Cut And Run The Assault On Canadas Forest:

Cut and Run Jamie Swift,1983 **Temagami's Tangled Wild** Jocelyn Thorpe,2012-02-03 *Temagami s Tangled Wild* traces the processes and power relationships through which the Temagami area of northeastern Ontario has become emblematic of Canadian wilderness In this sophisticated analysis Jocelyn Thorpe uncovers how struggles over meaning racialized and gendered identities and land have made Temagami a site of wild Canadian nature Despite the fact that the Teme Augama Anishnabai have for many generations understood the region as their homeland rather than as a wilderness the forestry and tourism industries as well as Canadian law have refused to acknowledge this claim Instead the concept of wilderness has been employed to aid in Aboriginal dispossession and to create a home for non Aboriginal Canadians on Native land An eloquent critique and engaging history *Temagami s Tangled Wild* challenges readers to acknowledge how colonial relations are embedded in our notions of wilderness and to reconsider our understanding of the wilderness ideal

In the Power of the Government Mark Kuhlberg,2015 *The Future Use of Nordic Forests* Erik Westholm,Karin Beland Lindahl,Florian Kraxner,2015-02-16 Diverse as they are in their histories and in the organization of their forest sectors most Nordic countries have this in common their economies and cultures are substantially based on the utilization of various forest resources This book explores Nordic forest futures and presents research results that form part of a scientific foundation for considering how to balance the functions of forests It is particularly concerned with global trends that may affect the future use of boreal forests Chapters investigate inter alia the growing world population and the expected economic growth in countries with huge populations and assess the resulting pressure on all land based resources Authors examine the urgent need for solutions to the energy crisis consider worrying climate scenarios and provide a global outlook on bioenergy futures Readers will discover how these developments will and must influence long term strategic decisions on the future use of Nordic forests The challenges and possible responses for future forest governance and forestry issues emerge as the chapters go on to consider the multiple pressures in particular on the Swedish Forestry Model among other themes By bringing together a distinguished group of internationally renowned scientists representing a diverse set of disciplines covering political science geography rural development forest economics history and geo sciences this book constitutes an exceptionally profound and thoughtful futures study Alexander Buck Executive Director International Union of Forest Research Organizations IUFRO On the Job Craig Heron,1986-01-01 The essays in this volume enhance our understanding of Canadians on the job Focusing on specific industries and kinds of work from logging and longshoring to restaurant work and the needle trades the contributors consider such issues as job skill mass production and the transformation of resource industries They raise questions about how particular jobs are structured and changed over time the role of workers resistance and trade unions in shaping the lives of workers and the impact of technology Together these essays clarify a fundamental characteristic shared by all labour processes they are shaped and conditioned by the social economic and

political struggles of labour and capital both inside and outside the workplace They argue that technological change as well as all the transformations in the workplace must become a social process that we all control **Canadian Forest Policy**

Michael Howlett,2001-01-01 Arguing that the complexity of policy making in the forest sector has led many analysts to focus exclusively on specific sectoral activities or jurisdictions this collection of essays offers a simplifying framework of analysis

American Forests Char Miller,1997 American Forests is an interdisciplinary collection of essays that explore the impact of forestry on natural and human landscapes since the mid nineteenth century It has two main goals to present some of the most compelling arguments that have guided our understanding of the complex and evolving relationship between trees and people in the United States and to point out those aspects of this tangled interaction that we have yet fully to understand or to articulate Preface ix *General Technical Report PNW-GTR* ,1995 *Monthly Alert* BLM Library (U.S.), Canadian

Forest Industries ,2004 **Ecological Sustainability and Integrity: Concepts and Approaches** J. Lemons,L.

Westra,Robert Goodland,2013-04-17 This book follows upon earlier work which culminated in the publication of two recent books Sustainable Development Science Ethics and Public Policy John Lemons and Donald A Brown editors and Perspectives on Ecological Integrity Laura Westra and John Lemons editors Both of these books also were published by Kluwer Academic Publishers In this book we seek to explore more fully the concepts of sustainability and ecological integrity as well as the connections between them We have divided chapters into three groups In the first the concept of sustainability in relation to science law and ethics is explored In the second concepts of sustainability and ecological integrity are applied to problems in specific natural resources Finally in the third group we examine possible approaches to public policy which might include concepts of sustainability and ecological integrity Overall we believe that this collection presents a wide variety of perspectives discussions and case studies John Lemons Laura Westra Robert Goodland Editors ix CONTENTS PART I

Sustainability in Relation to Science Law and Ethics Chapter 1 The Concept of Sustainability A Critical Approach Lynton K Caldwell 1 Problems of Definition 2 2 Behavioral Obstacles 4 3 Psychological Obstacles Seven Deadly Sins of Unsustainability 8 4 **Hard Times in Paradise** William G. Robbins,2011-07-01 Blessed with vast expanses of virgin timber a good harbor

and a San Francisco market for its lumber the Coos Bay area once dubbed itself a poor man s paradise A new Prologue and Epilogue by the author bring this story of gyppo loggers longshoremen millwrights and whistle punks into the twenty first century describing Coos Bay s transition from timber town to a retirement and tourist community where the site of a former Weyerhaeuser complex is now home to the Coquille Indian Tribe s The Mill Casino **Making Muskoka** Andrew

Watson,2022-10-15 Muskoka Now a magnet for nature tourists and wealthy cottagers the region underwent a profound transition at the turn of the twentieth century Making Muskoka traces the evolution of the region from 1870 to 1920 Over this period settler colonialism upended Anishinaabe and Haudenosaunee communities but the land was unsuited to farming and within the first generation of resettlement tourism became an integral feature of life Andrew Watson considers issues

such as rural identity tensions between large and household scale logging operations and the dramatic effects of consumer culture and the global shift toward fossil fuels on settlers ability to control the tourism economy after 1900 Making Muskoka uncovers the lived experience of rural communities shaped by tourism at a time when sustainable opportunities for a sedentary life were few on the Canadian Shield and reveals the consequences for those living there year round **Lost**

Initiatives Bloomsbury Publishing,1986-11-12 This thoroughly referenced book reveals the importance of the development of forest resources to Canadian social and economic existence Rather than presenting just a compilation of facts and figures the authors synthesize the information to make interesting observations History is revealed as a series of interactive movements by various industrial social and political groups Highly recommended for college and university collections that include forest history forest policy Canadian history and conservation history Choice Lost Initiatives surveys Canadian forestry policy since the early nineteenth century and particularly between the second American Forestry Congress held in Montreal in 1882 and 1939 The authors achieve a Canada wide perspective by including separate chapters on New Brunswick Quebec Ontario and British Columbia and offering an extensive account of federal forestry policy The latter which derives from archival research is the most original of the book s contributions Indeed the book has considerable relevance to those interested in the development of professions in Canada the book can be warmly recommended as a well documented genuinely national study that provides numerous points of departure and of context whether for a comprehensive history of Canadian forests and forest policy or for analyses of parts of a very large subject And the eloquent concluding chapter on the last forty years of forest policy could well serve as a call to arms even for those not persuaded that the previous chapters tell the real story of how we got here The Canadian Historical Review **Bibliography of Agriculture with Subject Index**

,1988-10 *Global to Local: Ecological Land Classification* Richard A. Sims,Ian G.W. Corns,Karel Klinka,2012-12-06

Ecological Land Classification ELC refers to the description of land resources at a range of spatial resolutions i e global to local and for a range of purposes or values The emerging science of ELC is in fact a very carefully integrated blend of vegetation and earth sciences climatology cartography and ecology with a range of new technologies and methodologies including computer based geographic information systems remote sensing and simulation modelling This publication defines the current state of the art of ELC It provides particular insight into the role of ELC in current and future forest resource planning and management and emphasizes its application and usefulness at various spatial scales for a variety of geographic locations and under a range of management scenarios constraints The book is an invaluable and substantial reference source about the current trends in ELC and will be of particular value to ecologists foresters geographers resource managers wildlife biologists GIS and remote sensing specialists educators and students **Against the Grain** L. Anders

Sandberg,Peter Clancy,2000 Presenting case studies of professional foresters from 1920 onwards this text reveals a rich tradition of alternative and dissenting practices combined with professional and political orthodoxies The aim is to illustrate

the public and environmental challenges that engulf contemporary forestry Ecology of a Managed Terrestrial Landscape
Ajith H. Perera, David L. Euler, Ian D. Thompson, 2011-11-01 The growing popularity of the broad landscape scale approach to forest management represents a dramatic shift from the traditional stand based focus on timber production Ecology of a Managed Terrestrial Landscape responds to the increasing need of forest policy developers planners and managers for an integrated comprehensive perspective on ecological landscapes The book examines the big picture of ecological patterns and processes through a case study of the vast managed forest region in Ontario The contributors synthesize current landscape ecological knowledge of this area and look at gaps and future research directions from several points of view spatial patterns ecological functions and processes natural disturbances and ecological responses to disturbance They also discuss the integration of landscape ecological knowledge into policies of forest management policies particularly with respect to Ontario's legislative goals of forest sustainability Ecology of a Managed Terrestrial Landscape is the first book to describe the landscape ecology of a continuously forested landscape in a comprehensive manner It is written for instructors and students in forest management wildlife ecology and landscape ecology and for forest managers planners and policy developers in North America **Ontario Geography** ,1983 Social Science In Natural Resource Management Systems Marc L Miller, Richard P Gale, Perry J Brown, 2019-07-11 This book is about the conduct and contributions of applied social science It represents the beginning of a new intellectual tradition in applied social science and its purpose is to foster an exchange among the variety of social scientists who are concerned with natural resource policy
