Contemplative Life:

Active Life and Contemplative Life Mary Elizabeth Mason, 1961 Remain In Me Andreas Schmidt, 2017-03-31 Saint Paul's command to Pray without ceasing 1 Thess 5:17 can seem impossible for the average Christian living in the middle of this hectic contemporary world. Yet his words are intended as much for those of his time as those of today and as much for those who labor at home or in the office as for those in monasteries. Indeed the Catechism of the Catholic Church professes the contemplative life or in other words a life of constant prayer as both necessary and attainable. With a strong foundation in Church teaching and woven throughout with the classic wisdom of the saints, *Remain in Me* is an accessible guide to a timeless call. Beginning with a careful outline of what is required to build the contemplative life both in specified prayer times and in everyday tasks, Father Andreas Schmidt confronts the most common difficulties in personal prayer and explores the fruits of contemplation: growth in holiness, a more powerful experience of the Sacraments, increased success in work and ultimately a closer and more intimate relationship with God.

Julianus Pomerius, the Contemplative Life Julianus Pomerius, 1947. Written around the end of the fifth century or the beginning of the sixth, this work composed at the urgent request of a bishop is an expression of the ideals of the contemplative and the active life, supplemented by a discussion of the vices and the virtues.

Discerning Vocations to the Apostolic Life, the Contemplative Life, and the Eremitic Life Marie Theresa Coombs, Francis Kelly Nemeck OMI, 2018-09-25. Throughout the spiritual journey, God's love engenders within every Christian active, contemplative, and solitary inclinations. Consequently, each person wants to do some good, to have a basic receptivity to God, and at times to be alone with God. As life unfolds, God's love also calls forth within a person an overriding attraction toward one of those three orientations which in due course impels the individual toward a corresponding vocational lifestyle: an apostolic life, a contemplative life, or an eremitic life. In this book, the authors identify the core features of those three vocational lifestyles. In light of each vocational core, they then discuss an ensemble of signs and patterns that point to an authentic calling from God. This study offers wisdom and insight to those pondering the mystery of their personal vocations, to those discerning their vocational direction, and to spiritual directors, formation personnel, ecclesial leadership, and Christian educators who accompany them in their quest.

Love's Mind John S. Dunne, 1993. Do we love with a love we know or with a love we do not know? This question posed to author John S. Dunne in a dream and its answer prompts Dunne to describe in *Love's Mind* the journey one takes in contemplating and coming to know love: a journey that involves moving from the loneliness and restless longing of the human heart through spiritual friendship to the ultimate spiritual destination of love of God and union of love with God. The compass one uses on this personal journey is the way of contemplation. For Dunne, the contemplative life is a dimension of every human life and should not be limited to the monastic way of life. Instead, he considers it the missing dimension in our lives and times, times where violence has supplanted spiritual contemplation and left individuals deprived of the joy and challenge of the spiritual journey that ultimately leads to a union of love with God. As

Dunne describes this journey three features of the contemplative way of life emerge the way of words the way of music and the way of spiritual friendship He explores each with characteristic eloquence and introspection drawing on his experiences of giving spiritual retreats his presentations on violence and the contemplative life and his insights on contemplation as the missing dimension in American life In addition Dunne considers the contemplations of Aquinas Aristotle and Augustine and draws on a rich store of literary sources in harmony with his view that art literature and music point to God Ultimately his insights lead him to a vision like Augustine's of the city of God a city of the heart where contemplation takes the place of violence Love's Mind is the story of how unknowing love becomes knowing love when one comes to the realization that our being in love may be God loving in us and that our blind love may be God's unconditional love in us BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

About the Contemplative Life, Or, the Fourth Book of the Treatise Concerning Virtues Philo (of Alexandria.),1895 *Philo of Alexandria: On the Contemplative Life* Joan E. Taylor,David M. Hay,2020-11-09 On the Contemplative Life is known for its depiction of a philosophical group of Jewish men and women known as the Therapeutae Yet the reasons for their depiction have been little understood In the first commentary on the treatise in English for over 100 years the social cultural and political background of the times in which Philo lived are shown to be crucial in understanding Philo's purposes As Alexandrian Jews were vilified and attacked Philo went to Rome to present the case for his community faced with intense opposition Side stepping direct confrontation Philo here cleverly presents the Therapeutae as the pinnacle of excellence most especially in their communal meal while ridiculing his accusers in a stinging parody of a festive banquet *Summa Theologiae: Volume 46, Action and Contemplation* Jordan Aumann,2006-10-26 Paperback reissue of one volume of the English Dominicans Latin English edition of Thomas Aquinas *Summa Theologiae* **Theoria, Praxis, and the Contemplative Life After Plato and Aristotle** Thomas Bénatouïl,Mauro Bonazzi,2012-04-19 This volume deals with the appropriations criticism and transformation of Plato's and Aristotle's positions about theory practice and the contemplative life including their epistemological and metaphysical foundations from Theophrastus to the end of Antiquity including Jewish and Christian authors *Thomas Aquinas and Contemplation* Rik Van Nieuwenhove,2021 Contemplation according to Thomas Aquinas is the central goal of our life This study considers the epistemological and metaphysical foundations of the contemplative act the nature of the active and contemplative lives in light of Aquinas's Dominican calling the role of faith charity and the gifts of the Holy Spirit in contemplation and contemplation and the beatific vision Rik Van Nieuwenhove argues that Aquinas espouses a profoundly intellectual notion of contemplation in the strictly speculative sense which culminates in a non discursive moment of insight intuitus simplex In marked contrast to his contemporaries Aquinas therefore rejects a sapiential or affective brand of theology He also employs a broader notion of contemplation which can be enjoyed by all Christians in which the gifts of the Holy Spirit are of central importance Thomas Aquinas and Contemplation will appeal to readers interested in this key aspect

of Aquinas's thought Van Nieuwenhove provides a lucid account of central aspects of Aquinas's metaphysics epistemology theology and spirituality He also offers new insights into the nature of the theological discipline as Aquinas sees it and how theology relates to philosophy
