

- Stephen Crane was a journalist and a writer: the journalistic experience opened him up to a variety of places and people
- He was also a keen OBSERVER of psychological and social reality
- Crane explored 'the **physical, emotional and intellectual response** of people under extreme pressure'

(The Norton Anthology of Am. Lit.)

- Crane's early -and keen- sense of death (which appears in the Red Badge of Courage) probably came from his own personal experience of suffering caused by the physical inflictions which marked his life (among which lung disease)

Cylinder of Vision Milne Holton, UMI Out-of-Print Books on Demand, 1972 **Cylinder of Vision** Milne Holton, 1993

The Pluralistic Philosophy of Stephen Crane Patrick Kiaran Dooley, 1993 In spite of an extensive secondary literature that bristles with philosophical labels concerning his outlook Stephen Crane's philosophy has been virtually ignored Patrick Dooley's systematic examination of all Crane's writings novels sketches short stories news dispatches and poems whether famous or previously ignored discloses coherent but subtle metaphysical epistemological social and ethical positions Dooley provides a sustained direct discussion of Crane's philosophy and offers vivid depictions of fundamental philosophical issues

The Politics and Poetics of Journalistic Narrative Phyllis Frus, 1994-06-24 The Politics and Poetics of Journalistic Narrative investigates the textuality of all discourse arguing that the ideologically charged distinction between journalism and fiction is socially constructed rather than natural Phyllis Frus separates literariness from aesthetic definitions regarding it as a way of reading a text through its style to discover how it makes reality **Naturalism in American Fiction** John J.

Conder, 2021-03-17 In this closely reasoned study John J Conder has created a new and more vital understanding of naturalism in American literature Moving from the Hobbesian dilemma between causation and free will down through Bergson's concept of dual selves Conder defines a view of determinism so rich in possibilities that it can serve as the inspiration of literary works of astonishing variety and unite them in a single though developing naturalistic tradition in American letters At the heart of this book beyond its philosophic discussion is Conder's reading of key works in the naturalistic canon beginning with Stephen Crane's *The Open Boat* and *The Blue Hotel* The special character of determinism in Crane is Conder holds the source of his complexity and striking originality He finds a stricter determinism in Norris's *McTeague* In Dreiser however the naturalistic tradition develops toward a fusion of determinism and freedom in a single work and this fusion in a different guise operates in Dos Passos's view of self in *Manhattan Transfer* With Steinbeck's *The Grapes of Wrath* the uniting of determinism and freedom finds its fullest realization in the concept of dual selves one determined one free In Faulkner's *The Sound and the Fury* and *Absalom Absalom* the concept of the dual self appears in its most complex form The developments in the work of Steinbeck and Faulkner Conder believes bring the classic phase of American literary naturalism to a close Naturalism in American Fiction illuminates a group of major literary works and revives a theoretic consideration of naturalism It thus makes a fundamental contribution to American studies **Writing**
