## **Contagious Capitalism Globalization And The Politics Of Labor In China:**

*Contagious Capitalism* Mary Elizabeth Gallagher, 2011-06-27 One of the core assumptions of recent American foreign policy is that China's post 1978 policy of reform and openness will lead to political liberalization. This book challenges that assumption and the general relationship between economic liberalization and democratization. Moreover, it analyzes the effect of foreign direct investment (FDI) liberalization on Chinese labor politics. Market reforms and increased integration with the global economy have brought about unprecedented economic growth and social change in China during the last quarter of a century. *Contagious Capitalism* contends that FDI liberalization played several roles in the process of China's reforms. First, it placed competitive pressure on the state sector to produce more efficiently, thus necessitating new labor practices. Second, it allowed difficult and politically sensitive labor reforms to be extended to other parts of the economy. Third, it caused a reformulation of one of the key ideological debates of reforming socialism: the relative importance of public industry. China's growing integration with the global economy through FDI led to a new focus of debate away from the public vs private industry dichotomy and toward a nationalist concern for the fate of Chinese industry. In comparing China with other Eastern European and Asian economies, two important considerations come into play: the book argues China's pattern of ownership diversification and China's mode of integration into the global economy. This book relates these two factors to the success of economic change without political liberalization and addresses the way FDI liberalization has affected relations between workers and the ruling Communist Party. Its conclusion: reform and openness in this context resulted in a strengthened Chinese state, a weakened civil society, especially labor, and a delay in political liberalization. [China's Emergent Political Economy](#) Christopher A. McNally, 2007-09-12 Pt 1 Setting the stage part 2 Firms, finance, innovation and international competitiveness part 3 State capital and political interests part 4 China in the global capitalist system [Economic Openness and Territorial Politics in China](#) Yumin Sheng, 2010-08-30 Why and how has the Chinese central government so far managed to fend off the centrifugal forces under rising globalization that are predicted to undermine national level political authority everywhere? When institutionally empowered by centralized governing political parties, as in China, national politicians confronting the menace of economic openness will resort to exercising tighter political control over the subnational governments of the winner regions in the global markets. Although its goal is to facilitate revenue extraction, redress domestic economic disparity, and prolong the rule of national leaders, regionally targeted central political control could engender mixed economic consequences. Sheng examines the political response of the Chinese central government via the ruling Chinese Communist Party to the territorial challenges of the country's embrace of the world markets and the impact of the regionally selective exercise of political control on central fiscal extraction and provincial economic growth during the 1978-2005 period. **The Oxford Handbook of the Politics of Development** Carol Lancaster, Nicolas Van de Walle, 2018 In *The Oxford Handbook of the Politics of Development*, two of America's leading political scientists on the issue

Carol Lancaster and Nicolas van de Walle assemble an international cast of leading scholars who craft a comprehensive examination of development policy and its effects on the political and economic climates of a country

**Paradoxes Of China's Prosperity: Political Dilemmas And Global Implications** Guoguang Wu, 2015-01-15 The world seems divided to either applaud or fear the rise of China but this book probes deeper by investigating three aspects of the phenomenon in detail 1 the institutional dilemmas of the prosperity as it integrates Asian authoritarianism with globalizing capitalism to create economic accomplishments 2 the political struggles alongside the prosperity as Chinese citizens begin to demand equality rights and justice that might be viewed to disturb the continuity of stability and development and 3 the global implications entailed by the prosperity not only in power politics war and peace or competitions among nations but especially on global public goods termed human security Articles included here combine political economic analyses lens with historical depth and global concerns to add a perspective that highlights the paradoxes of prosperity surrounding the ongoing debate on the rise of China and its global ramifications Readers will find an analysis that goes beyond the dichotomy viewing the rise of China either in positive or negative perspectives Investigations on the internal dilemmas and the global implications of the rise of China are well situated in the historical context of China's own search for modernization since the late 19th century This is one of the few books in which China's rise is examined from a global perspective rather than from a national perspective of China the United States or any other specific nation a global perspective that addresses the challenges facing all human societies with the rise of China

*Citizens and the State in Authoritarian Regimes* Karrie J. Koesel, Valerie Bunce, Jessica Chen Weiss, 2020 The revival of authoritarianism is one of the most important forces reshaping world politics today However not all authoritarians are the same To examine both resurgence and variation in authoritarian rule Karrie J Koesel Valerie J Bunce and Jessica Chen Weiss gather a leading cast of scholars to compare the most powerful autocracies in global politics today Russia and China The essays in *Citizens and the State in Authoritarian Regimes* focus on three issues that currently animate debates about these two countries and more generally authoritarian political systems First how do authoritarian regimes differ from one another and how do these differences affect regime society relations Second what do citizens think about the authoritarian governments that rule them and what do they want from their governments Third what strategies do authoritarian leaders use to keep citizens and public officials in line and how successful are those strategies in sustaining both the regime and the leader's hold on power Integrating the most important findings from a now immense body of research into a coherent comparative analysis of Russia and China this book will be essential for anyone studying the foundations of contemporary authoritarianism

*Middle Class Identities and Social Crisis* Alejandro Grimson, Menara Guizardi, Silvina Merenson, 2022-12-16 This book explores the dynamics of the middle class global rebellion born of the frustration at declining living standards Addressing narratives constructed by different social and political agents and groups it examines contexts of social crisis in Latin America Europe Africa Asia and Oceania understanding the middle classes as a

set of complex and conflicting political relationships With attention to the manner in which people create situated habits consolidating new expectations and desires through a concrete biography it analyzes continuities and changes in classed self perceptions based on performative use With new perspectives including historical and intersectional approaches Middle Class Identities and Social Crisis transcends disciplinary boundaries to explore the hybridity of research methods and techniques and challenge established analytical frameworks It will therefore appeal to scholars across the social sciences with interests in class and questions of class identity      **Wealth Into Power** Bruce J. Dickson, 2008-07-14 Dickson argues that rather than promoting democratization China's entrepreneurs offer key support for the Communist Party's agenda

**Manipulating Authoritarian Citizenship** Samantha A. Vortherms, 2024-10-15 The redistribution of political and economic rights is inherently unequal in autocratic societies Autocrats routinely divide their populations into included and excluded groups creating particularistic citizenship through granting some groups access to rights and redistribution while restricting or denying access to others This book asks why would a government with powerful tools of exclusion expand access to socioeconomic citizenship rights And when autocratic systems expand redistribution whom do they choose to include In Manipulating Authoritarian Citizenship Samantha A Vortherms examines the crucial case of China where internal citizenship regimes control who can and cannot become a local citizen through the household registration system hukou and uncovers how autocrats use such institutions to create particularistic membership in citizenship Vortherms shows how local governments explicitly manipulate local citizenship membership not only to ensure political security and stability but also crucially to advance economic development Vortherms demonstrates how autocrats use differentiated citizenship to control degrees of access to rights and thus fulfill the authoritarian bargain and balance security and economic incentives This book expands our understanding of individual state relations in both autocratic contexts and across a variety of regime types

*Social Protest in Contemporary China, 2003-2010* Yanqi Tong, Shaohua Lei, 2013-11-12 China's economic transformation has brought with it much social dislocation which in turn has led to much social protest This book presents a comprehensive analysis of the large scale mass incidents which have taken place in the last decade The book analyses these incidents systematically discussing their nature causes and outcomes It shows the wide range of protests tax riots land and labour disputes disputes within companies including private and foreign companies environmental protests and ethnic clashes and shows how the nature of protests has changed over time The book argues that the protests have been prompted by the socioeconomic transformations of the last decade which have dislocated many individuals and groups whilst also giving society increased autonomy and social freedom enabling many people to become more vocal and active in their confrontations with the state It suggests that many protests are related to corruption that is failures by officials to adhere to the high standards which should be expected from benevolent government it demonstrates how the Chinese state far from being rigid bureaucratic and authoritarian is often sensitive and flexible in its response to protest frequently addressing

grievances and learning from its own mistakes and it shows how the multilevel responsibility structure of the Chinese regime has enabled the central government to absorb the shock waves of social protest and continue to enjoy legitimacy

Handbook of Research on the Global Political Economy of Work Maurizio Atzeni, Dario Azzellini, Alessandra Mezzadri, Phoebe Moore, Ursula Apatzsch, 2023-10-06 This ground breaking Handbook broadens empirical and theoretical understandings of work work relations and workers It advances a global intersectional labour studies agenda laying the foundations for the politically emancipatory project of decolonising the political economy of work *Disenfranchised* Joel Andreas, 2019 In the decades following World War II factories in many countries not only provided secure employment and a range of economic entitlements but also recognized workers as legitimate stakeholders enabling them to claim rights to participate in decision making and hold factory leaders accountable In recent decades as employment has become more precarious these attributes of industrial citizenship have been eroded and workers have increasingly been reduced to hired hands As Joel Andreas shows in *Disenfranchised* no country has experienced these changes as dramatically as China Drawing on a decade of field research including interviews with both factory workers and managers Andreas traces the changing political status of workers inside Chinese factories from 1949 to the present carefully analyzing how much power they have actually had to shape their working conditions *China 2020* Michael A. Santoro, 2015-01-26 Chinese society is plagued by many problems that have a direct impact on its current and future business and political environment worker rights product safety Internet freedom and the rule of law Drawing on knowledge gained through personal interviews documentary sources and almost two decades of visits to China Michael A Santoro offers a clear eyed view of the various internal forces such as regionalism corruption and growing inequality that will determine the direction and pace of economic social and political change Of special interest is Santoro s assessment of the role of multinational corporations in fostering or undermining social and political progress Santoro offers a fresh and innovative way of thinking about two questions that have preoccupied Western observers for decades What will be the effect of economic reform and prosperity on political reform How can companies operate with moral integrity and ethics in China In *China 2020* Santoro unifies these hitherto separate questions and demonstrates that moral integrity or lack of it by Western business will have a profound impact on whether economic privatization and growth usher in greater democracy and respect for human rights Offering a novel vision of China s future economic and political development Santoro rejects the conventional view that China will muddle through the next decade with incremental social and political changes Instead he argues that China will follow one or two widely divergent potential outcomes It might continue to progress steadily toward greater prosperity democracy and respect for human rights but it is also highly likely that China will instead fall backward economically and into an ever more authoritarian regime The next decade will be one of the most important in the history of China and owing to China s global impact the history of the modern world *China 2020* describes various tectonic social and political battles going on within China The outcomes of these

struggles will depend on a number of powerful indigenous forces as well as the decisions and actions of individual Chinese citizens Santoro strongly believes that Western businesses can and should influence these developments      **Corporate Social Responsibility in a Globalizing World** Kiyoteru Tsutsui, Alwyn Lim, 2015-04-16 This book examines the rise and spread of corporate social responsibility across the globe and its impact on corporate reputation and behaviour

Mobilizing Without the Masses Diana Fu, 2018 How do weak activists organize under repression This book theorizes a dynamic of contention called mobilizing without the masses      *Socialist Insecurity* Mark W. Frazier, 2011-03-15 Over the past two decades China has rapidly increased its spending on its public pension programs to the point that pension funding is one of the government's largest expenditures Despite this only about fifty million citizens one third of the country's population above the age of sixty receive pensions Combined with the growing and increasingly violent unrest over inequalities brought about by China's reform model the escalating costs of an aging society have brought the Chinese political leadership to a critical juncture in its economic and social policies In *Socialist Insecurity* Mark W Frazier explores pension policy in the People's Republic of China arguing that the government's push to expand pension and health insurance coverage to urban residents and rural migrants has not reduced but rather reproduced economic inequalities He explains this apparent paradox by analyzing the decisions of the political actors responsible for pension reform urban officials and state owned enterprise managers Frazier shows that China's highly decentralized pension administration both encourages the grabbing hand of local officials to collect large amounts of pension and other social insurance revenue and compels redistribution of these revenues to urban pensioners a crucial political constituency More broadly *Socialist Insecurity* shows that the inequalities of welfare policy put China in the same quandary as other large uneven developers countries that have succeeded in achieving rapid growth but with growing economic inequalities While most explanations of the formation and expansion of welfare states are derived from experience in today's mature welfare systems developing countries such as China Frazier argues provide new terrain to explore how welfare programs evolve who drives the process and who sees the greatest benefit      *China's Governmentalities* Elaine Jeffreys, 2009-09-10 Contributes to emerging studies of governmentality in non western and non liberal settings by showing how neoliberal discourses on governance development education the environment community religion and sexual health have been raised in other contexts This book opens discussions of governmentality to other worlds and the global politics of the present      **Justice** Flora Sapio, Susan Trevaskes, Sarah Biddulph, Elisa Nesossi, 2017-07-27 A conceptual based analysis of China's legal and justice systems and their social and political impact in the twenty first century      **The Chinese Worker After Socialism** William Hurst, 2009-03-05 This fascinating study considers the fate of 35 million workers laid off from the state owned sector in China      **A New Deal for China's Workers?** Cynthia Estlund, 2017-01-02 China's leaders aspire to the prosperity political legitimacy and stability that flowed from America's New Deal but they are irrevocably opposed to the independent trade

unions and mass mobilization that brought it about Cynthia Estlund's crisp comparative analysis makes China's labor unrest and reform legible to Western readers

Thank you unconditionally much for downloading **Contagious Capitalism Globalization And The Politics Of Labor In China**. ### **Contagious Capitalism Globalization And The Politics Of Labor In China Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Contagious Capitalism Globalization And The Politics Of Labor In China has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Contagious Capitalism Globalization And The Politics Of Labor In China has opened up a world of possibilities. Downloading Contagious Capitalism Globalization And The Politics Of Labor In China provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Contagious Capitalism Globalization And The Politics Of Labor In China has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Contagious Capitalism Globalization And The Politics Of Labor In China. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Contagious Capitalism Globalization And The Politics Of Labor In China. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When

downloading Contagious Capitalism Globalization And The Politics Of Labor In China, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Contagious Capitalism Globalization And The Politics Of Labor In China has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Contagious Capitalism Globalization And The Politics Of Labor In China Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Contagious Capitalism Globalization And The Politics Of Labor In China is one of the best book in our library for free trial. We provide copy of Contagious Capitalism Globalization And The Politics Of Labor In China in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Contagious Capitalism Globalization And The Politics Of Labor In China. Where to download Contagious Capitalism Globalization And The Politics Of Labor In China online for free? Are you looking for Contagious Capitalism Globalization And The Politics Of Labor In China PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Contagious Capitalism Globalization And The Politics Of Labor In China. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly

help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Contagious Capitalism Globalization And The Politics Of Labor In China are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Contagious Capitalism Globalization And The Politics Of Labor In China. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Contagious Capitalism Globalization And The Politics Of Labor In China To get started finding Contagious Capitalism Globalization And The Politics Of Labor In China, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Contagious Capitalism Globalization And The Politics Of Labor In China So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Contagious Capitalism Globalization And The Politics Of Labor In China. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Contagious Capitalism Globalization And The Politics Of Labor In China, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop.
