

FUNERAL

STANDARD OPERATING GUIDELINE

DATE APPROVED: May 2026

DATE REVISED: June 2014

I. SCOPE

This standard establishes guidelines and procedures that will ensure proper support and care for a firefighter's family after the death of a member of the fire department. These guidelines will also help ensure that proper honors are rendered.

II. OBJECTIVES

- To promote the honor and respect for the fallen firefighter
- To establish lines of authority and responsibilities during notification, funeral and burial proceedings
- To establish criteria for each type of funeral: Class I, Class II, & Class III
- To establish criteria as to whom these honors are rendered

III. CLASSIFICATIONS

Class I - A Class I death is to be considered for members of the department who are killed at the scene of an emergency incident or killed while responding to or returning from the scene of said incident. A Class I death will also include those that are injured at the scene and who later die as a result of these injuries.

Class II - A Class II death pertains to members of the department who die, but not due to injuries sustained while performing emergency activities.

Class III - A Class III death is a death occurring when a member is "off duty" and not relating to any emergency or non-emergency activities.

IV. NOTIFICATION

Line of Duty Death (Class I & II)

The Fire Chief and the Chaplain will be responsible for contacting the families of firefighters that have been killed in the line of duty. If the firefighter's next of kin are outside of the county, it is the Chief's responsibility to notify the fire or police department nearest the family, and to arrange that a uniformed officer contact the family in person.
