Customs Modernization Handbook:

Customs Modernization Handbook Luc De Wulf, Jose B. Sokol, 2005-01-03 Trade integration contributes substantially to economic development and poverty alleviation In recent years much progress was made to liberalize the trade regime but customs procedures are often still complex costly and non transparent This situation leads to misallocation of resources Customs Modernization Handbook provides an overview of the key elements of a successful customs modernization strategy and draws lessons from a number of successful customs reforms as well as from customs reform projects that have been undertaken by the World Bank It describes a number of key import procedures that have proved particularly troublesome for customs administrations and traders and provides practical guidelines to enhance their efficiency The Handbook also reviews the appropriate legal framework for customs operations as well as strategies to combat corruption **Customs**

Modernization Initiatives Luc De Wulf, José B. Sokol, 2004 A companion to the Customs Modernization Handbook this book provides case studies on customs modernization initiatives in seven countries Bolivia Morocco Mozambique Peru the Philippines Turkey and Uganda The initiatives in each of these countries show similarities as well as differences in their approach and design Some have relied on a model of independent revenue authorities Uganda and Peru others have called upon private sector service providers to initiate the modernization process Mozambique others have taken the drastic step of a complete overhaul of their customs staff Bolivia and Mozambique others introduced new information technology to streamline customs processes and to integrate other members of the trading community into an electronic network Ghana while still others have approached the modernization process as a pragmatic well focused result oriented process **US**

And Trade Facilitation Jean-Christophe Maur,2008 Abstract This paper investigates when trade facilitation reform should be undertaken at the regional level First looking at both efficiency and implementation considerations it confirms the perception that the regional dimension matters Investigating where efficiency gains can be made this research explains why national markets alone fail to produce the full scale economies and positive externalities of trade facilitation reform Second because trade facilitation policies need to address coordination and capacity failures and because of the operational complexity challenge the choice of the adequate platform for delivering reform is crucial The lessons are that regional trade agreements offer good prospects of comprehensive and effective reform and can effectively complement multilateral and national initiatives However examples of implementation of trade facilitation reform in regional agreements do not seem to indicate that regional integration approaches have been more successful than trade facilitation through specific cooperation agreements or other efforts multilateral or unilateral Customs unions may be an exception here and the author suggests reasons why this could be the case World Trade Organisation Ed. K.R. Gupta,2006 The Book Consists Of Three Volumes

The First Two Volumes Include Complete Text Of The World Trade Organisation Wto The Third Volume Includes The Ministerial Declarations And Other Important Documents Of All The Ministerial Conferences Which Have Been Held At Hong Kong Canc n Doha Seattle Geneva And Singapore The Third Volume Also Includes A Detailed Chapter On India And The Wto It Is Hoped That The Book In Its Present Form Would Be Found Useful By The Researchers And Students Of International Economics And International Law Business Executives Government Officers Concerned With Formulation And Execution Of Economic Policies Parliamentarians And The Common People Interested In World Economic Affairs The Many Faces of Corruption J.
