Consuming Citizenship Children Of Asian Immigrant Entrepreneurs Asian America:

Consuming Citizenship Lisa Sun-Hee Park, 2022 *Consuming Citizenship* investigates how Korean American and Chinese American children of entrepreneurial immigrants demonstrate their social citizenship as Americans through conspicuous consumption. The American immigrant entrepreneur has played a central role in projecting the American ideology of meritocracy and equality. The children of these immigrants are seen as evidence of an open society. While it appears that these children have readily adapted to American culture, questions remain as to why second generation Asian Americans feel compelled to convince others of their legitimacy and the way they go about asserting their citizenship status. Extending our understanding of such children beyond the traditional emphasis on assimilation, the author argues that their consumptive behavior is a significant expression of their paradoxical position as citizens who straddle the boundaries of social inclusion and exclusion.

Asian American Media Activism Lori Kido Lopez, 2016-05-17 *Choice Top 25 Academic Title*. How activists and minority communities use media to facilitate social change and achieve cultural citizenship. Among the most well known YouTubers are a cadre of talented Asian American performers including comedian Ryan Higa and makeup artist Michelle Phan. Yet beneath the sheen of these online success stories lies a problem: Asian Americans remain sorely underrepresented in mainstream film and television. When they do appear on screen, they are often relegated to demeaning stereotypes such as the comical foreigner, the sexy girlfriend, or the martial arts villain. The story that remains untold is that as long as these inequities have existed, Asian Americans have been fighting back, joining together to protest offensive imagery, support Asian American actors and industry workers, and make their voices heard. Providing a cultural history and ethnography of Asian American Media Activism, *Asian American Media Activism* assesses everything from grassroots collectives in the 1970s up to contemporary engagements by fan groups, advertising agencies, and users on YouTube and Twitter. In linking these different forms of activism, Lori Kido Lopez investigates how Asian American media activism takes place and evaluates what kinds of interventions are most effective. Ultimately, Lopez finds that activists must be understood as fighting for cultural citizenship, a deeper sense of belonging and acceptance within a nation that has long rejected them.

Eating More Asian America Robert Ji-Song Ku, Martin F. Manalansan, Anita Mannur, 2025-04-08. The diversity of Asian American food culture. Asian American inspired foods are everywhere, or so it seems. A decade ago, chop suey, sushi, curry, adobo, and kimchi were emblematic of Asian American culinary influence. Today, boba, ube, bibingka, pho, matcha, gochujang, and more have joined the roster of foods strongly associated with Asian Americans. These foods were once considered exotic but now are embraced by mainstream culture. Food studies continues to be an appetizing area of Asian American studies. *Eating More Asian America* is a follow up to the influential *Eating Asian America* and it provides a rich illustration of the intersection of Asian America and its various foodways. The book posits that food is never simply sustenance; the comestible material that provides fuel for our bodies. Rather, food is a way of knowing, a way of being, and a way of understanding. The essays in *Eating More Asian America* convey

the intellectual richness of various foodways as they intersect with and inform the racial and political construct known as Asian America. The twenty one essays in this volume reflect the diversity of Asian America itself as well as the subfield of food studies. The volume not only offers coverage in terms of topics and types of ethnic food it also provides a rich and impressive array of methodological approaches. A veritable feast for the senses. *Eating More Asian America* explores the myriad ways critical eating studies has developed over the past decade. *Asian American Literature in Transition, 1996-2020: Volume 4* Betsy Huang, Victor Román Mendoza, 2021-06-17 This volume examines the concerns political literary and identity based of contemporary Asian American literatures in neoliberal times. **Contemporary Asian America (third Edition)** Min Zhou, Anthony Christian Ocampo, 2016-04-19 The third edition of the foundational volume in Asian American studies. Who are Asian Americans? Moving beyond popular stereotypes of the model minority or forever foreigner most Americans know surprisingly little of the nation's fastest growing minority population. Since the 1960s when different Asian immigrant groups came together under the Asian American umbrella they have tirelessly carved out their presence in the labor market education politics and pop culture. Many times they have done so in the face of racism discrimination sexism homophobia and socioeconomic disadvantage. Today contemporary Asian America has emerged as an incredibly diverse population with each segment of the community facing its unique challenges. When *Contemporary Asian America* was first published in 2000 it exposed its readers to the formation and development of Asian American studies as an academic field of study from its inception as part of the ethnic consciousness movement of the 1960s to the systematic inquiry into more contemporary theoretical and practical issues facing Asian America at the century's end. It was the first volume to integrate a broad range of interdisciplinary research and approaches from a social science perspective to assess the effects of immigration community development and socialization on Asian American communities. This updated third edition discusses the impact of September 11 on Asian American identity and citizenship the continued influence of globalization on past and present waves of immigration and the intersection of race gender sexuality and class on the experiences of Asian immigrants and their children. The volume also provides study questions and recommended supplementary readings and documentary films. This critical text offers a broad overview of Asian American studies and the current state of Asian America. Asian American History Huping Ling, 2023-08-11 A comprehensive survey *Asian American History* places Asian immigration to America in international and domestic contexts and explores the significant elements that define Asian America imperialism and global capitalist expansion labor and capital race and ethnicity immigration and exclusion family and work community and gender roles assimilation and multiculturalism panethnicity and identity transnationalism and globalization and new challenges and opportunities. It is an up to date and easily accessible resource for high school and college students as well as anyone who is interested in Asian American history. *Asian American History* Covers the major and minor Asian American ethnic groups. It presents the myriad and poignant stories of a diverse body of Asian Americans from illiterate immigrants to influential

Culture Beyond Country Amy Malek, 2025-10-14 Offers an in depth exploration of the Iranian diaspora and the negotiation of belonging With an estimated 5 to 8 million people spread across the globe the Iranian diaspora has become a visible and dynamic cultural presence especially in North America and Europe Faced with shallow or distorted portrayals diasporic Iranians have responded to persistent misrepresentations and marginalization by turning to culture as a deliberate strategy of inclusion Reshaping how their stories are told community organizers artists and entrepreneurs are actively challenging public narratives asserting new cultural imaginaries and navigating the terms of inclusion and exclusion putting new visions of Iranian identity into the public eye Drawing on transnational ethnographic fieldwork and over 125 semi structured interviews conducted over the course of 16 years Culture Beyond Country offers the first comparative ethnography of these cultural strategies of inclusion examining the distinct practices and experiences of Iranians in three key cities of the diaspora Los Angeles Stockholm and Toronto Attending to the institutional and ideological forces that come to bear on Iranian cultural organizers in these three diasporic locations Amy Malek examines how immigrants and their descendants negotiate belonging in response to various and shifting state approaches to cultural citizenship The volume examines how state multicultural policy influences who is empowered to represent Iranian culture how local factors shape expressions of Iranian identity across the diaspora and how these representations are contested within Iranian communities Providing a compelling transnational study of immigrant multiculturalism cultural citizenship and inclusion across the global Iranian diaspora Culture Beyond Country showcases not only how the process of representing Iranian culture in the diaspora generates competing views on what it means to be Iranian but also how competing modes of belonging subvert and reinforce existing power relations across local national and transnational scales

Salvadoran Imaginaries Cecilia M. Rivas, 2014-03-31 Ravaged by civil war throughout the 1980s and 1990s El Salvador has now emerged as a study in contradictions It is a country where urban call centers and shopping malls exist alongside rural poverty It is a land now at peace but still grappling with a legacy of violence It is a place marked by deep social divides yet offering a surprising abundance of inclusive spaces Above all it is a nation without borders as widespread emigration during the war has led Salvadorans to develop a truly transnational sense of identity In Salvadoran Imaginaries Cecilia M Rivas takes us on a journey through twenty first century El Salvador and to the diverse range of sites where the nation s postwar identity is being forged Combining field ethnography with media research Rivas deftly toggles between the physical spaces where the new El Salvador is starting to emerge and the virtual spaces where Salvadoran identity is being imagined including newspapers literature and digital media This interdisciplinary approach enables her to explore the multitude of ways that Salvadorans negotiate between reality and representation between local neighborhoods and transnational imagined communities between present conditions and dreams for the future Everyday life in El Salvador may seem like a simple

matter but Rivas digs deeper across many different layers of society revealing a wealth of complex feelings that the nation's citizens have about power opportunity safety migration and community Filled with first hand interviews and unique archival research *Salvadoran Imaginaries* offers a fresh take on an emerging nation and its people **Teaching Asian North American Texts** Jennifer Ho, Jenny Heijun Wills, 2022-07-28 Offers pedagogical techniques for teaching Asian American and Asian Canadian literature film and media including topics such as diaspora transnationalism trauma history law and resisting racism along with literary techniques and genres Gives syllabus suggestions for undergraduate and graduate courses in literature gender studies ethnic studies and Asian American studies Political Undesirables Zainab Saleh, 2025-12-09 *Political Undesirables* considers the legal making and unmaking of citizenship in Iraq focusing on the mass denaturalization and deportation of Iraqi Jews in 1950-51 and Iraqis of Iranian origin in the early 1980s Since the formation of the modern state of Iraq under British rule in 1921 practices of denaturalization and expulsion of citizens have been mobilized by ruling elites to curb political opposition Iraqi politicians under both monarchical and republican rule routinely employed the rhetoric of threats to national security treason and foreignness to uproot citizens they deemed politically undesirable Using archival documents ethnographic research and literary and autobiographical works Zainab Saleh shows how citizenship laws can serve as a mechanism to discipline the population As she argues these laws enforce commitment to the state's political order and normative values and eliminate dissenting citizens through charges of betrayal of the homeland Citizenship in Iraq thus has functioned as a privilege closely linked to loyalty to the state rather than as a right enjoyed unconditionally With the rise of nativism right wing nationalism and authoritarianism all over the world this book offers a timely examination of how citizenship can become a tool to silence opposition and produce precarity through denaturalization *The Book Review Digest*, 2006 The Oxford Handbook of Acculturation and Health Seth J. Schwartz, Jennifer Unger, 2017 The Oxford Handbook of Acculturation and Health brings together acculturation theory and methodology with work linking acculturative processes to overall health outcomes The blending of these two streams of literature is critical to move advances in acculturation theory and research into practical application for researchers practitioners educators and policy makers Introducing Intersectionality Mary Romero, 2024-12-03 How can we hope to understand social inequality without considering race class and gender in tandem How do they interact with other categories such as sexuality citizenship and ableism How does an inclusive analysis of domination and privilege move us closer to solutions touching the lives of diverse populations In this updated edition of her popular introduction Mary Romero presents intersectionality as a core facet of the sociological imagination One dimensional approaches are no longer acceptable we must examine all systems of oppression simultaneously and how they integrate and work with or against each other to shape life experiences Recognizing the dynamics of patriarchy capitalism and white supremacy Romero shows how social inequality is maintained or minimized in various social settings and interactions The new edition is updated with the latest literature and theoretical insights as well

as addressing contemporary political issues and conservative backlash from immigrant detention and abortion restrictions to attacks on Critical Race Theory Offering an overview of scholarly and activist tradition in the development of intersectionality as a lens to enrich our understandings of social life this introductory text will be an invaluable and welcome resource for all students of sociology
