Students often approach them seeking a source to provide a quick overview of a particular theory or theorist with just the basics the who what where how and why if you will And reference librarians often find it difficult to guide these students to a quick one stop source In response SAGE Reference is publishing the two volume *Encyclopedia of*

Criminological Theory available in both print and electronic formats This serves as a reference source for anyone interested in the roots of contemporary criminological theory Drawing together a team of international scholars it examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses In addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook And like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures Coverage will include contexts and concepts in criminological theory the social construction of crime policy implications of theory diversity and intercultural contexts conflict theory rational choice theories conservative criminology feminist theory Thinking About Social Problems Donileen Loseke,2017-07-05 The new second edition of this distinctive and widely adopted textbook brings into the classroom an overview of how images of social problems can shape not only public policy and social services but also the ways in which we make sense of ourselves and others It introduces two primary changes First some attention is devoted to the new social movements that emphasize social change through identity transformation rather than through structural change Second the text now also looks more closely at the importance of emotions in constructing public consciousness of social problems When the first edition was published Teaching Sociology noted Loseke does a superb job explaining the relationship between sociology and social problems in a text that is very well research and engaging yet with tremendous attention to detail and accuracy W ould provide a solid base for any social problems class Contemporary Sociology wrote that the book is engagingly well written in a personal unpretentious style and well informed by the author s knowledge of the professional literature **Narrative and Metaphor in the Law** Michael Hanne,Robert Weisberg,2018-02-08 Scholars from many disciplines discuss the crucial roles played by narrative and metaphor in the theory and practice of law **Caught in the Net** Anthony V. Margavio,Craig J. Forsyth,1996 Tells the story of shrimpers conflicts with environmental regulations and environmental groups efforts to protect turtles from being caught in shrimp nets drawing on interviews with shrimpers policymakers researchers and other connected with the shrimping industry For general readers Annotation copyright by Book News Inc Portland OR *Encyclopedia of Social Work*,1965

Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Constructing Social Problems full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Constructing Social Problems eBooks, including some popular titles.

FAQs About Constructing Social Problems Books

What is a Constructing Social Problems PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Constructing Social Problems PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Constructing Social Problems PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Constructing Social Problems PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Constructing Social Problems PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
