Horizon Sylvia McKelvey, 2019-08-19 Is there a covert plan for humanity Are we on the brink of discovery Every day huge

cumbersome radio telescopes around the world scan the farthest regions of space listening probing waiting Waiting for that one tone that one ring that one sound that would set the world ablaze with unbridled excitement never before seen on this planet We will have made contact with Extraterrestrials Some say they are already here Some say they have already made contact Some say they have a plan Is there a Mastermind behind them Could Extraterrestrials be part of the largest deception ever to take place on this Earth Some theorist say yes and this may be how they do it *The Oxford Handbook of New Religious Movements* James R Lewis,2008-07-17 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs *Come Out from among Them, and Be Ye Separate, Saith the Lord* William H. Brackney,Evan L. Colford,2020-01-01 Believers Churches have their origin in the Radical Reformation of the sixteenth century Over the past 450 years the movement has included the Brethren Mennonites Hutterites various types of Baptists and the Restoration Movement While never a unified denominational structure the Believers Churches together have been characterized by a strong personal faith in Christ a call to discipleship and Christian activism a high view of the authority of Scripture and profession of faith in believers baptism The Believers Churches have represented their beliefs in various ecumenical settings missionary gatherings and theological conversations In the late 1950s representatives of the several Believers Churches began to meet in a series of conferences to explore their common views on doctrine history and ethics Topics at the conferences have included baptism Lord s Supper the nature of the church and religious voluntarism In 2016 the 17th Believers Church Conference was held at Acadia University and sponsored by Acadia Divinity College The theme was The Tendency Toward Separationism Among the Believers Churches a key recurring characteristic This volume includes the papers presented at the conference and examines the theme from an immediate post Reformation perspective including Baptists Black Baptists Restorationists including the Churches of Christ the Hutterites Pentecostals the role of women and significantly the separationist tendency as it occurs in New Religious Movements Typologies and analyses are provided by leading historians theologians and social science specialists **Gods, Guides and Guardian Angels** Richard Lawrence,2007-09-28 for travellers on the journey of spiritual evolution *The Secret World of Cults* Sarah Moran,1999 Presents insight into the beliefs activities and followers of the some of the most unusual organizations on the fringes of society **Encyclopedic Sourcebook of Ufo Religions** James R. Lewis,2003-11 The macabre mass suicide by adherents of the Heaven s Gate Cult in 1997 was shocking and difficult to comprehend for most outsiders Their bizarre mindset which mixed New Age religion with belief in extraterrestrial visitation struck many as unique In fact as the contributors to this intriguing study show the belief in alien contact has had religious overtones since the first purported sighting of an unidentified flying object UFO in 1947 Moreover the religious dimensions of the UFO phenomenon may be the key to understanding the widespread appeal of this modern craze An expert in new religions Professor James Lewis has here

brought together twenty insightful articles that cover the many variations of UFO based religions What the contributors demonstrate is that there are persistent and salient themes underlying the diversity of beliefs centered on the UFO phenomenon Harkening back to theosophy many groups have interpreted UFO sightings and alleged contacts as attempts by alien ambassadors from a more advanced civilization to bring spiritual enlightenment to Earth where humanity is seen to be floundering in ignorance The extraterrestrial message is usually channeled through a charismatic human leader who then mobilizes a group around this New Age revelation The Encyclopedic Sourcebook of UFO Religions discusses the histories and beliefs of prominent UFO based sects looks at group dynamics and other sociological factors and presents selections from the unusual literature of the various groups This revealing and disturbing study shows that there is much more to the UFO phenomenon than simple curiosity about the possibility of life on other planets
