Custom Published Organized Crime:

Global Organized Crime Mitchel P. Roth, 2017-01-20 In the maelstrom of globalization and cyberspace organized crime continues to defy definition A diverse array of activities is perpetuated by criminal organizations criminal groups and associations and gangs and it is clear that one specific label is no longer adequate This book offers a uniquely global approach to organized crime and the multitude of forces that shape it in the 21st century As well as discussing definitions of and the historical roots of organized crime this book examines various forms of organized crime around the world in the US Mexico Latin America and the Caribbean Russia and Europe Asia and Africa This revised and updated new edition includes coverage of the rise of the Ndrangheta in Italy and their global expansion the impact of drug legalization on organized crime and the problem of methamphetamine organ trading money laundering and animal poaching changes in gang traditions and gangland penitentiaries the decentralization of Mexican cartels the growth of opium production in Myanmar and the drug war in Africa and the advancement of ISIS and the emergence of the Silk Road and the Dark Net This book is essential reading for students engaged in the study of global and transnational organized crime with features including chapter overviews key terms critical thinking questions and case studies

The Oxford Handbook of Organized Crime Letizia Paoli, 2014 This handbook explores organized crime which it divides into two main concepts and types the first is a set of stable organizations illegal per se or whose members systematically engage in crime and the second is a set of serious criminal activities that are typically carried out for monetary gain

Routledge Handbook of Transnational Organized Crime Felia Allum, Stan Gilmour, 2012-03-15 Transnational organized crime crosses borders challenges States exploits individuals pursues profit wrecks economies destroys civil society and ultimately weakens global democracy It is a phenomenon that is all too often misunderstood and misrepresented This handbook attempts to redress the balance by providing a fresh and interdisciplinary overview of the problems which transnational organized crime represents The innovative aspect of this handbook is not only its interdisciplinary nature but also the dialogue between international academics and practitioners that it presents The handbook seeks to provide the definitive overview of transnational organized crime including contributions from leading international scholars as well as emerging researchers The work starts by examining the origins concepts contagion and evolution of transnational organized crime and then moves on to discuss the impact governance and reactions of governments and their agencies before looking to the future of transnational organized crime and how the State will seek to respond Providing a cutting edge survey of the discipline this work will be essential reading for all those with an interest in this dangerous phenomenon

Organized Crime C. K. Gandhirajan, 2004 Study with reference to Madras India

Organized Crime and National Security in Spain Andrés de Castro, 2025-06-27 This book offers an analysis of how organized crime operates

in Spain and the security apparatus designed to contain it Organized crime is currently one of the most serious security threats facing democratic societies Despite its intense presence and the responses that states have articulated in recent decades little attention has been paid to the measurement of the effectiveness of the means adopted to combat it Thus this volume delves into this issue and performs an analysis of the police dimension of the response to organized crime in Spain Firstly this volume describes the international phenomenon of organized crime and its evolution in Spain and continues by analyzing the profile and the characteristics of the different police forces and their resources and capabilities This book then discusses the consequences of the measures at international level European Union level and local level in relation to other police forces Finally the volume addresses the legal and public policy efforts that Spanish Law Enforcement Agencies have made in supervising or regulating their own police forces which is necessary to carry out a detailed analysis of the consequences on the presence and strength of organized crime in the structures strategies and decisions that Spain adopted over the last decades As a result this book builds on and updates the previous work by international scholars and proposes an interesting methodology that can contribute to the advancement of security studies This book will be of interest to students of organized crime criminology Spanish politics and security studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Revenue and Customs Enforcement - Fraud ISBN

9781527223608 - KRAUSE Peter Krause, 2018-05-01 A general guidance aimed at those wishing to gain a basic understanding of the operational side of revenue enforcement and the criminal investigation and prosecution of revenue and customs frauds Various chapters and parts of this manual is dedicated to inter alia Revenue and Customs Administration Revenue and Customs Enforcement Civil and Criminal Investigations Criminal Prosecution Fraud within the Revenue and Customs environment Common law and Statutory offences commonly used in the United Kingdom and United States Related frameworks and offences related to Conspiracy Money Laundering and Corruption and Penalties and Punishment This manual was not written with the view to be a blue print of the law and practice surrounding criminal investigations in any one particular jurisdiction but was written with the view to point out what is common practice in most English speaking jurisdictions

An Ontology of Organized Crime Stephen Schneider, 2024-11-29 One of the most elusive pursuits in the study of organized crime is developing a definition description or conceptual model that captures its complexity diversity and ever changing nature This book takes a comprehensive approach to unraveling the intricacies and variations of organized crime providing a detailed account of its many attributes Based on a review of the theoretical literature the author has created a holistic typology essential to understanding organized crime The typology comprises 28 attributes divided into five

thematic categories associational the relationship among the offenders that leads to some discernible structure commercial revenue generating crimes operational support functions and expenditures institutional factors that sustain a criminal association and activities over time and cultural behavioral the norms values and codes of organized crime and how they affect the actions of offenders These categories are not simply used to classify the different attributes each one represents a structural pillar of an organized criminal association As a meta analytical framework the typology is the first to incorporate the foremost ways in which organized crime has been conceptualized in the literature as an association of offenders the crimes perpetrated how organized crimes are carried out and as a form of underworld governance The book also adapts the static typology into a flexible and testable conceptual model that recognizes the many variations among organized criminal associations and which can be used to determine when a group of offenders constitutes organized crime Besides their theoretical and empirical purposes the typology and conceptual model have been constructed as applied frameworks for informing strategic enforcement setting priorities tactical enforcement targeting and denigrating the structural pillars of an organized criminal association and policy purposes as a basis for a comprehensive multi sectoral control plan This book is invaluable for students and scholars studying organized crime as well as criminal justice professionals looking for guidance on enforcement strategies and public policies

Migrant Smuggling: Illegal Migration and Organised Crime in Australia and the Asia Pacific Region Andreas Schloenhardt, 2021-10-25 The subject of this volume is the phenomenon commonly known as migrant smuggling the criminal offence of illegally transporting migrants across international borders This study provides a comprehensive analysis of migrant smuggling in Australia and the Asia Pacific region in its different aspects and dimensions It examines the nature characteristics and magnitude the causes conditions and consequences of migrant smuggling and the inadequacies of existing policies and legislation It compiles reviews and analyses existing and proposed legislation at national regional and international levels It forwards a set of specific proposals that can be woven into a coherent and comprehensive strategy to prevent and combat illegal migration and organised crime in Australia and the Asia Pacific region more effectively in the 21st century

The Disruption of International Organised Crime Angela Veng Mei Leong, 2016-03-16 Analyzing the structures of transnational organized crime this book considers whether traditional mechanisms and national jurisdictions can tackle this increasing menace Highlighting the strengths and weaknesses in the present methods of control the book discusses the possibilities of developing more effective national and international strategies the creation of non legal mechanisms outside the traditional criminal justice system and the implications of disruption strategies The roles of law enforcement officers tax investigators financial intelligence officers compliance officers lawyers and accountants in enforcing both civil and criminal sanctions on organized crime are also considered
