Consumerism In World History The Global Transformation Of Desire Themes In World History:

Consumerism in World History Peter N. Stearns, 2001 The desire to acquire luxury goods and leisure services is a basic force in modern life Consumerism in World History explores both the historical origins and worldwide appeal of this relatively modern phenomenon Consumerism in World History draws on recent research of the consumer experience in the West and Japan while also examining societies such as Africa less renowned for consumerism Raising new issues about change and continuity in Western history and discussing specific societies in World history the book presents Human societies before consumerism and how they have changed The origins of modern consumerism in western society Consumerism in Russia East Asia Africa and the Islamic Middle East Contemporary issues and evaluations of consumerism This ground breaking study is a fascinating exploration of the world in which we live and is compulsive reading for the general reader and students alike

Consumerism in World History Peter N. Stearns, 2001 The desire to acquire luxury goods and leisure services is a basic force in modern life This work explores both the historical origins and world wide appeal of this relatively modern phenomenon **Premodern Travel in World History** Stephen Gosch, Peter Stearns, 2007-12-12 This book features some of the greatest travellers in human history people who undertook long journeys to places they knew little or nothing about From Roman tourists to the establishment of the Silk Road an epic trek round China and India in the seventh century to Marco Polo and through to the first speculations on space travel Premodern Travel in World History provides an overview of long distance travel in Afro Eurasia from around 400 BCE to 1500 This survey uses succinct accounts of the most epic journeys in the premodern world as lenses through which to examine the development of early travel trade and cultural interchange between China central Asia India and southeast Asia while also discussing themes such as the growth of empires and the spread of world religions Complete with maps this concise and interesting study analyzes how travel pushed and shaped the boundaries of political geographical and cultural frontiers

Childhood in World History Peter N Stearns, 2010-11-01 Praise for the first edition Those seeking a primer on the field might well begin here H Childhood H Net Reviews a succinct and deft survey Undoubtedly this book will be a godsend to teachers In the assured hands of Stearns with his readily accessible style readers will come away much better informed Social History of Medicine Stearns s treatment is characteristically learned conceptually sleek and sensitive to societal and temporal variation Journal of Social History an engaging well written and thoughtful resource for readers who seek a solid understanding of the subject History of Education Quarterly Childhood exists in all societies though there is huge variation in the way it is socially constructed across time and place Studying childhood historically greatly advances our understanding of what childhood is about and a world history focus permits some of the broadest questions to be asked This new edition of Childhood in World History has been completely updated including An expanded discussion of the theory and methodology involved in a global history of childhood Expanded coverage of childhood in Africa and South Asia Extra material on religious change including more discussion of

Judaism and Islam New material on the role of the state A brand new comparative chapter on happiness and childhood Now fully up to date this second edition of *Childhood in World History* highlights the gains but also the divisions and losses for children across the millennia Islam in World History Susan L. Douglass, Tom Facchine, 2025-11-18 *Islam in World History* examines the emergence and development of Islam as a world religion in the Abrahamic tradition and the unfolding of Muslim society and civilization over fourteen centuries In contrast to the usual recital of the rise of Islam as a new religion this book looks at the religious geographic and civilizational context in which Islam emerged and became a religiously ethnically and culturally diverse society deeply connected with hemispheric networks and exchanges in Afro Eurasia and ultimately a global religious community The book addresses the development of institutions and social structures that came to characterize Muslim societies over the long term with emphasis on their diverse expressions in various regions The chronological approach which analyzes the political history of Muslim society allows for deeper understanding of how Islamicate civilization continued to develop and spread despite the fragmentation of the unitary state and its mixed record of adherence to Islamic ideals By addressing common questions and misperceptions over the long run of Islamic history to the present day this book is the perfect resource for all students who study religion and the history of Islam across the world

Endemics, Epidemics, and Pandemics in World History Benjamin Reilly, 2025-10-27 *Epidemics Endemics and Pandemics in World History* provides a comprehensive account of human interactions with diseases from the stone age to COVID 19 It takes a thematic approach exploring the two way relationship between pathogens and human development throughout history This book argues that changing patterns of human activity including the adoption of agriculture warfare long distance exchange and globalization industrialization and imperialism created new opportunities for the proliferation of pathogens It shows how disease threats in prehistory drove the evolution of the behavioral immune system and inspired human populations to develop disease constructs of culturally specific beliefs for defining explaining and combating dangerous diseases The volume also explores how endemic diseases contribute to impoverishment and how poverty can be an exacerbating factor for infectious disease With suggested readings and discussion questions this book is a valuable tool for all students interested in the history of disease across the world including those in global health **The Indian Ocean**

in World History Milo Kearney, 2004 The history of the Indian Ocean provides a snapshot of many of the key issues in world history Hygiene in World History Peter N. Stearns, 2025-09-30 This book features a global historical analysis of the changes and continuities in one of society's basic functions seeking to protect itself from disease Hygiene offers an important lens for major aspects of world and comparative history The volume explores the ways different regions and major religions approached hygiene both before modern times and through the present with the more recent uses of germ theory Topics in premodern hygiene include toilet practices remarkably varied views about bathing and different levels of commitment to investments in hygiene infrastructure The sanitary revolution of the nineteenth and twentieth centuries forms a major

dividing line in the book including the variations introduced by developments like colonialism or communism and various forms of resistance to modern hygiene The book links current often bitter debates about hygiene around practices such as masking both to the larger history and to recent issues like COVID 19 Hygiene in World History is an accessible overview aimed at undergraduate and non specialist readers interested in world history public health and the history of health and disease

Peace in World History Peter Stearns,2014-04-03 In Peace in World History Peter N Stearns examines the ideas of peace that have existed throughout history and how societies have sought to put them into practice Beginning with the status of peace in early hunter gatherer and agricultural societies and continuing through the present day the narrative gives students a clear view of the ways people across the world have understood and striven to achieve peace throughout history Topics covered include Comparison of the pax Romana and pax Sinica of Rome and China Concepts of peace in Buddhism Christianity and Islam and their historical impact The place of peace in the periods of expanding empires The emergence starting in the 19th century of formal schemes to promote peace amid increasingly destructive technologies for warfare Moving away from the view of history as a series of military conflicts Peace in World History offers a new way of looking at world history by focusing on peace Showing how concepts of peace have evolved over time even as they have been challenged by war and conflict this lively and engaging narrative enables students to consider peace as a human possibility

Sexuality in World History Peter N. Stearns,2009-02-18 Expansive and accessible Peter Stearns Sexuality in World History offers a much needed introduction to histories of sexuality from a global perspective Mary Sponberg Head of Department of Modern History Macquarie University USA This book examines sexuality in the past and explores how it helps explain sexuality in the present The subject of sexuality is often a controversial one and exploring it through a world history perspective emphasises the extent to which societies including our own are still reacting to historical change through contemporary sexual behaviours values and debates The study uses a clear chronological structure to focus on major patterns and changes in sexuality both sexual culture and sexual behaviours in the main periods of world history with comparison and discussion across cultures and societies Topics covered include issues involved in studying the history of sexuality the sexual implications of the transition from hunting and gathering economies to agricultural economies sexuality in Classical societies the post Classical period and the spread of the world religions sex in an age of trade and colonies changes in sexual behaviours and sexual attitudes between 1750 and 1950 sex in contemporary world history The book is a vital contribution to the study of world history and is the perfect companion for all students of the history of sexuality

Missions and Money Jon Bonk,2006 This revised edition of Missions and Money offers new reflections in the light of a changed situation in Christian missionary circles Bonk offers new reflections in the lights of a changed situation now marked by increases in the number of short term missionaries and increases in the numbers of Asians Africans and Latin Americans leaving their homelands to serve as missionaries to other people The conversation on the ambiguity of wealth and Christian

missionary outreach is deepened with essays by Christopher J H Wright on the righteous rich in the Hebrew Bible and by Justo Gonzalez on faith and wealth in the Christian Bible and the early church Book jacket *City of Desires - a Place for God?* Reinder Ruard Ganzevoort, Rein Brouwer, Bonnie J. Miller-McLemore, 2013 Originating at the 2011 conference of the International Academy of Practical Theology in Amsterdam this volume explores the practical theological significance of desire Although desire is central to many issues in practical theology and related disciplines it is only rarely discussed under its own name Three introductory chapters locate desire in concrete practices in the city and discuss the phenomenology theology and ethics of desire Subsequent sections are organized around embodying desire culturing desire and transforming desire The chapters include various kinds of desire such as sexuality consumerism and spirituality Perspectives from different contexts and religious traditions are offered in this rich and thought provoking book Series International Practical Theology Vol 16 **America in the World** Frank Costigliola, Michael J. Hogan, 2013-12-23 This volume includes historiographical surveys of American foreign relations since 1941 by some of the country's leading historians Some of the essays offer sweeping overviews of the major trends in the field of foreign international relations history Others survey the literature on US relations with particular regions of the world or on the foreign policies of presidential administrations The result is a comprehensive assessment of the historical literature on US foreign policy that highlights recent developments in the field *Key Topics in Social Sciences* Mark Walsh, 2018-04-27 Key Topics in Social Sciences is a collection of short articles summarising the most important concepts in sociology and psychology that nursing and healthcare students will need to understand Each entry is intended to give a brief introduction to the topic as a prompt for writing essays and assignments Arranged in alphabetical order so you can find entries quickly and easily Short entries take you straight to the heart of each topic A great starting point for essays and assignments Ideal for revision before assessments and exams Cross references and further reading suggestions provided so you can study in more depth as needed From reviews It's a really easy to use book the layout is very user friendly and I like the references for further reading at the end of each section I would really recommend this book to all student nurses as it can help support most assignments Third year nursing student University of Surrey **Globalization in World History** Peter N. Stearns, 2009-10-20 Globalization in World History examines major changes in global interactions from 1000 CE onward and defines four major turning points that have accelerated the process of globalization It argues that although the term is a relatively new one the process of globalization has roots much further back in time **Loneliness in World History** Katie Barclay, 2025-02-11 This book takes a thematic approach to questions of how to define emotion and loneliness breaking down loneliness into a range of different dimensions estrangement longing homesickness isolation and considers how these phenomena appear across a range of global contexts Loneliness is a topic of current concern a downside of the anomie of the modern condition Yet emotions and experiences that share some of the features of loneliness can be found in cultures from the ancient world onwards The book engages with

discussions about what loneliness might encompass and how different societies and people have experienced it raising key questions including where we place the boundaries of emotion what makes particular emotions distinctive and cultural or conversely universal and how we might engage in comparative work across languages and cultures Loneliness in World History provides an introduction to an important contemporary emotion across cultures and time and it is particularly suited for undergraduate students and those new to the field of the history of emotions

Migration in World History Patrick Manning, Tiffany Trimmer, 2013 This book traces the connections among regions brought about by the movement of people diseases crops technology and ideas Drawing on examples from a wide range of geographical regions and thematic areas noted world historian Patrick Manning guides the reader through the earliest human migrations including the earliest hominids their development and spread and the controversy surrounding the rise of homo sapiens the rise and spread of major language groups an examination of civilizations farmers and pastoralists from 3000 BCE to 500 CE trade patterns including the early Silk Road and maritime trade in the Mediterrane and more

The Environment in World History Stephen Mosley, 2010-02-25 Covering the last five hundred years of global history The Environment in World History examines the processes that have transformed the Earth and put growing pressure on natural resources Chapters and case studies explore a wide range of issues including the hunting of wildlife and the loss of biodiversity in nearly every part of the globe the clearing of the world s forests and the development of strategies to halt their decline the degradation of soils one of the most profound and unnoticed ways that humans have altered the planet the impact of urban industrial growth and the deepening ecological footprints of the world s cities the pollution of air land and water as the inevitable trade off for continued economic growth worldwide The Environment in World History offers a fresh environmental perspective on familiar world history narratives of imperialism and colonialism trade and commerce and technological progress and the advance of civilisation and will be invaluable reading for all students of world history and environmental studies

The Atlantic Slave Trade in World History Jeremy Black, 2015-03-12 In The Atlantic Slave Trade in World History Jeremy Black presents a compact yet comprehensive survey of slavery and its impact on the world primarily centered on the Atlantic trade Opening with a clear discussion of the problems of defining slavery the book goes on to investigate the Atlantic slave trade from its origins to abolition including comparisons to other systems of slavery outside the Atlantic region and the persistence of modern day slavery Crucially the book does not ask readers to abandon their emotional ties to the subject but puts events in context so that it becomes clear how such an institution not only arose but flourished Black shows that slavery and the slave trade were not merely add ons to the development of Western civilization but intimately linked to it In a vital and accessible narrative The Atlantic Slave Trade in World History enables students to understand this terrible element of human history and how it shaped the modern world

Warfare in World History Michael S. Neiberg, 2001-08-30 Despite the catastrophic effects of war wars have also proved to be instrumental to long term change in world history This text is the first

of its kind to survey how warfare has developed from ancient times to the present day and the role it has played in shaping the world we know The periods discussed include the pre gunpowder era the develo
